Life — so they say
Is but a game and they let it
slip away

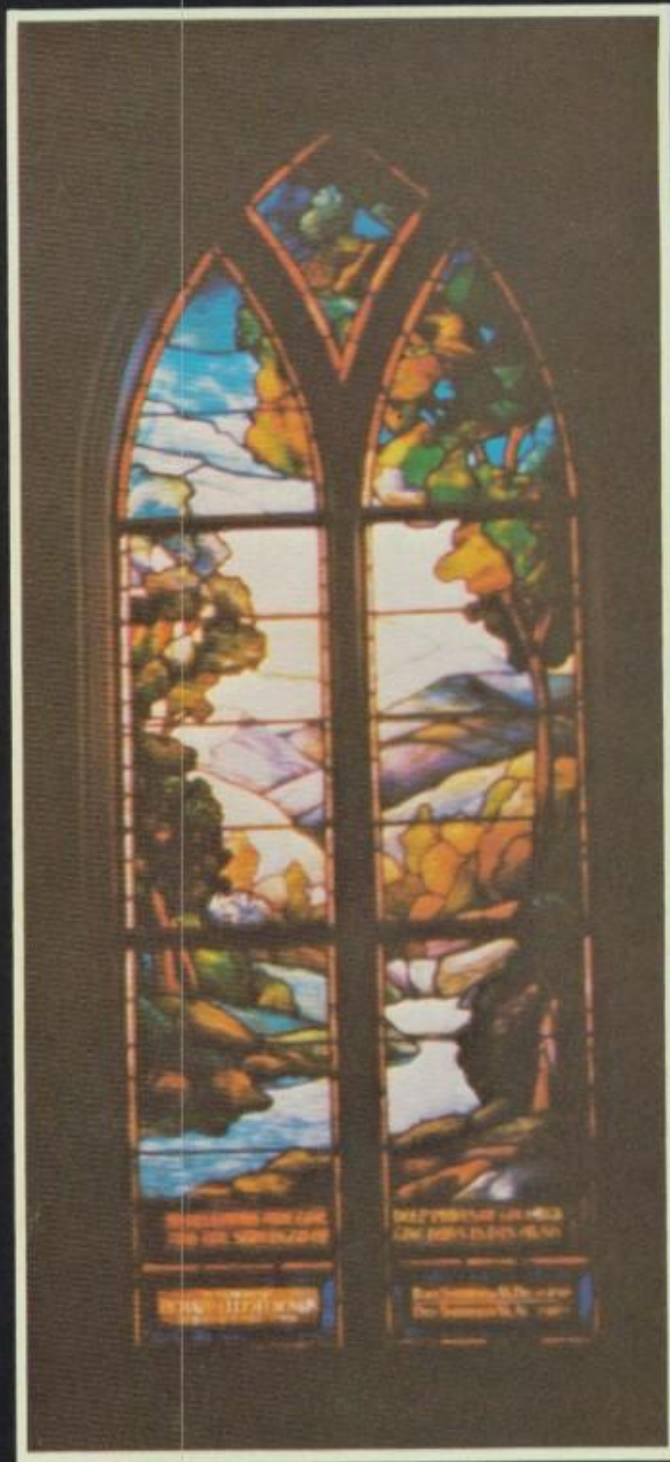

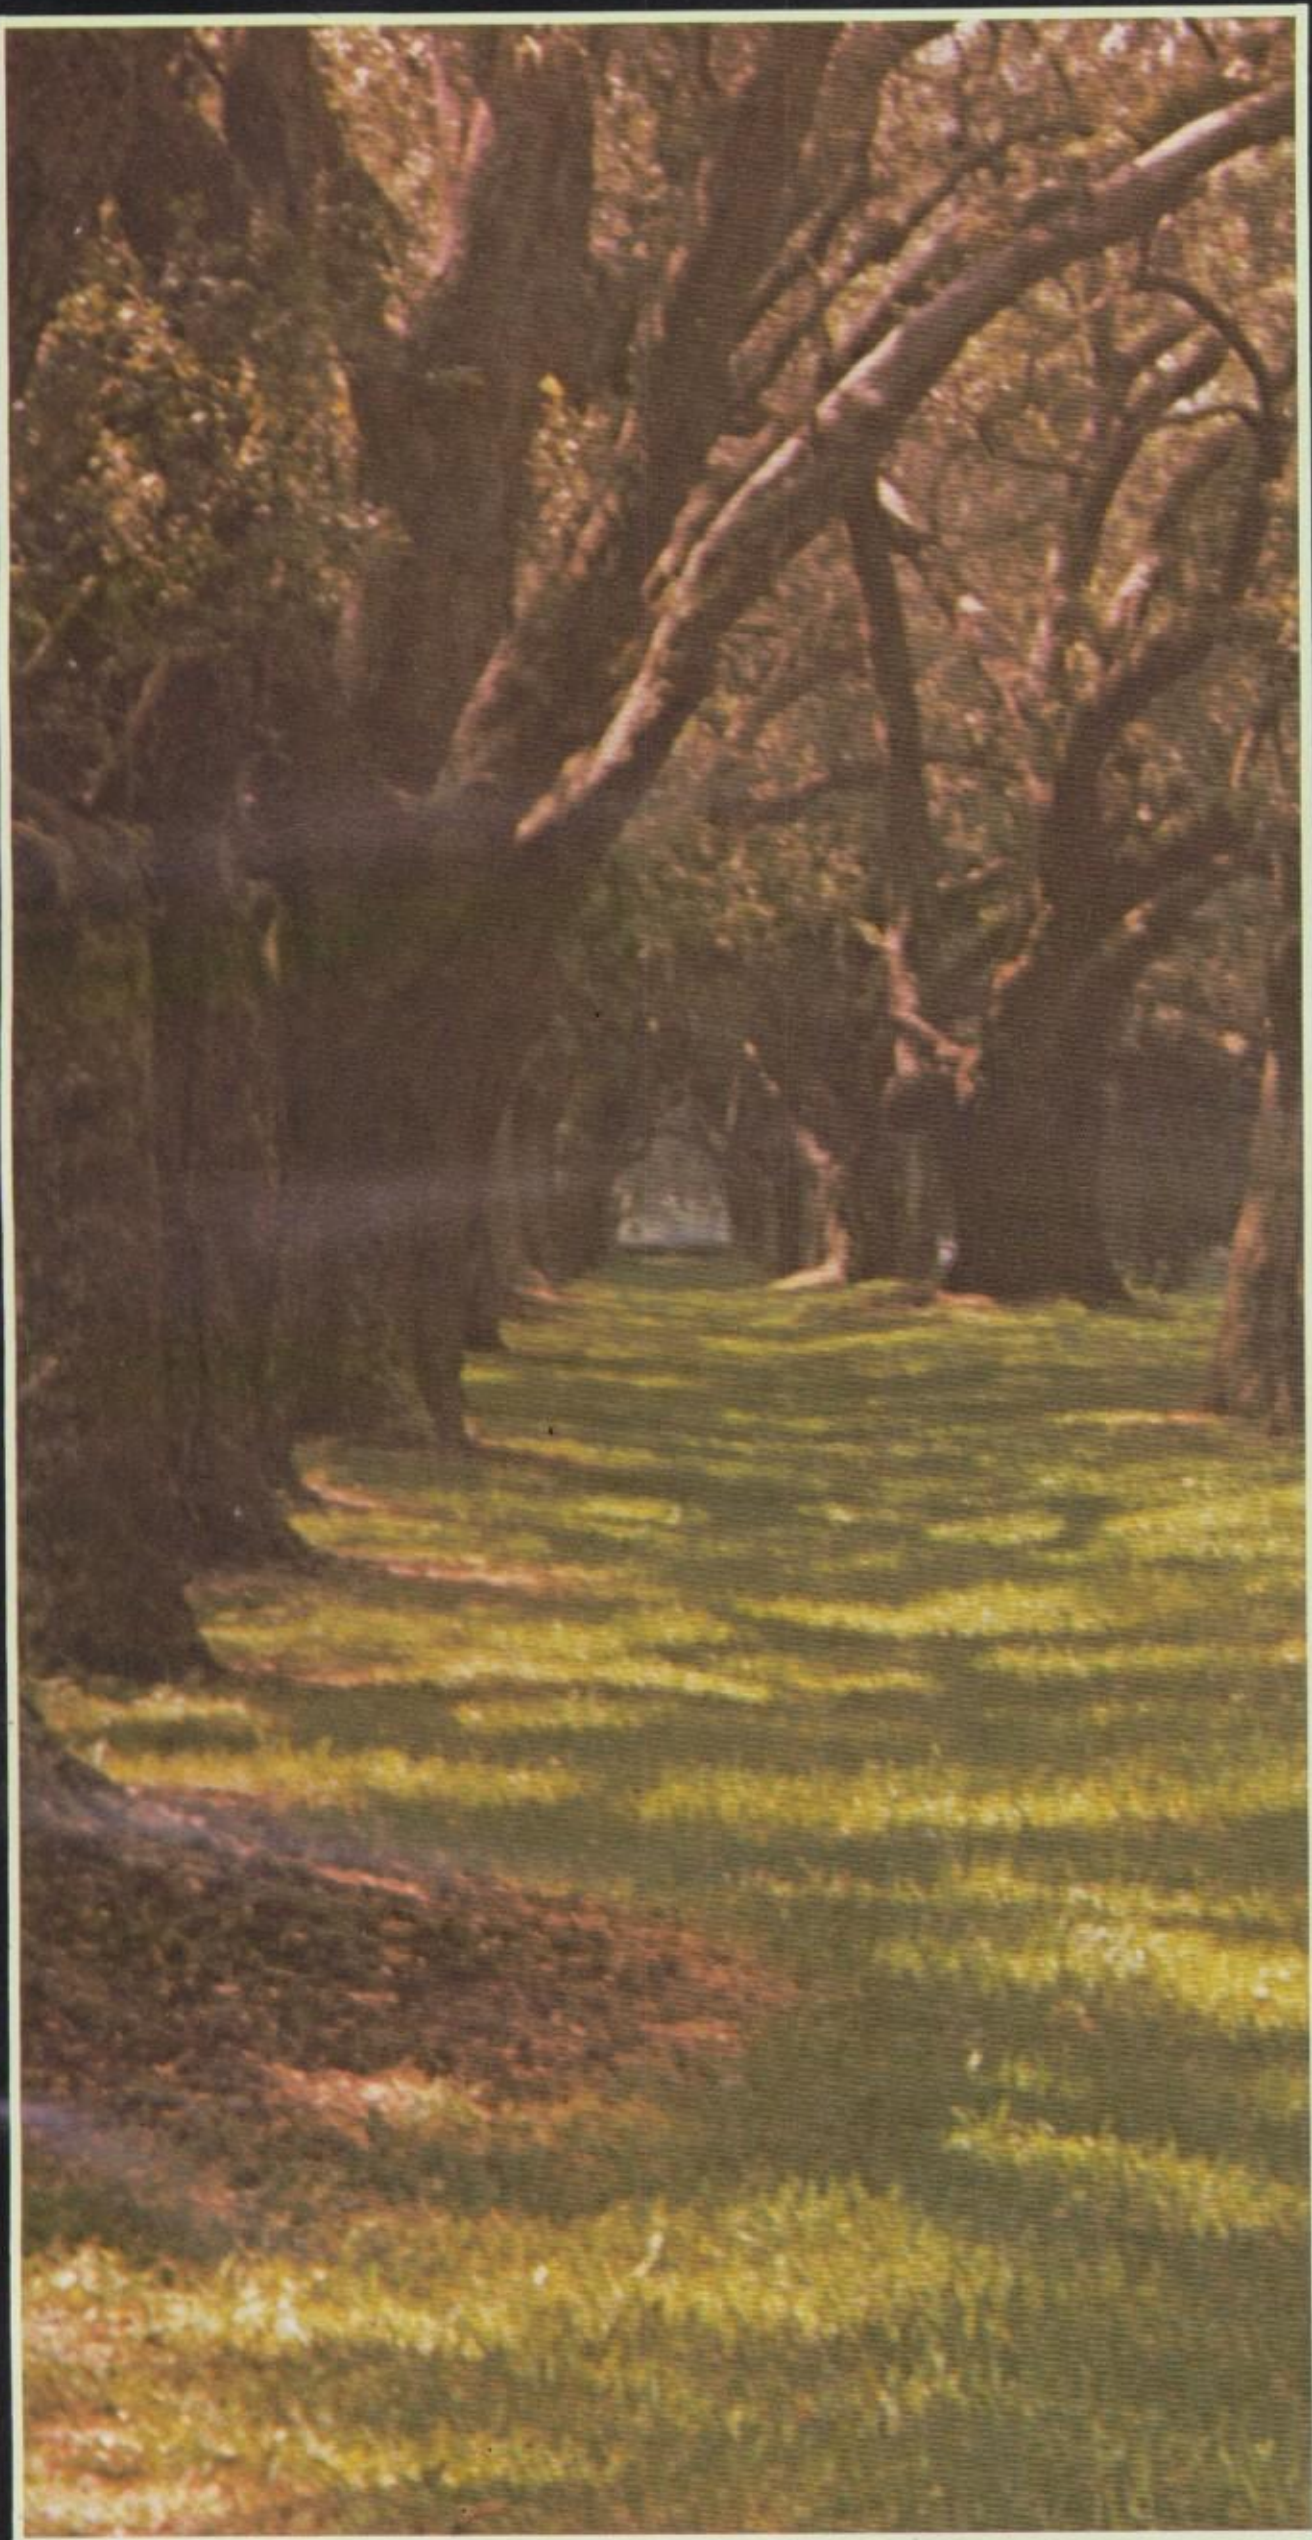

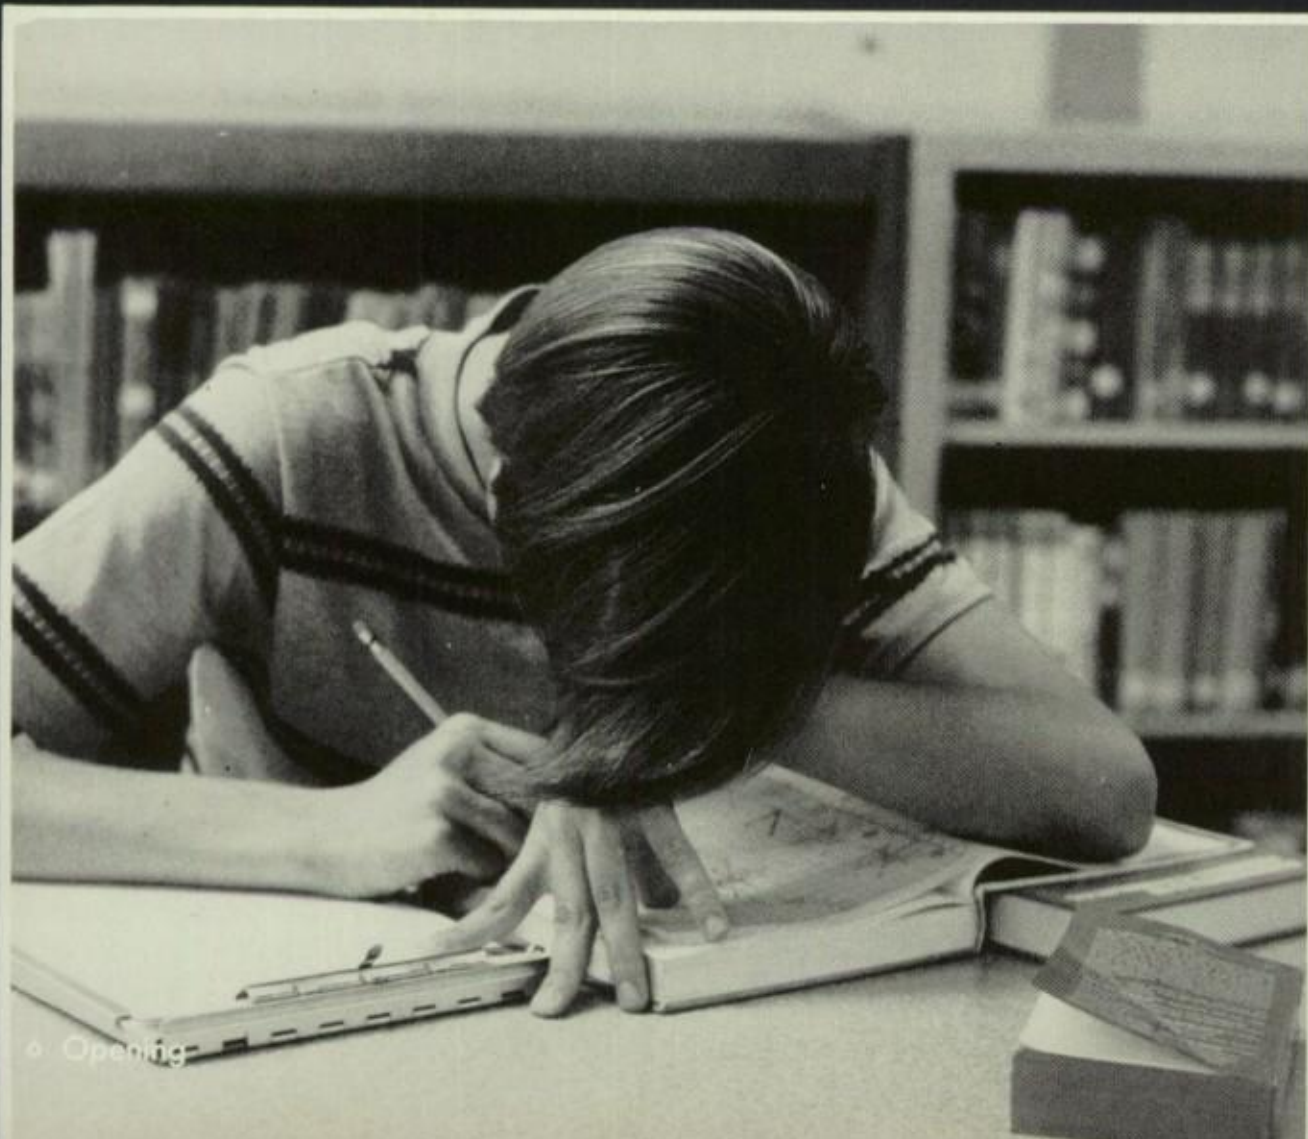

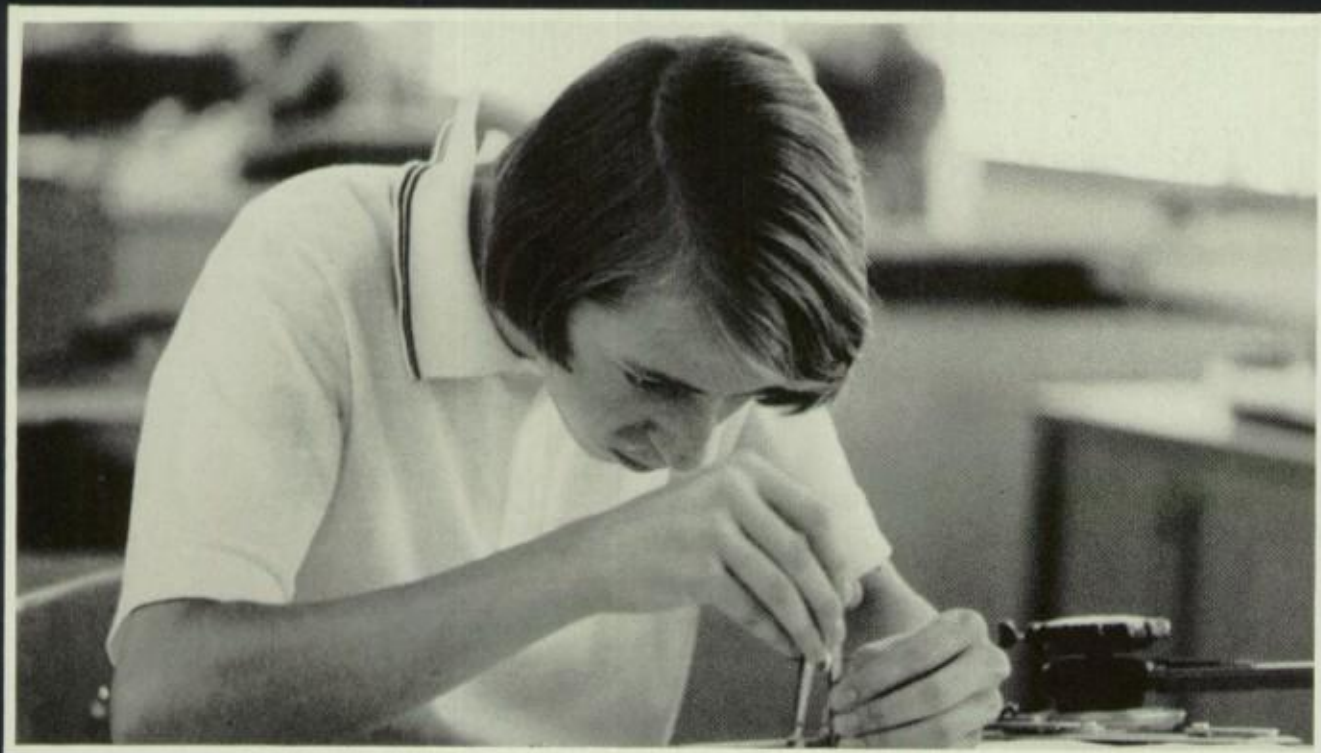

Love — like the Autumn sun
Should be dying but it's only just begun

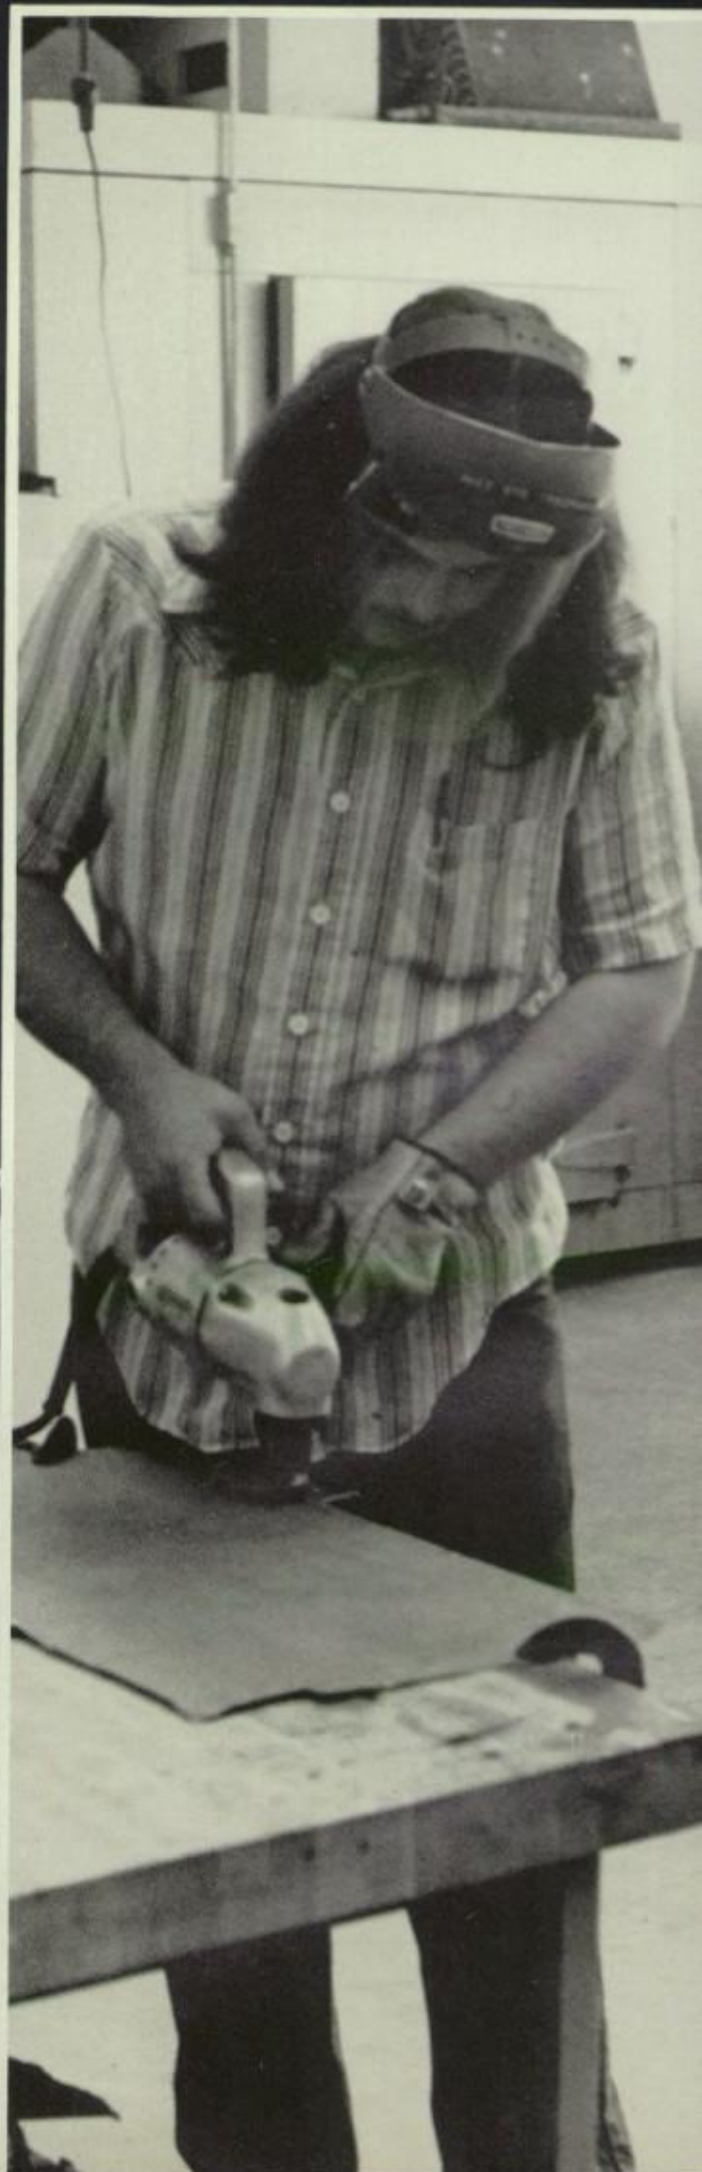

Like the twilight in the road
up ahead
They don't see just where we're goin'
And all the secrets in the universe
Whisper in our ears and all the years
will come and go
Take us up always up

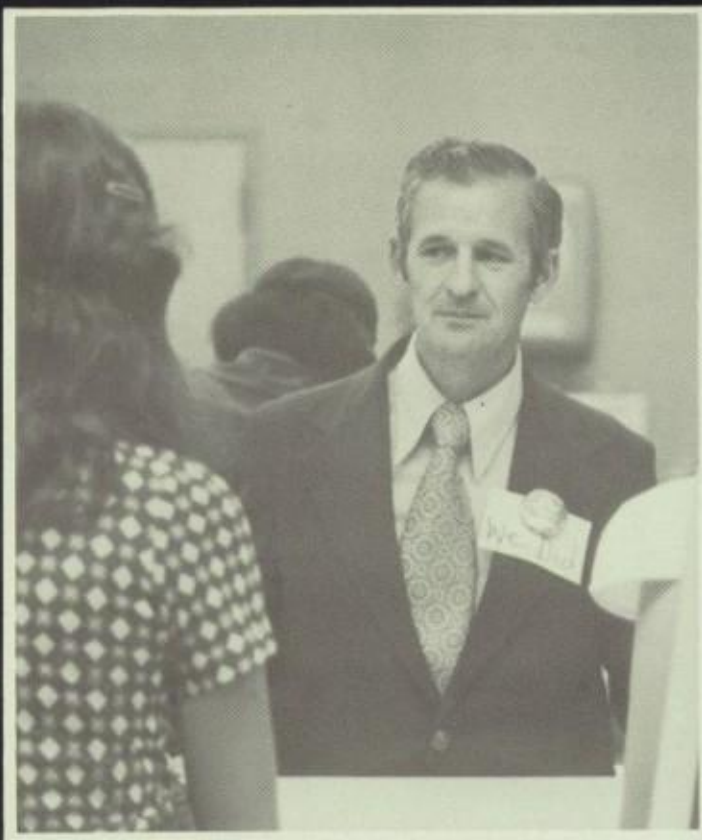

o Opening

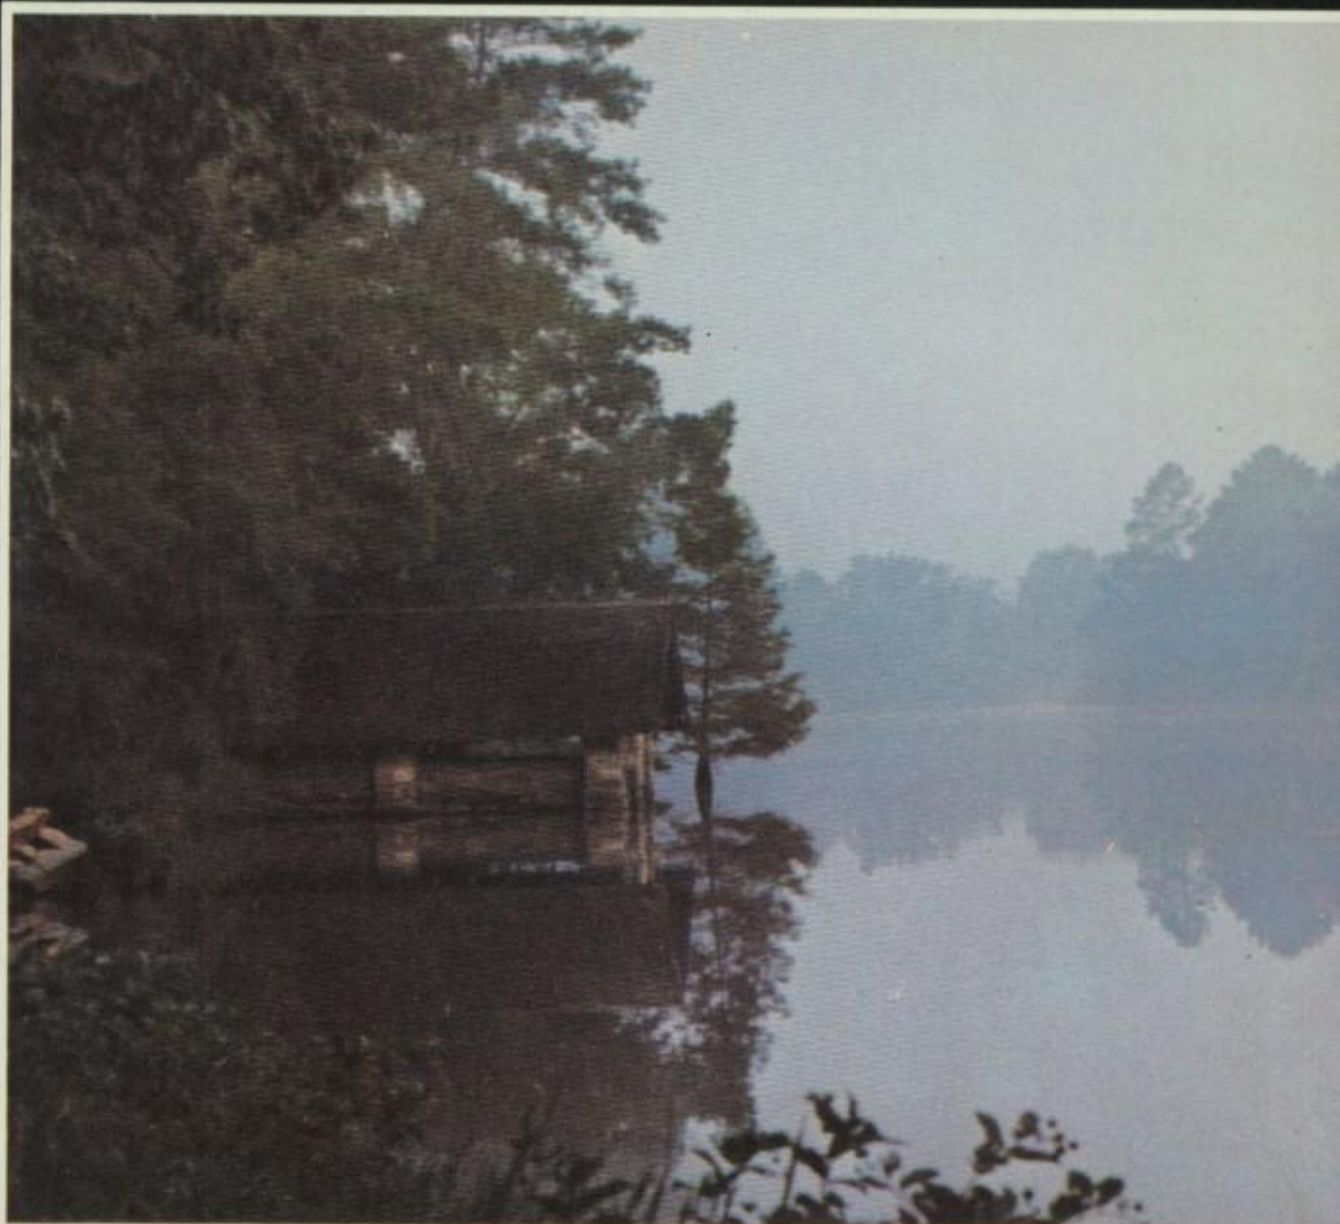

Dreams — so they say
Are for the fools and they let them slip
away
Peace — like the silent dove
Should be flyin' but it's only just begun

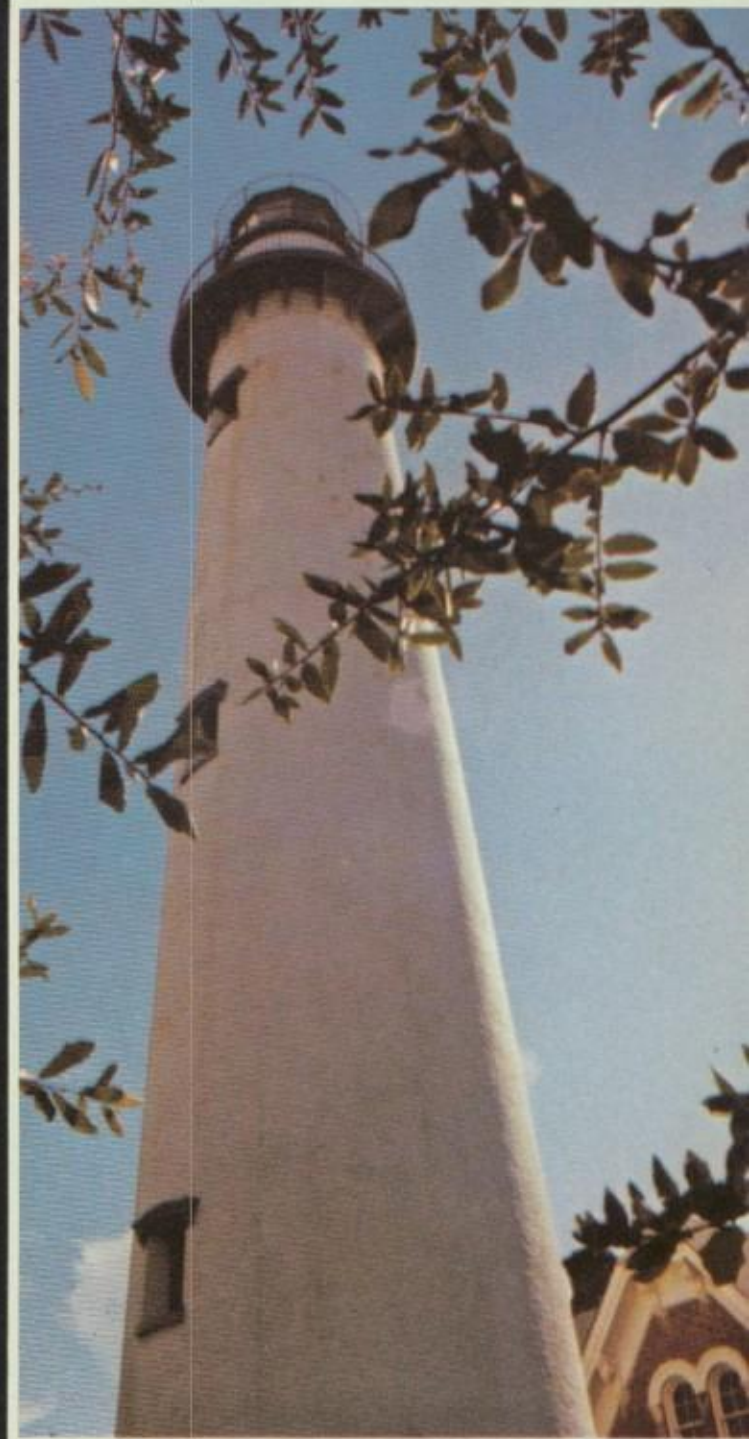

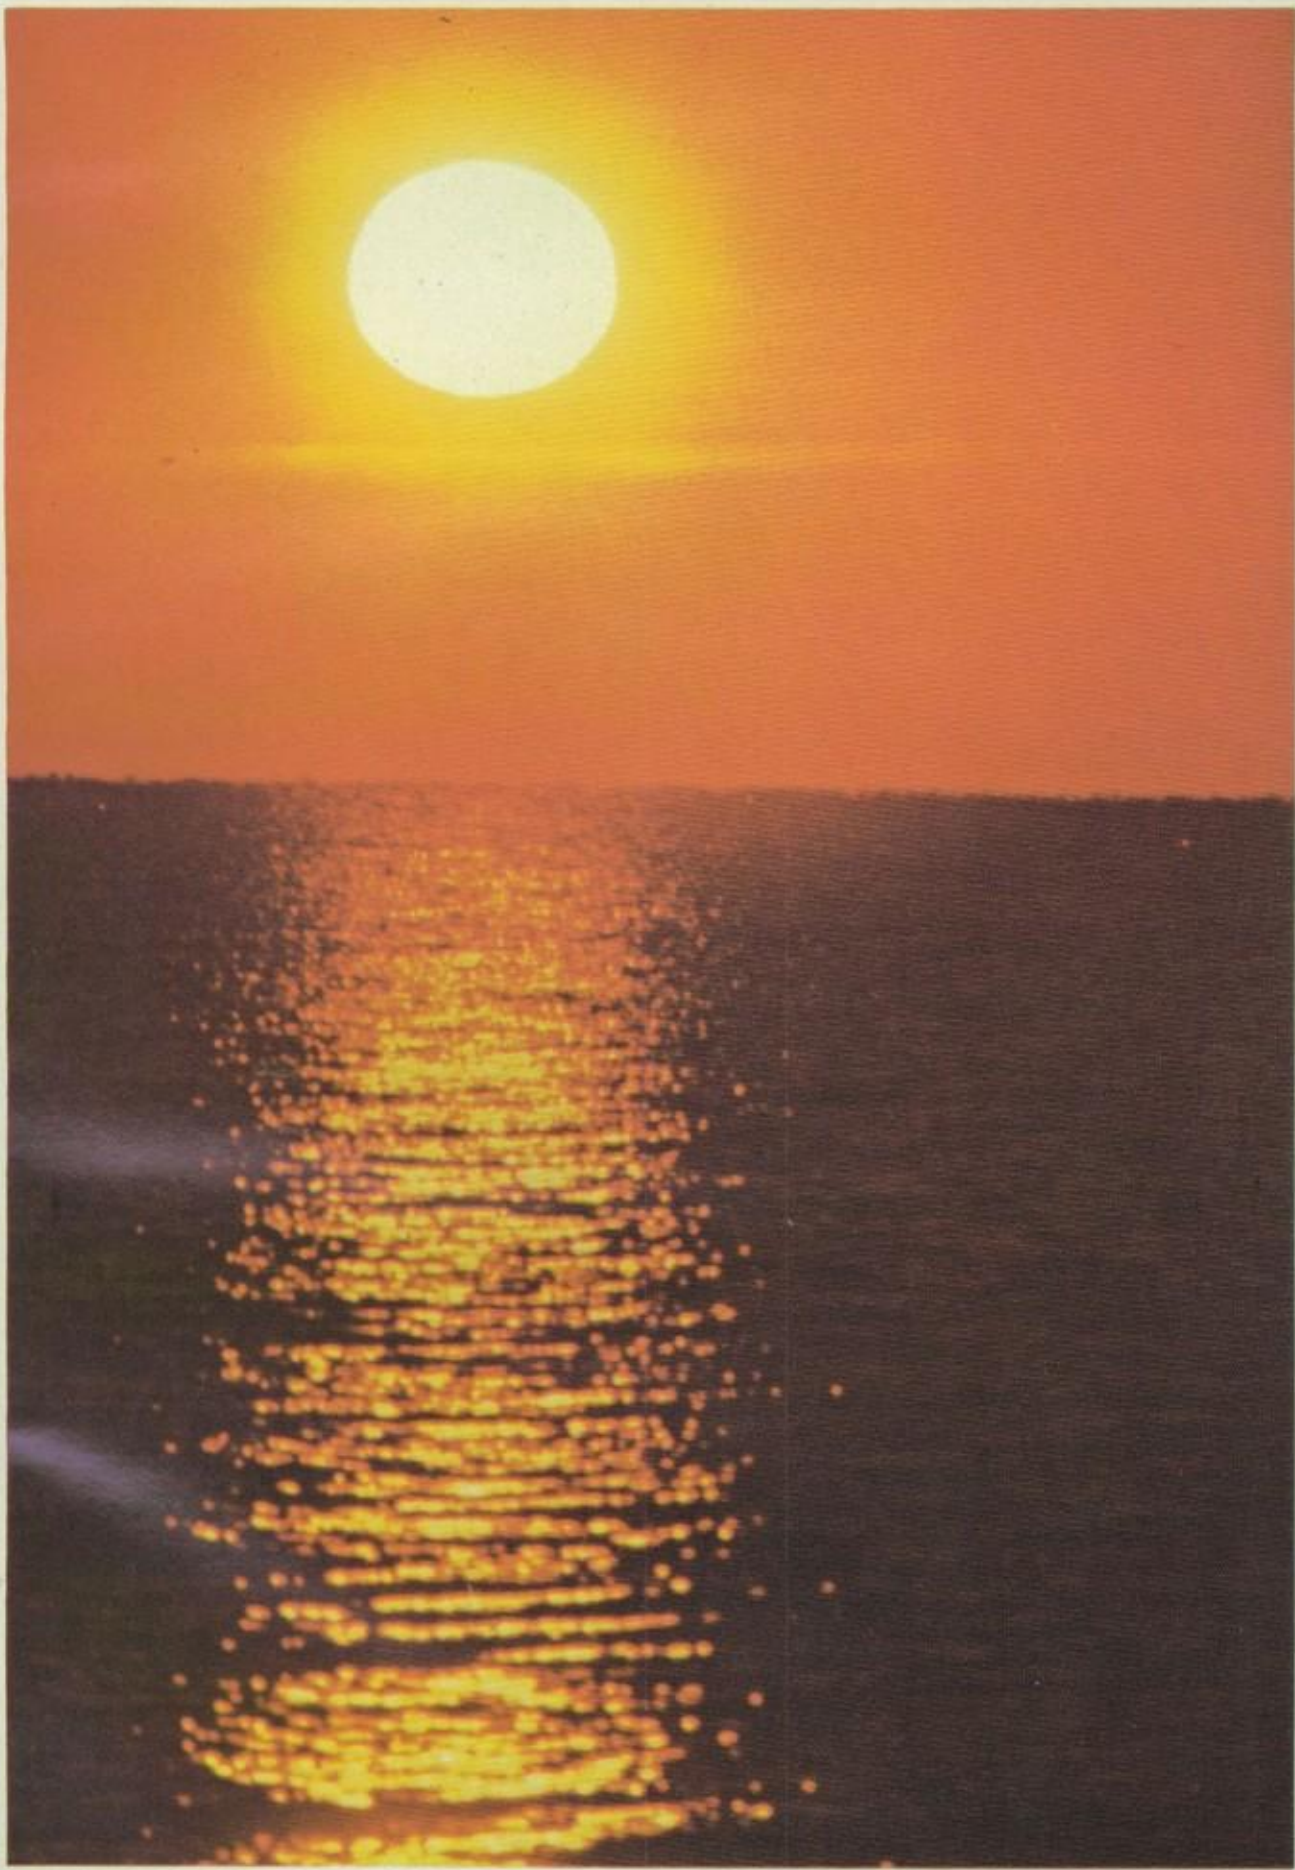

Pirates are
Poison
to Terrors !

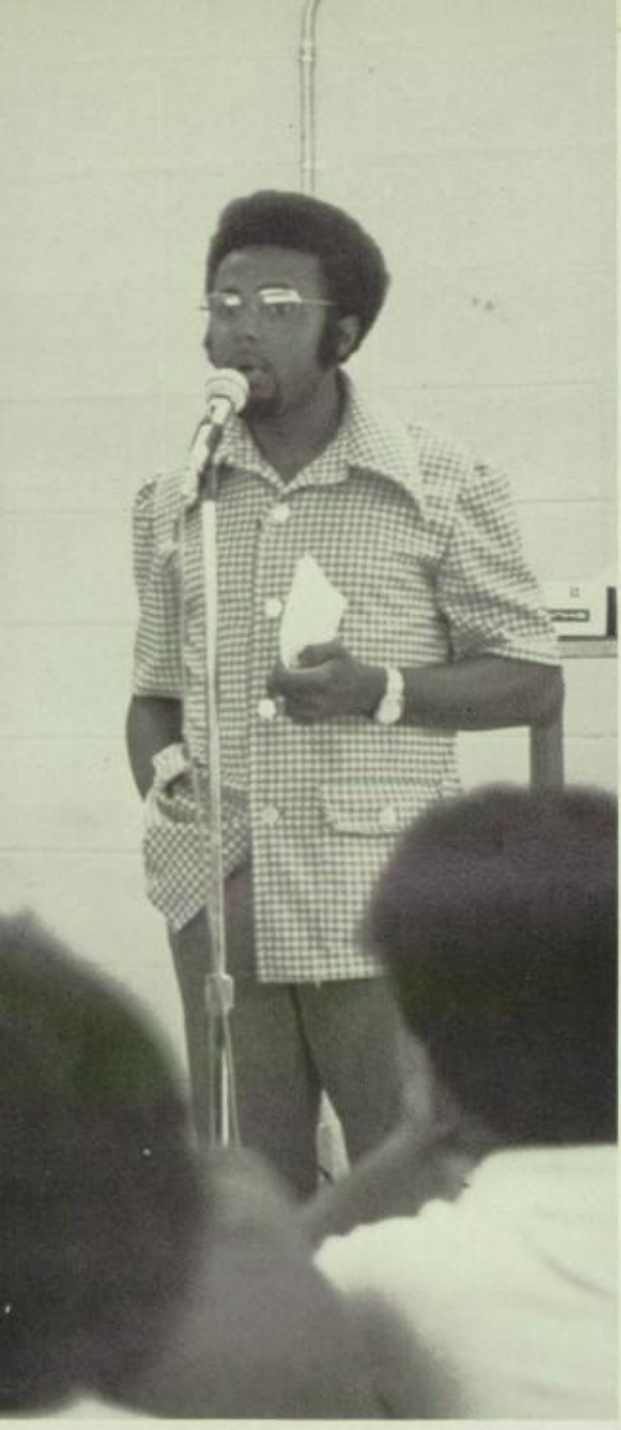

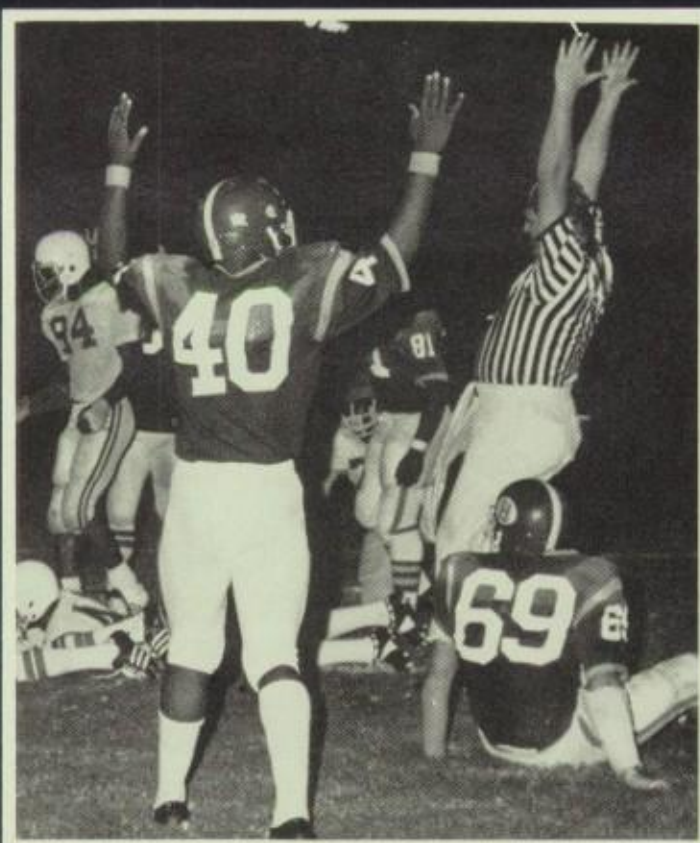

Like Columbus in the
Olden days
We must gather all our
Courage
Sail our ships out on the
Open seas

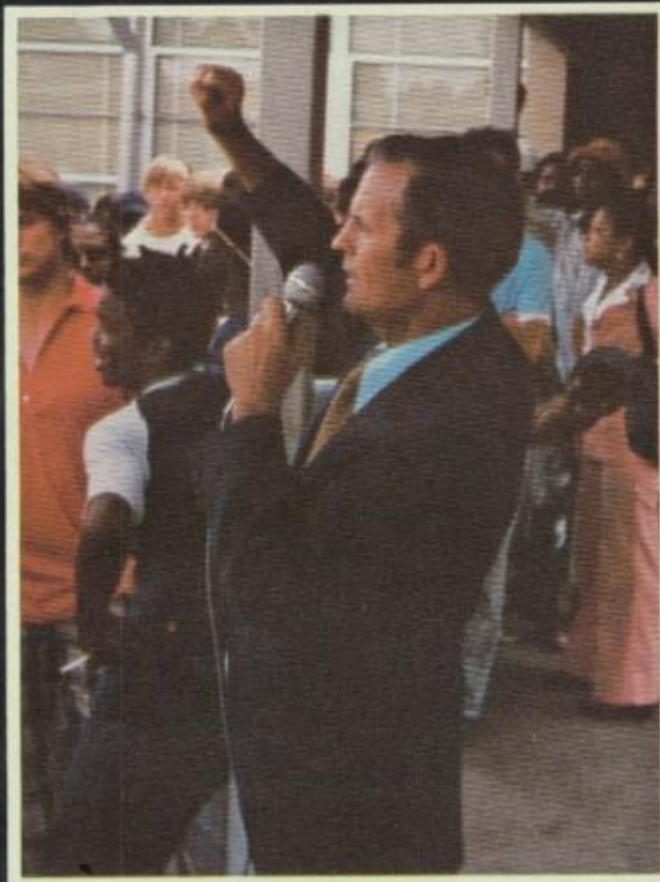

Cast away fears and all the
Years will come and go
Take us up always up

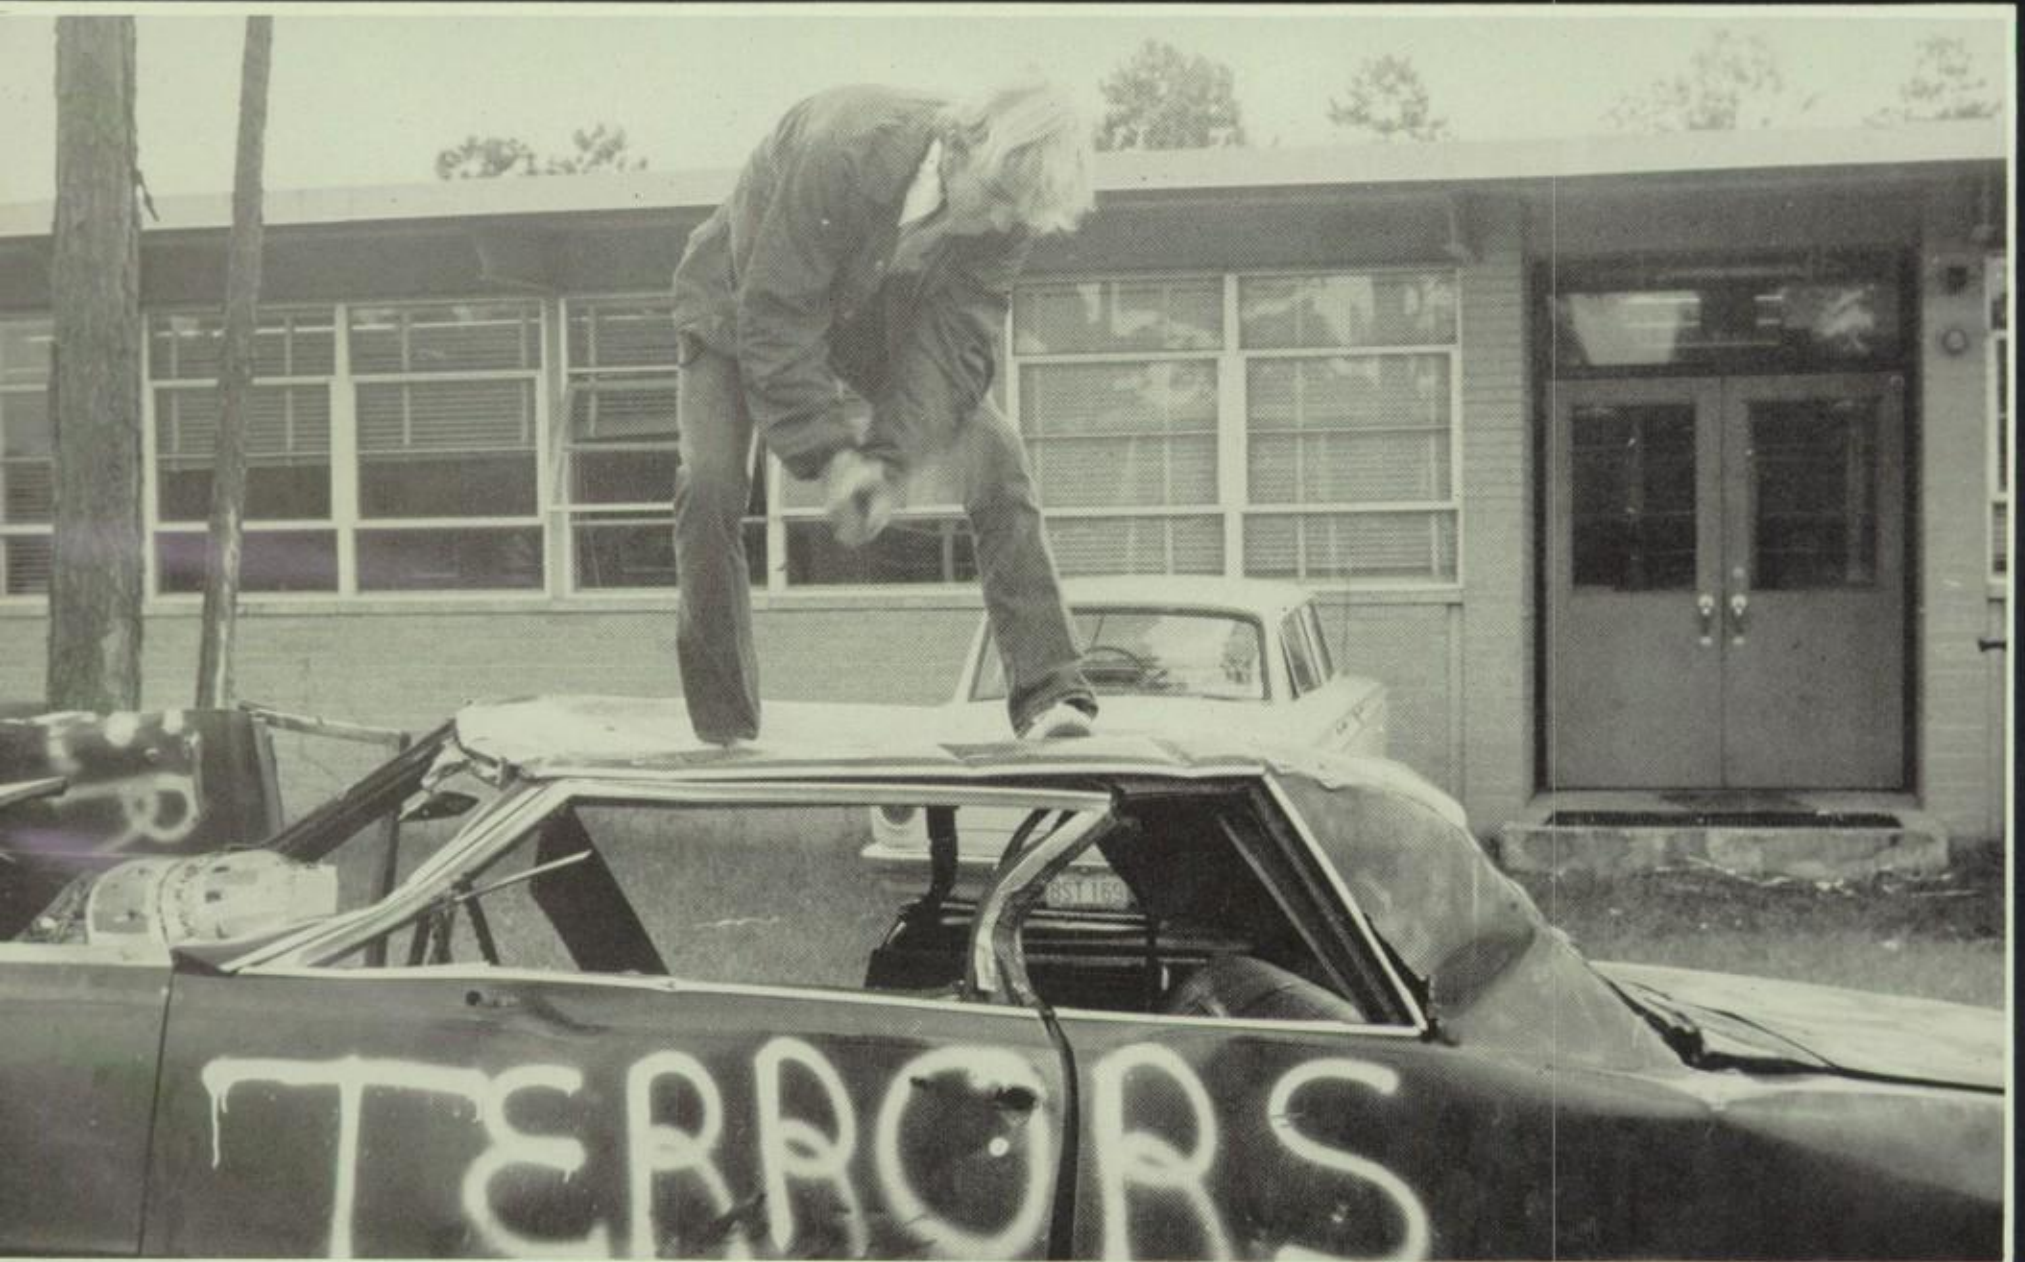

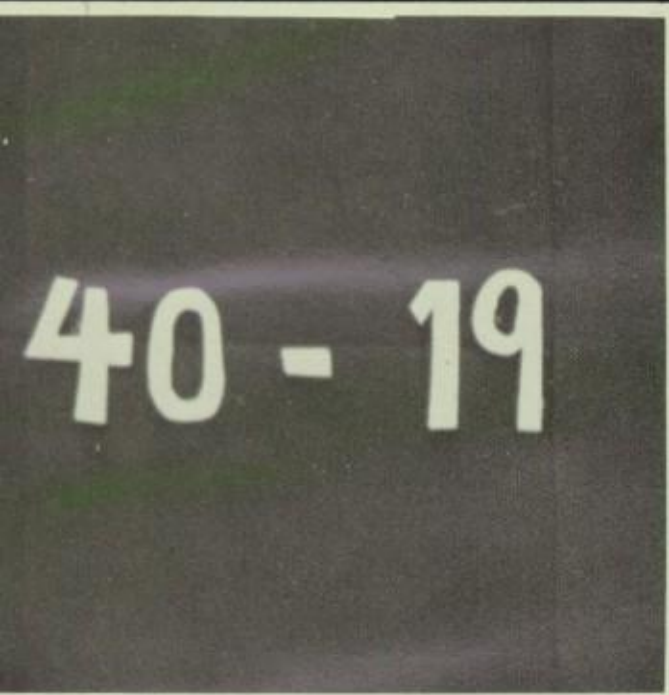

So I wanna laugh while
the laughin' is easy
I wanna cry if it makes it
worthwhile

We may never pass
this way again

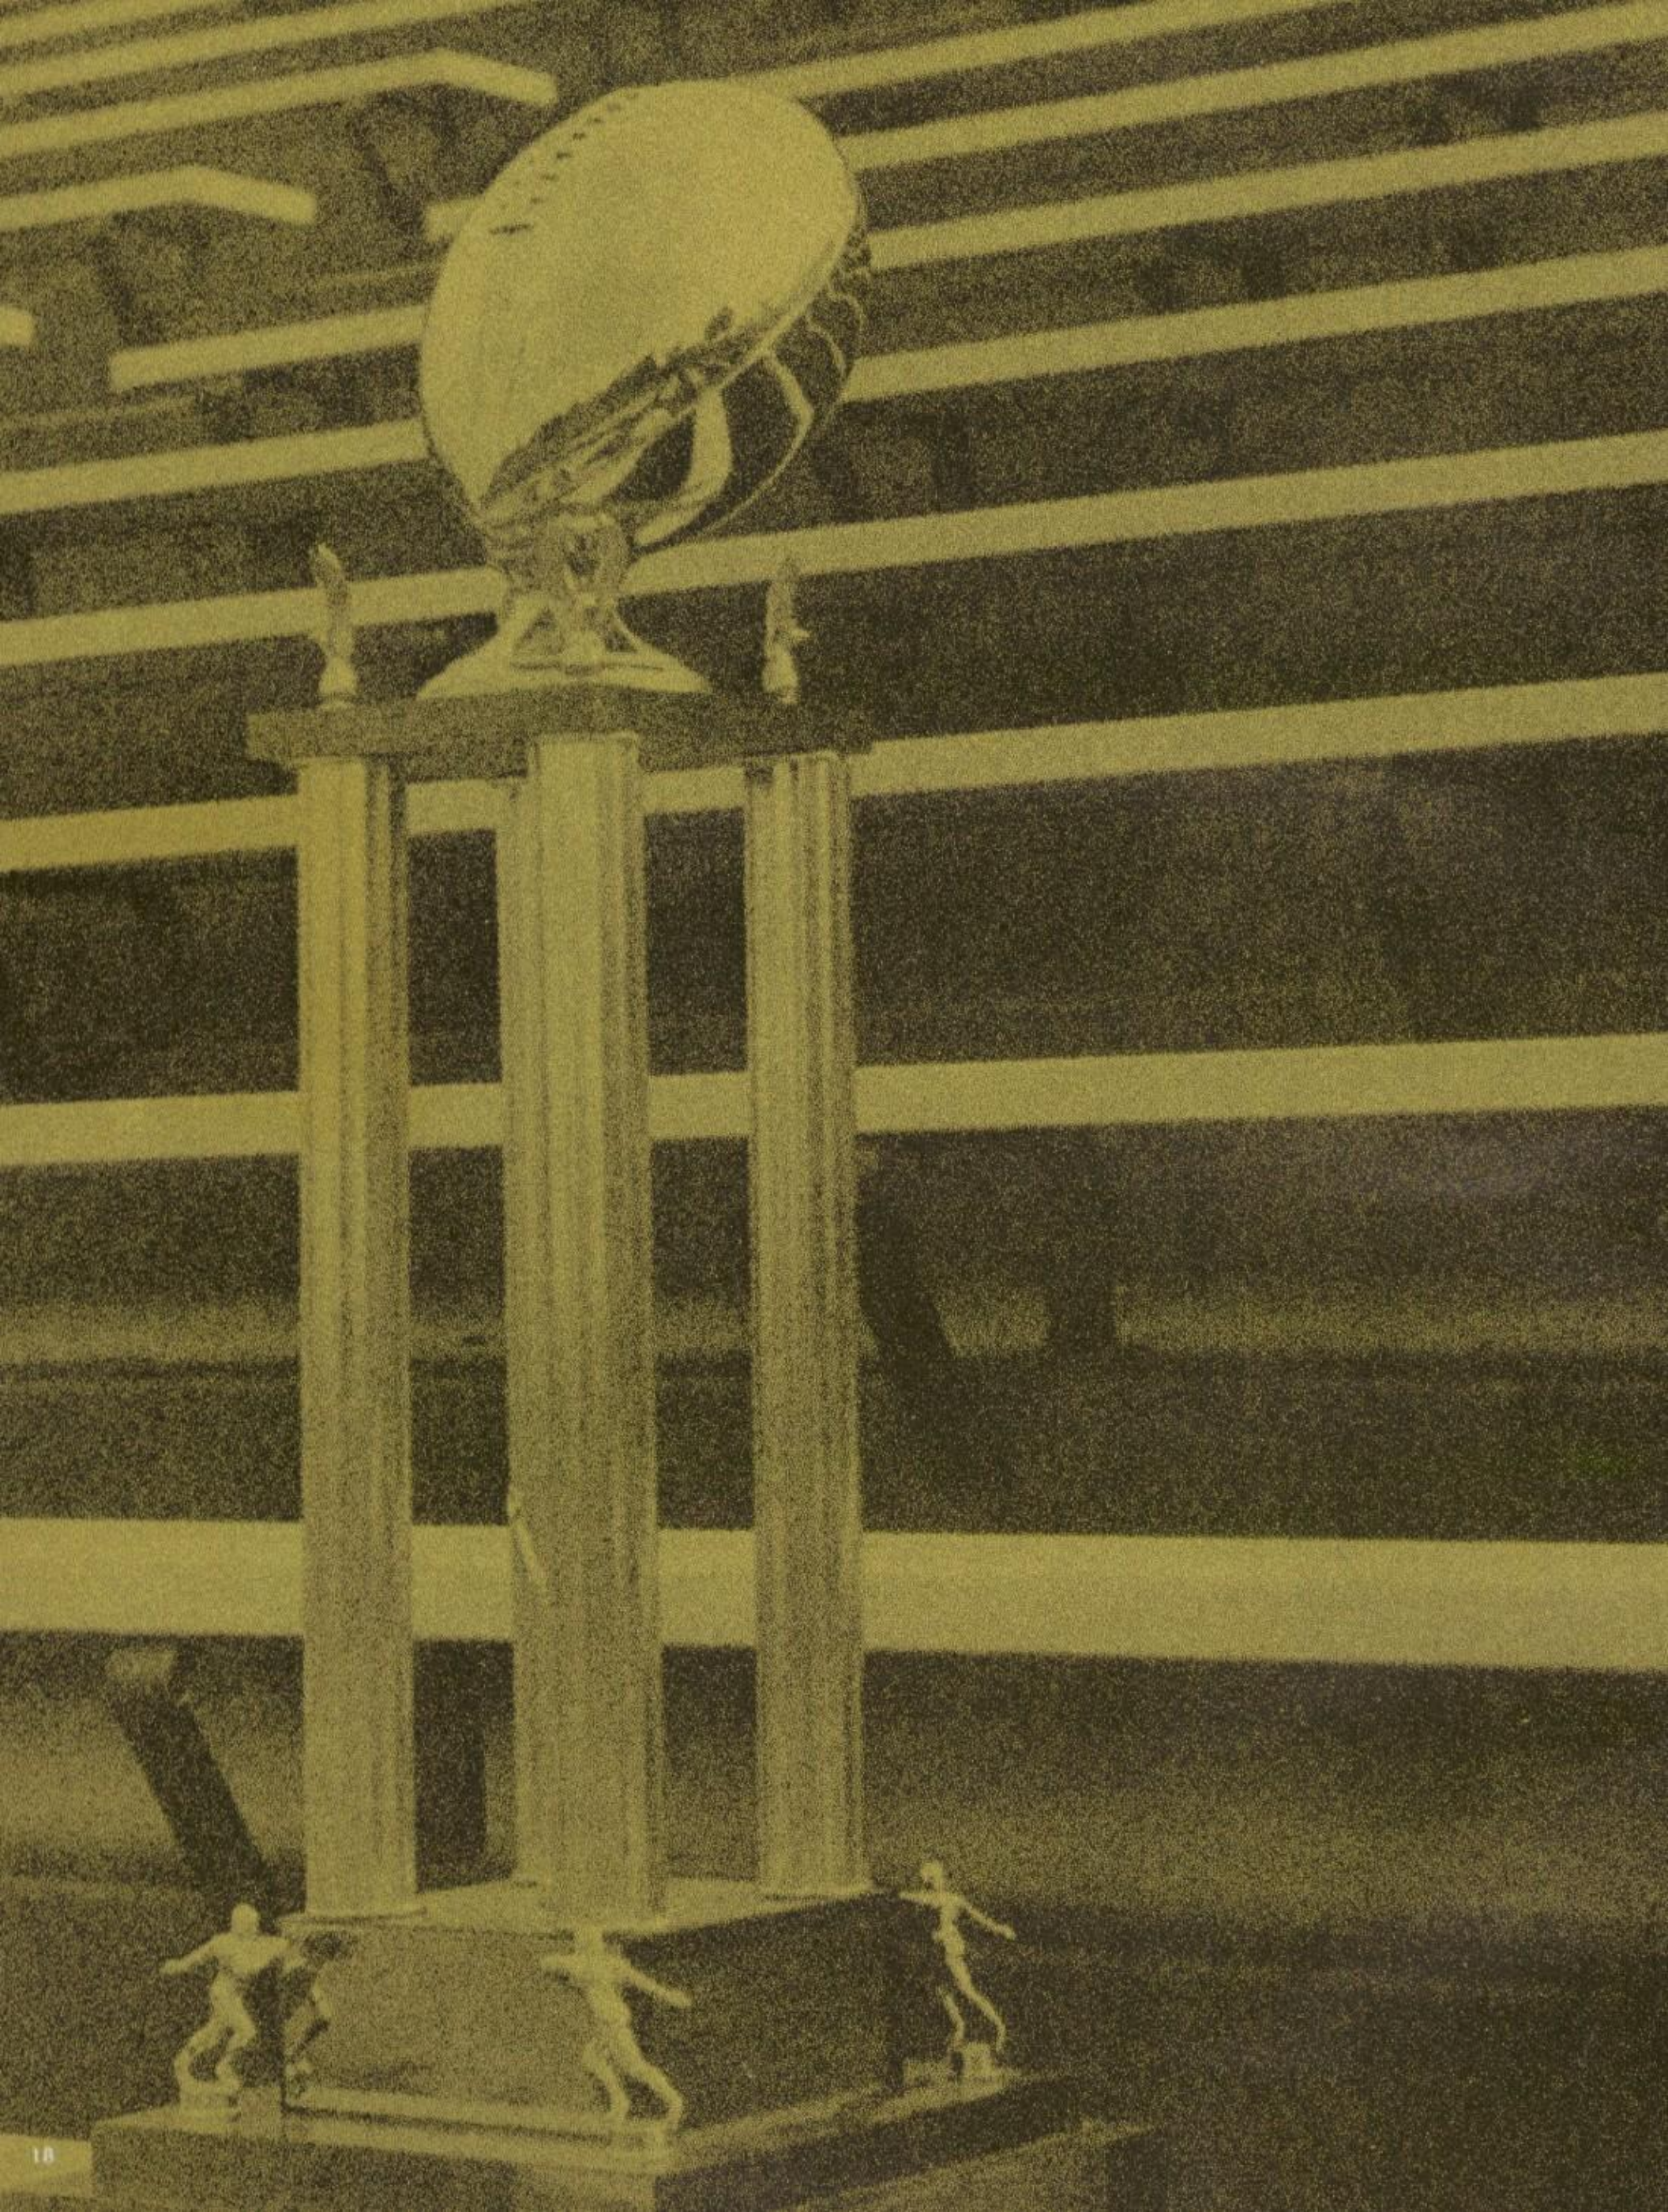

A nighttime photograph of a city skyline reflected in water. The skyline is composed of various buildings and structures, with lights glowing from windows and streetlights. The reflection in the water is clear and detailed, showing the same lights and structures mirrored below the horizon. The sky is dark, and the water is calm, creating a serene and picturesque scene.

An outstanding season began on a rainy November night with a long awaited victory over Glynn Academy. The unprepared Terrors fell to the rallying Pirates for the first time ever in a 40-19 upset. This was a well deserved victory as the defense provoked many key Glynn mistakes. The running of Kenny Dawson helped to spark the Pirate offense as he rushed for over 100 yards in his first team appearance.

The marauding Pirates now showed that a winning season was in the offing. In the following games they rolled over Tompkins and beat Camden in two excellent showings for the team. With Mike Couch filling the quarterback slot, the running and passing games were successfully led and again Dawson and the other backs did their jobs superbly. In the Camden game the defense proved themselves by stopping the tough Wildcat offense to only 98 yards on the ground. The Pirates record was now 3-0 as a promising season began to develop.

Our first out of town game proved a shocker for the varsity squad as the Cadets of Benedictine won in a surprising show of strength. This did not stop the Pirates as they traveled to Jesup for a bout with the Yellow Jackets of Wayne County. The highlights of this game included a 15 yard touchdown pass from Mike Couch to Davey Sweat which put the Pirate squad on the scoreboard. During this game one of the season's most exciting plays took place. It began with a kickoff, then a reverse from Gil Mock to Gary Shavers, who scampered up the sidelines for the score.

Fired-Up Pirates Turn It Around

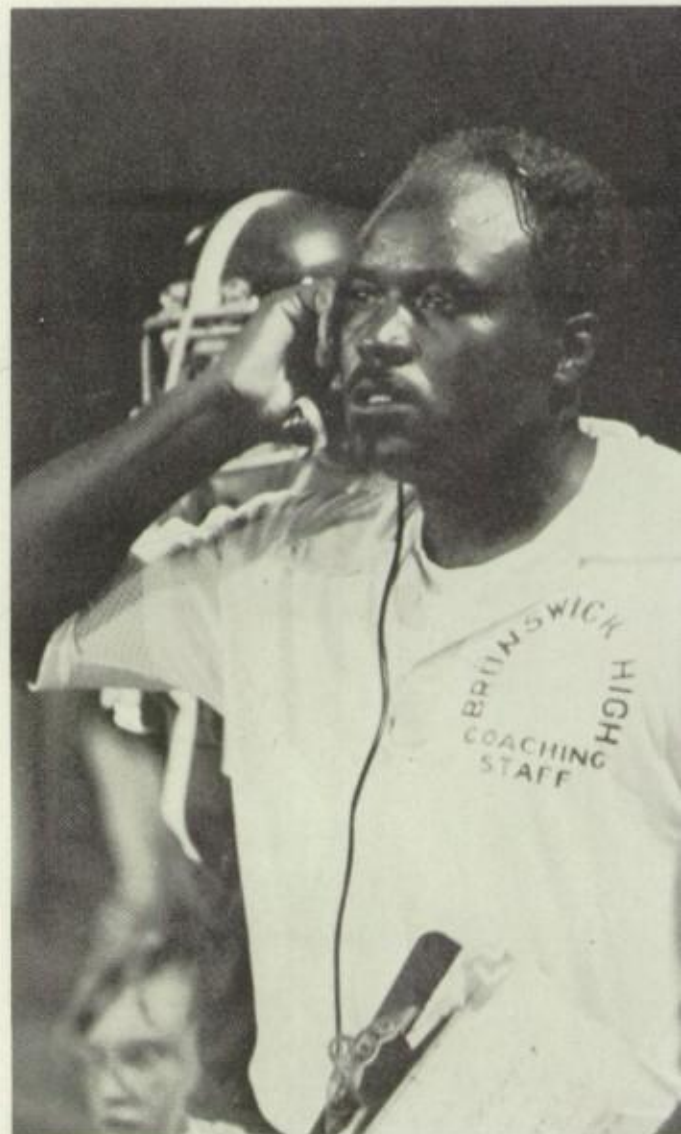

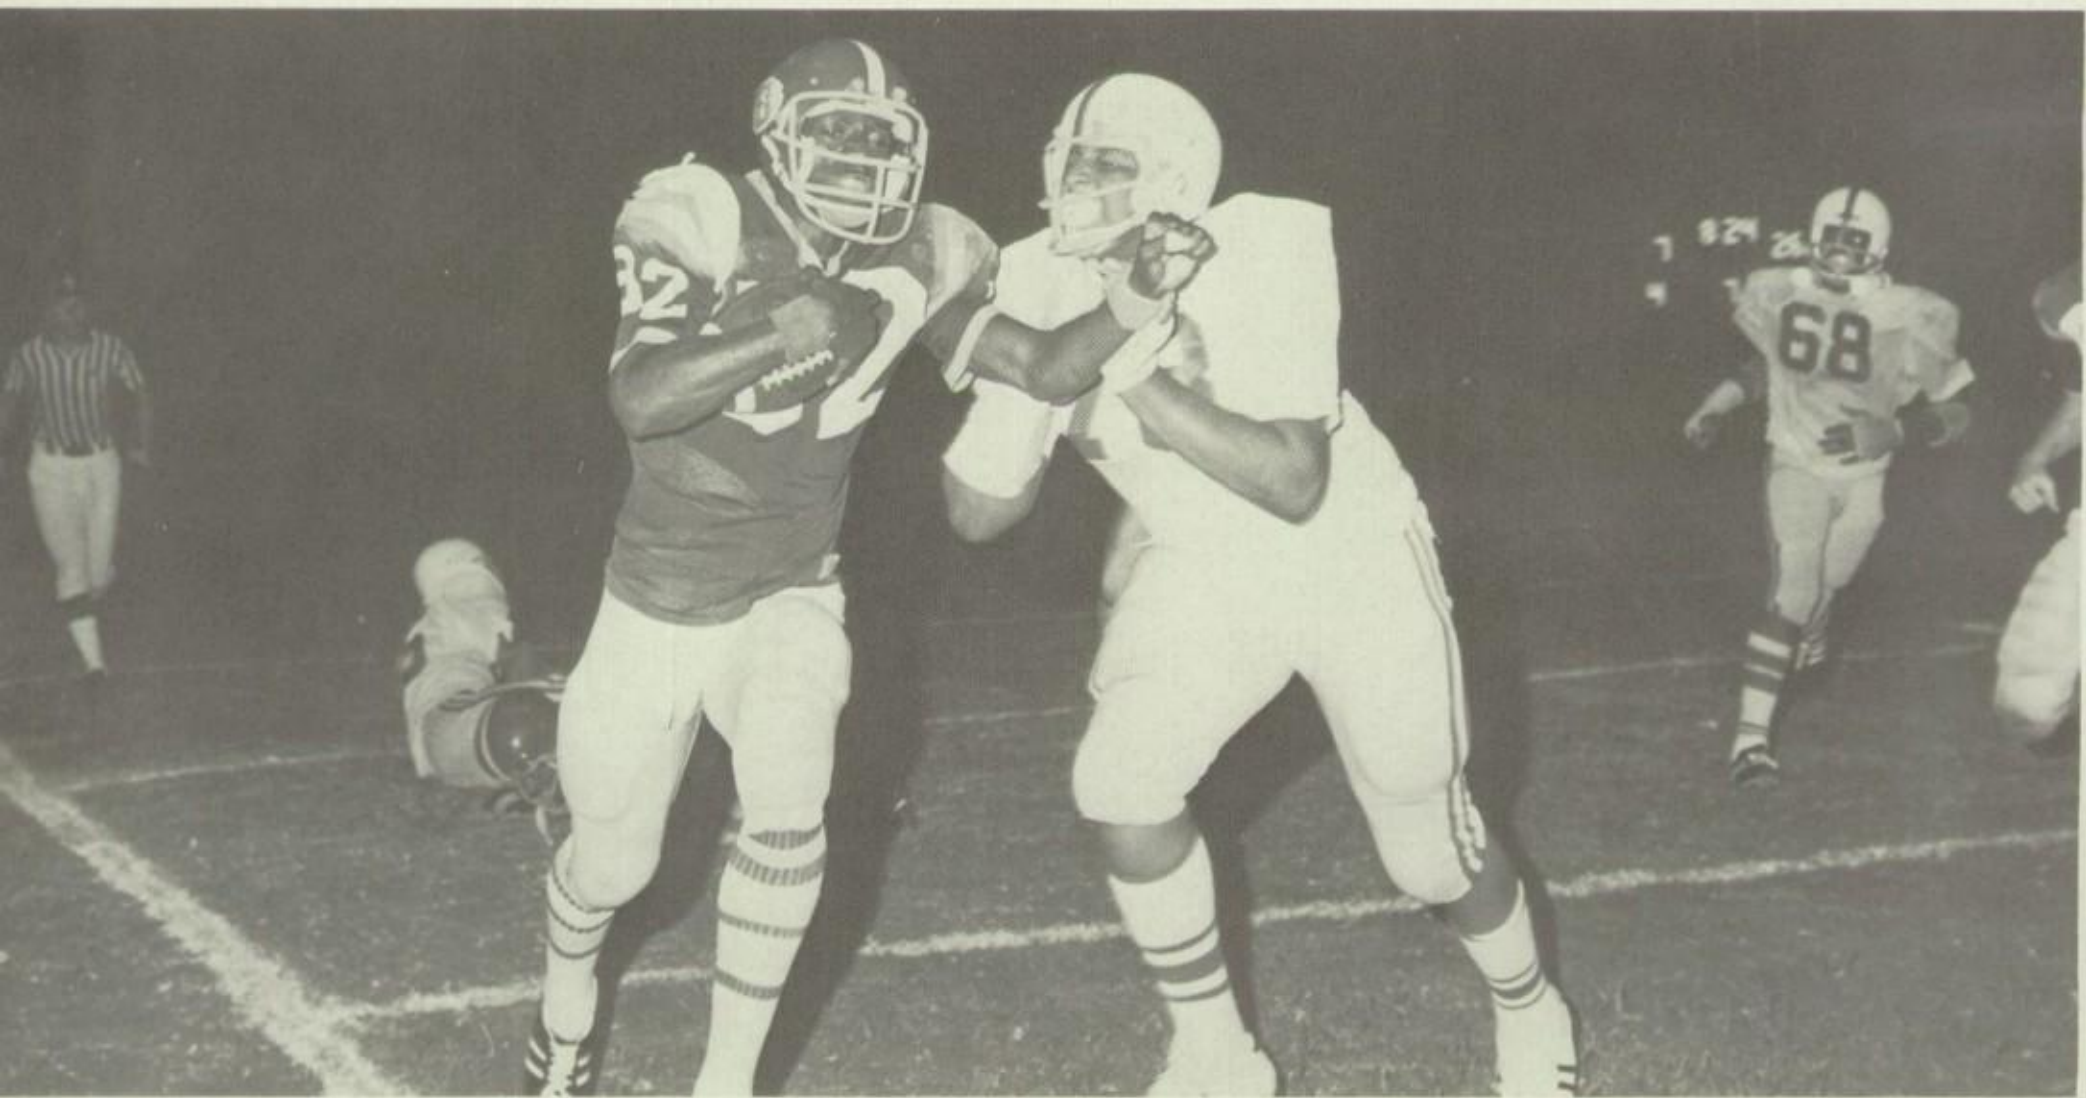

Later games included a loss to Waycross and a victory over the only team we had beaten last year, Jenkins. Unfortunately the homecoming game with Savannah High was a loss except for the election of a new Homecoming Queen Liz Dills. The Pirates then traveled to play the toughest game of the season against Groves. The team suffered a defeat but the last game was to be the most important one of the season.

The second game with Glynn showed the Pirates had the better offense and defense as they beat the Terrors 20-14. With this win the team from Brunswick High became the first city champions in the school's history.

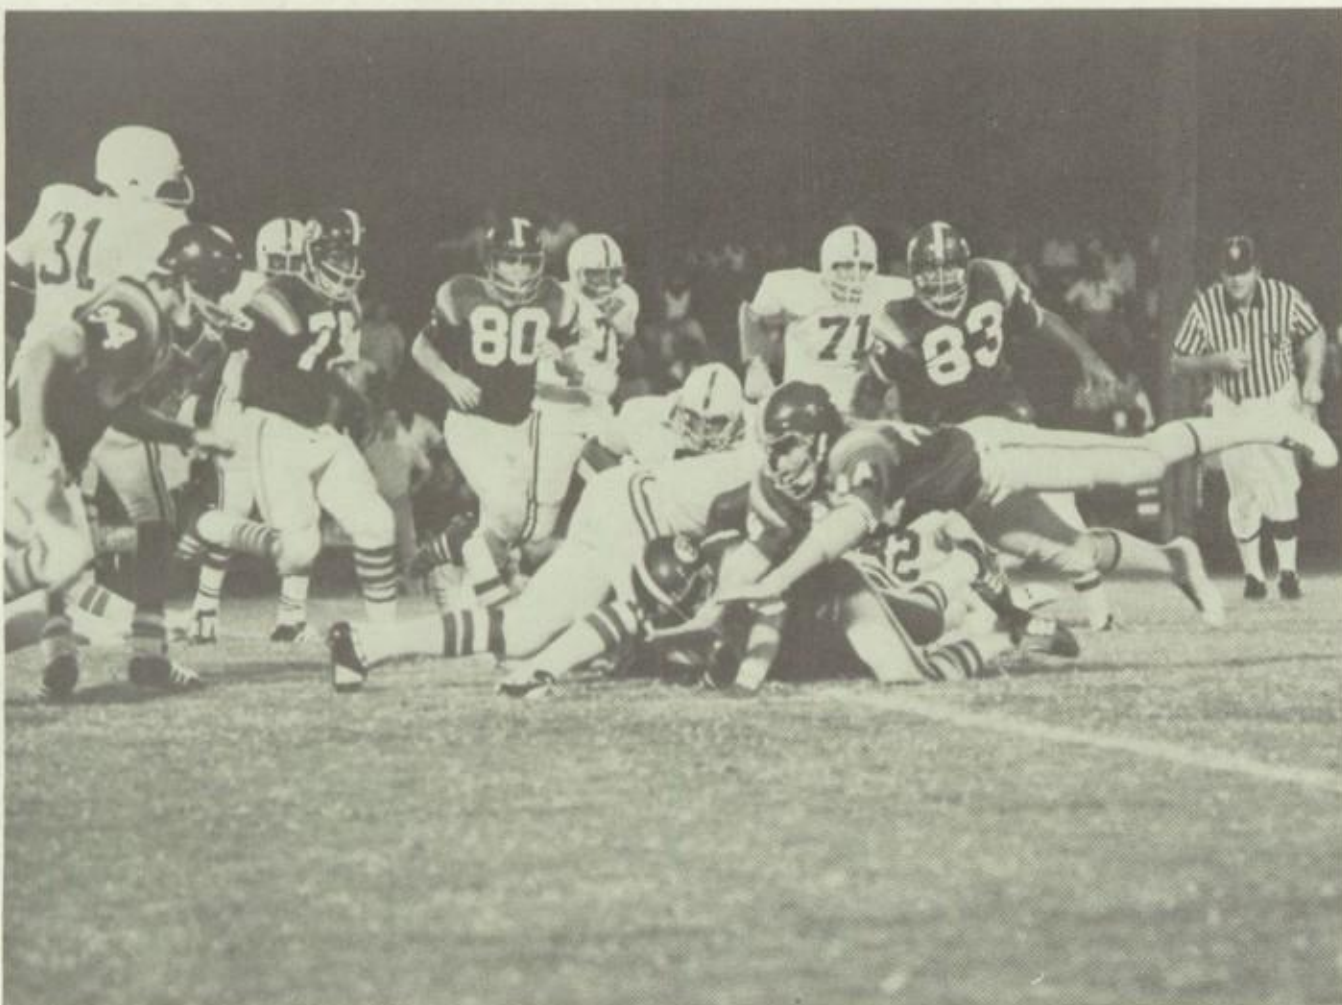

The Pirates finished with a 6 win 4 loss record, one of the best ever compiled by a B.H.S. team. The team was led offensively by captain Davey Sweat and defensively by captain David George. Again the team's coaching staff was led by veterans Jonathan Williams and Dave Barber with the help of two new varsity football coaches Don Johnson and Charles Frazier.

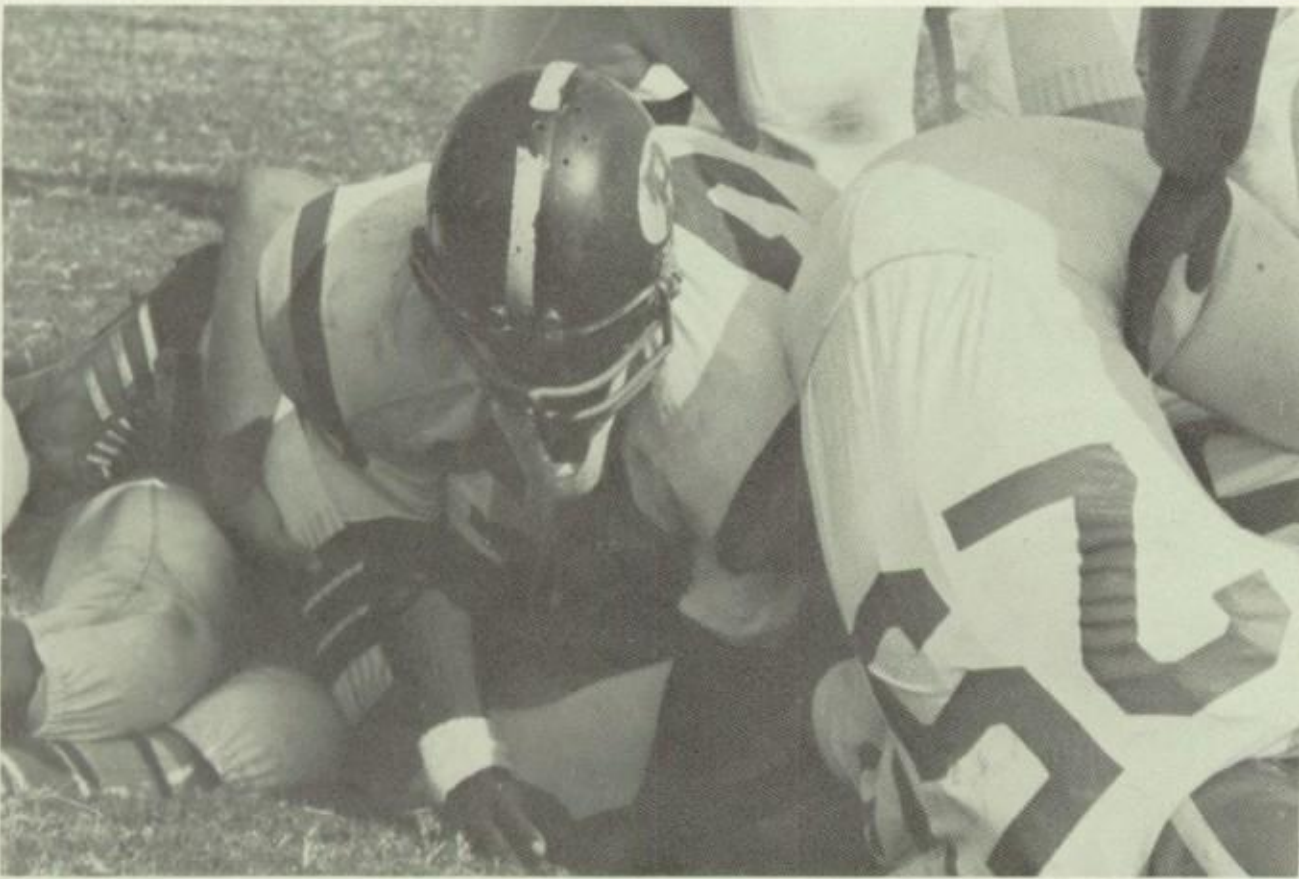

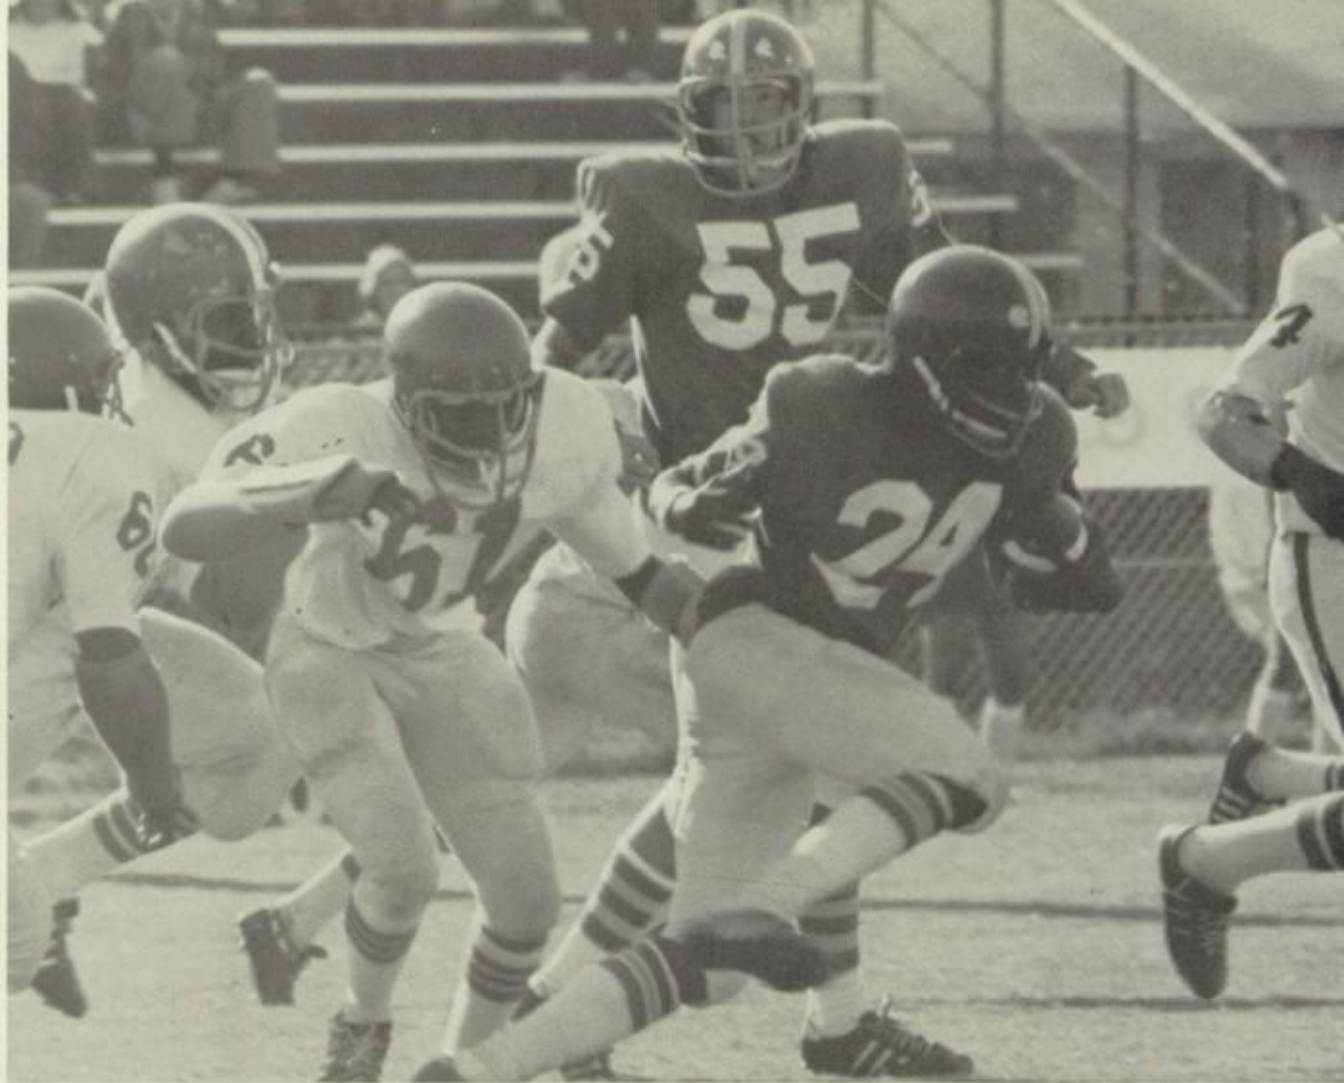

Would You Believe City Champs?!

The purpose of a junior varsity team is to try untested players and determine their ability. This year the Baby Pirates led by Dave Clark, quarterback, showed that they had enough experience to compile a winning season. With victories over Glynn, Wayne County and McIntosh Academy the squad ended the season with a 3 win 2 loss record. Many of the players also played as members of the varsity team; this allowed them to see region action on a temporary basis. The coach for the Baby Pirates was Don Williams, who came from Jane Macon to take over the job. Next year the upcoming players from the JV team will be a large asset to the varsity squad. Members of the 1974 junior varsity team were David Clark, QB; Greg Lynch, DB; Dale Personnet, DB; Bill Fusnow, E; Mark Floyd, G; Frank Newham, C; Mark Henderson, G; Lester Boatwright, G; Ronald Sanders, LB; Mike Pharis, LB; Raymond Gault, DT; Chip Ragland, T; Larry Williams, E; Theopolis Lee, HB.

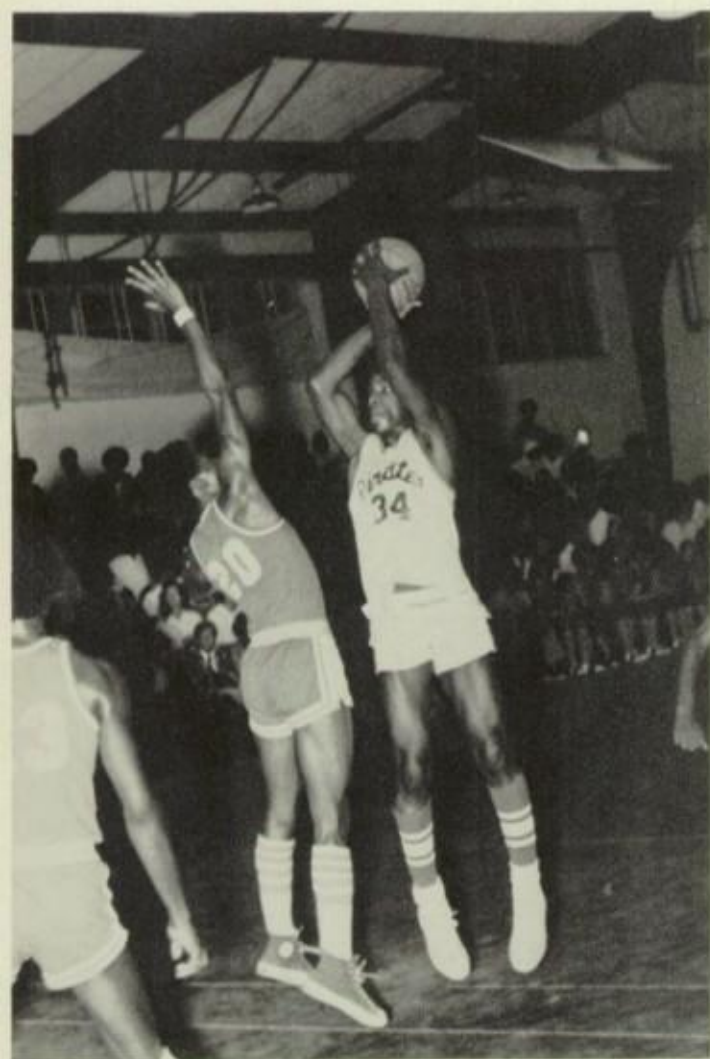

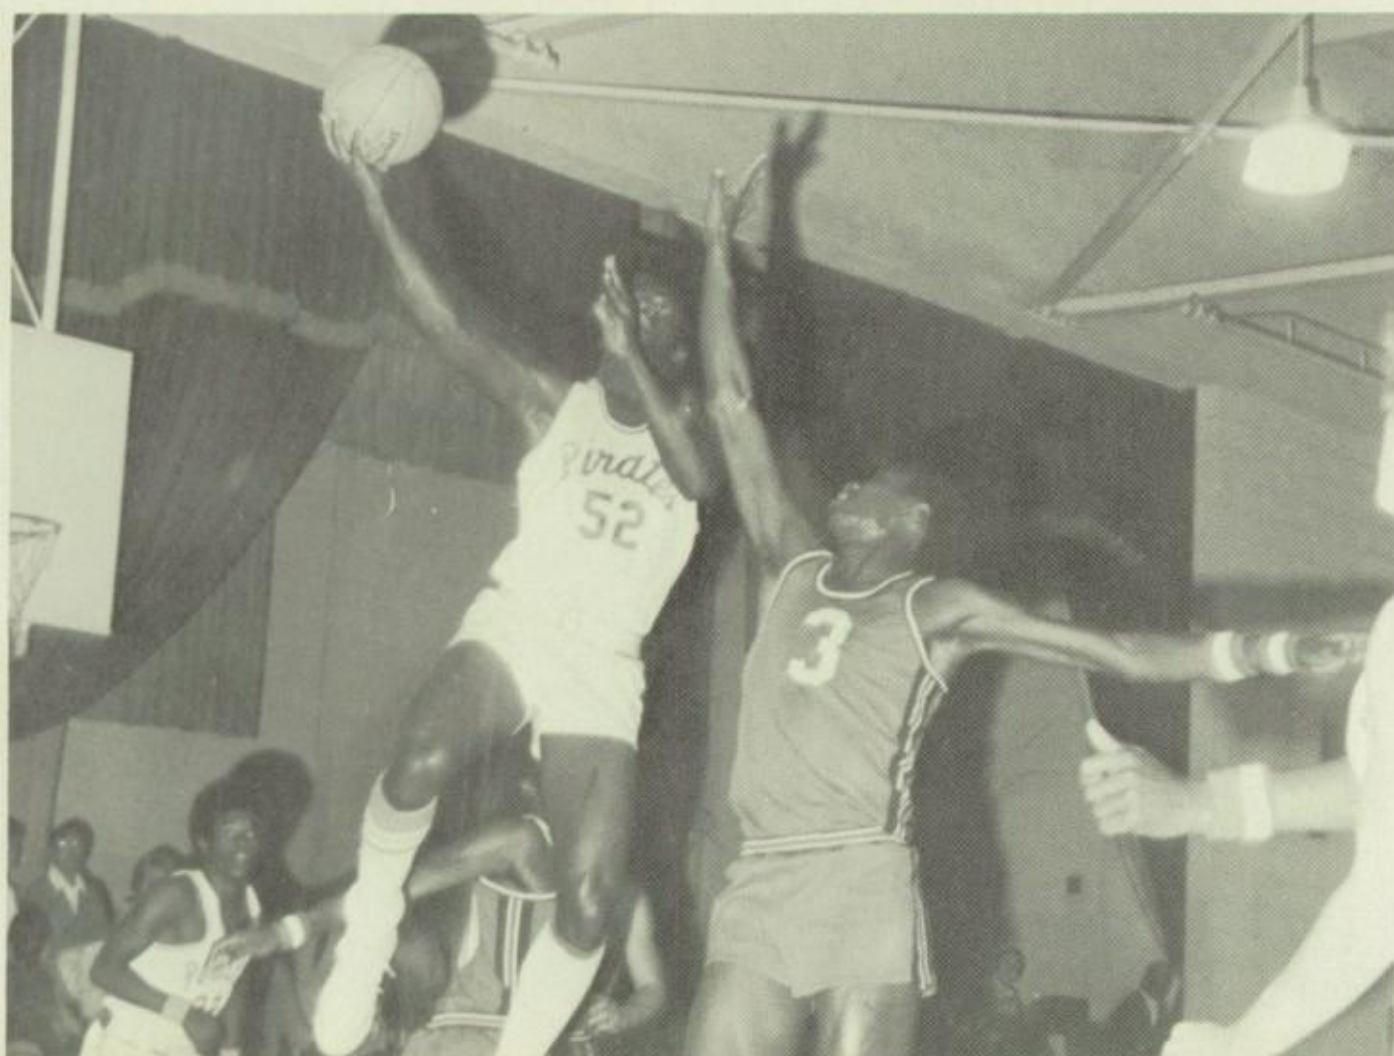

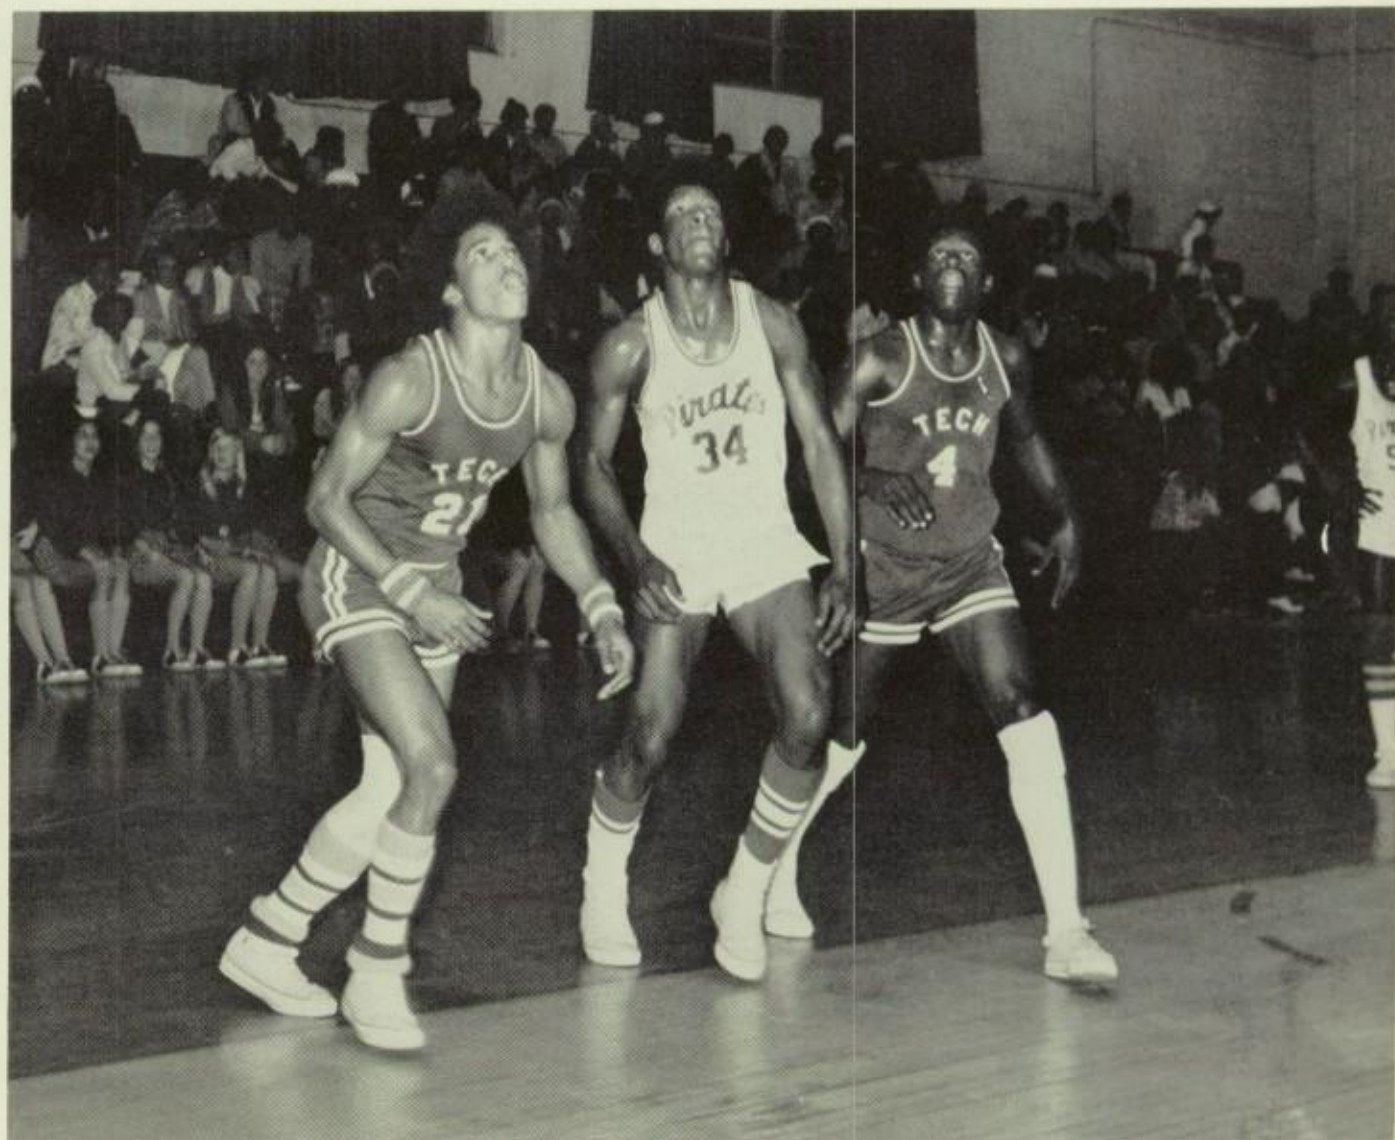

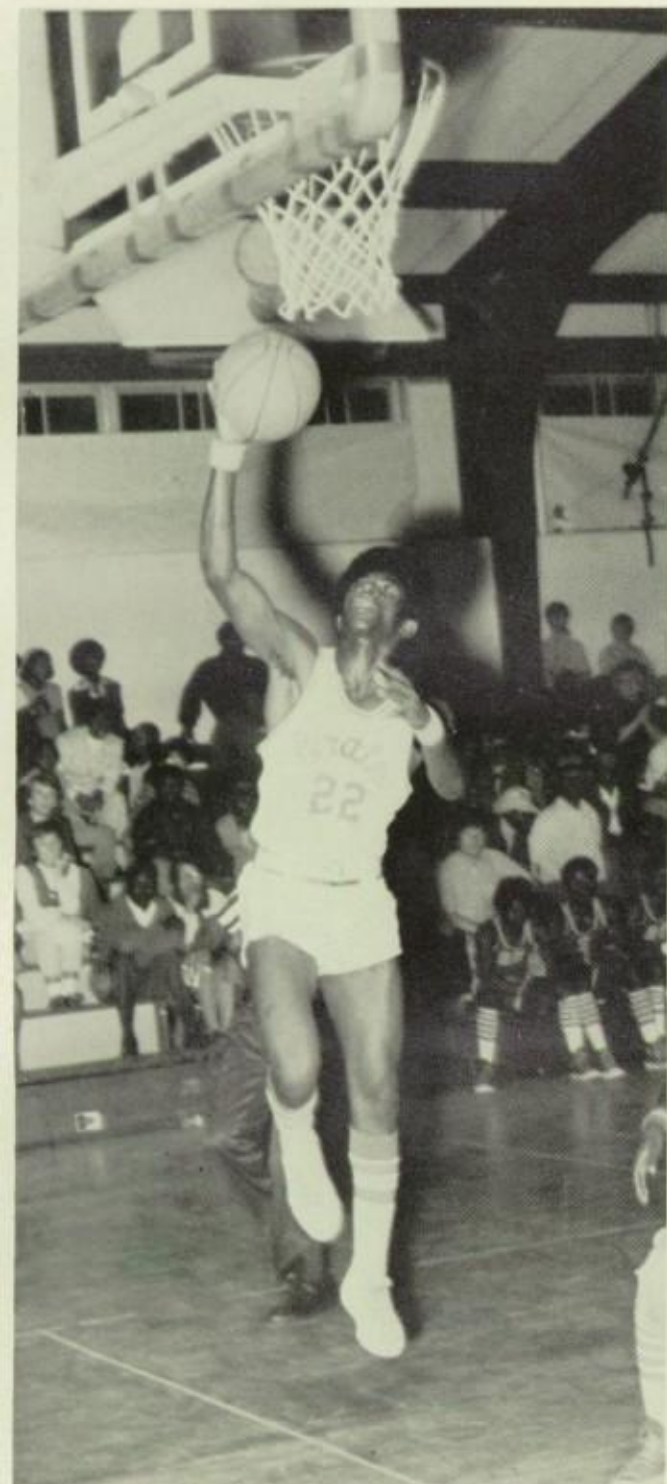

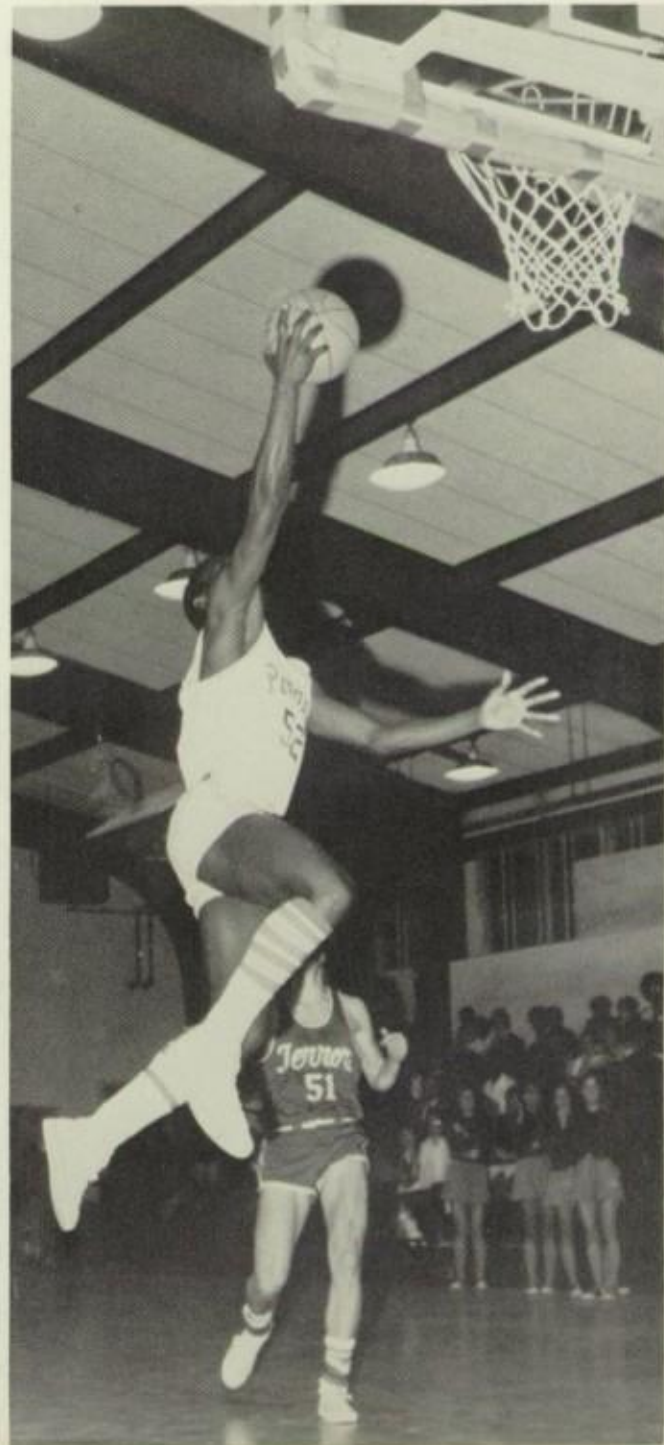

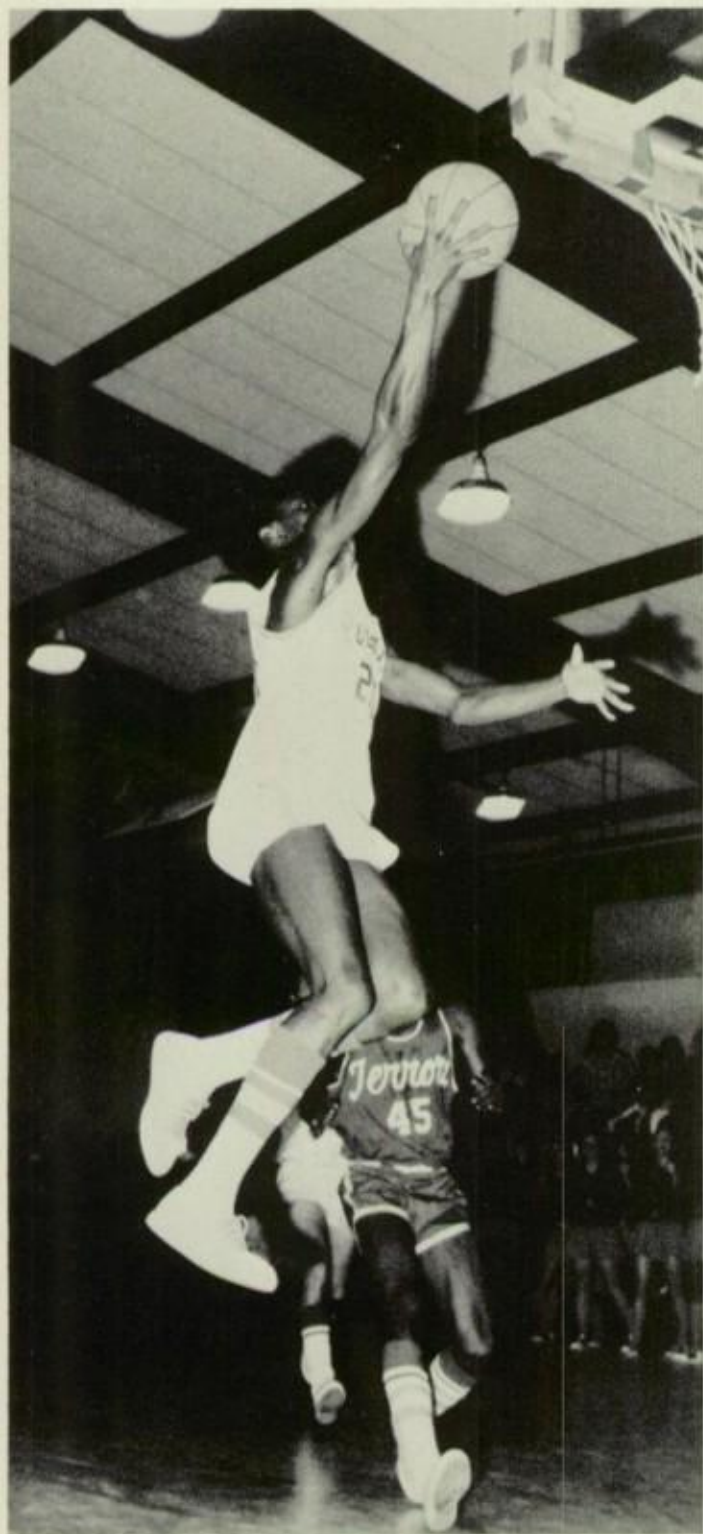

Pirate Basketball '74

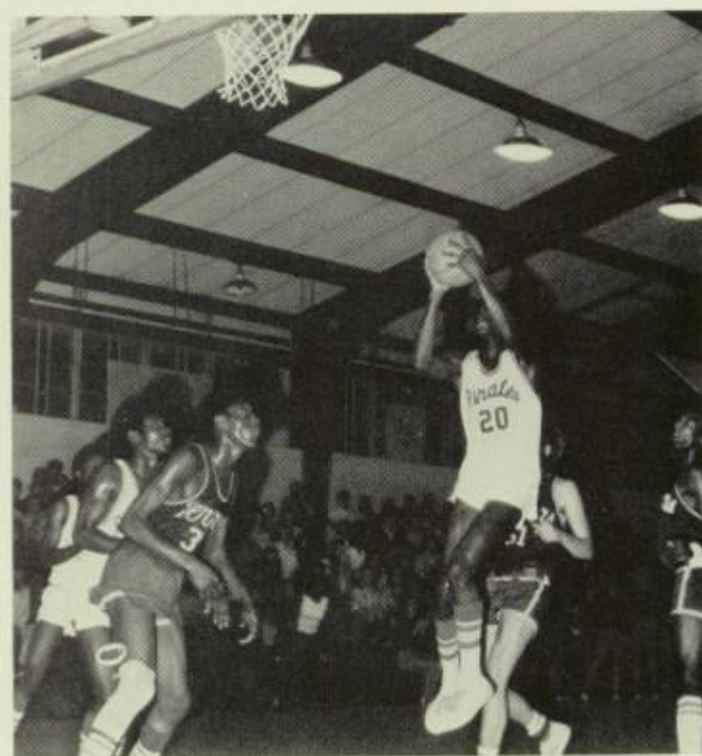

The Pirate basketball team for 1974 had a fantastic season. They compiled fine overall and region records with many sensational and exciting victories. This year's team added more proof to the fact that BHS is superior to their cross town rivals as they notched excellent victories over Glynn Academy to win the city championship. Unfortunately the squad lost a few games by very close margins. In the finals of the Christmas Tournament, the Pirate crew fell short by one point in the last seconds to lose 60-61 to the Wayne County Yellow Jackets. During this season one of basketball's few oddities occurred. With just two minutes left on the clock the game in Darien was stopped because it was 10 o'clock and by Georgia state law the basketball game curfew was in effect. This was the way the game against McIntosh Academy ended, a tie 79-79.

The five squad members who made up the starting unit included Dave Wright, who with 43 points set the school record this year for most points scored in one game, and Willie Loving, Rusty Sweat, Burnette Rooks and Bubba Franklin. Other excellent team members included Kenny and Gerald Dawson, who added their fine talents to the squad. This year the Pirate basketball team was superbly coached by Don Johnson with assistance from J. V. coach Charlie Frazier.

City Champs
Again?!

Junior Varsity Basketball

An unbelievable season record was compiled by the Junior Varsity squad this year. The team greatly improved last year's record as a fine new group of juniors and sophomores came in to make up the team. The baby Pirates claimed their city championship by rolling past Glynn Academy in two games, one of which was by a margin of 40 points. Coach Frazier believes that the members of this year's J.V. team will make excellent additions to next year's varsity squad.

L to R: Jernard Nelson, Maxwell Byrd, Michael Jenkins, David Clark, Michael Sapp, Gerald Dawson, Rocky Spaulding, Billy Williams, Theopolus Lee, Eric Johnson, Joe Norris, Dale Personnett, Thomas Blue.

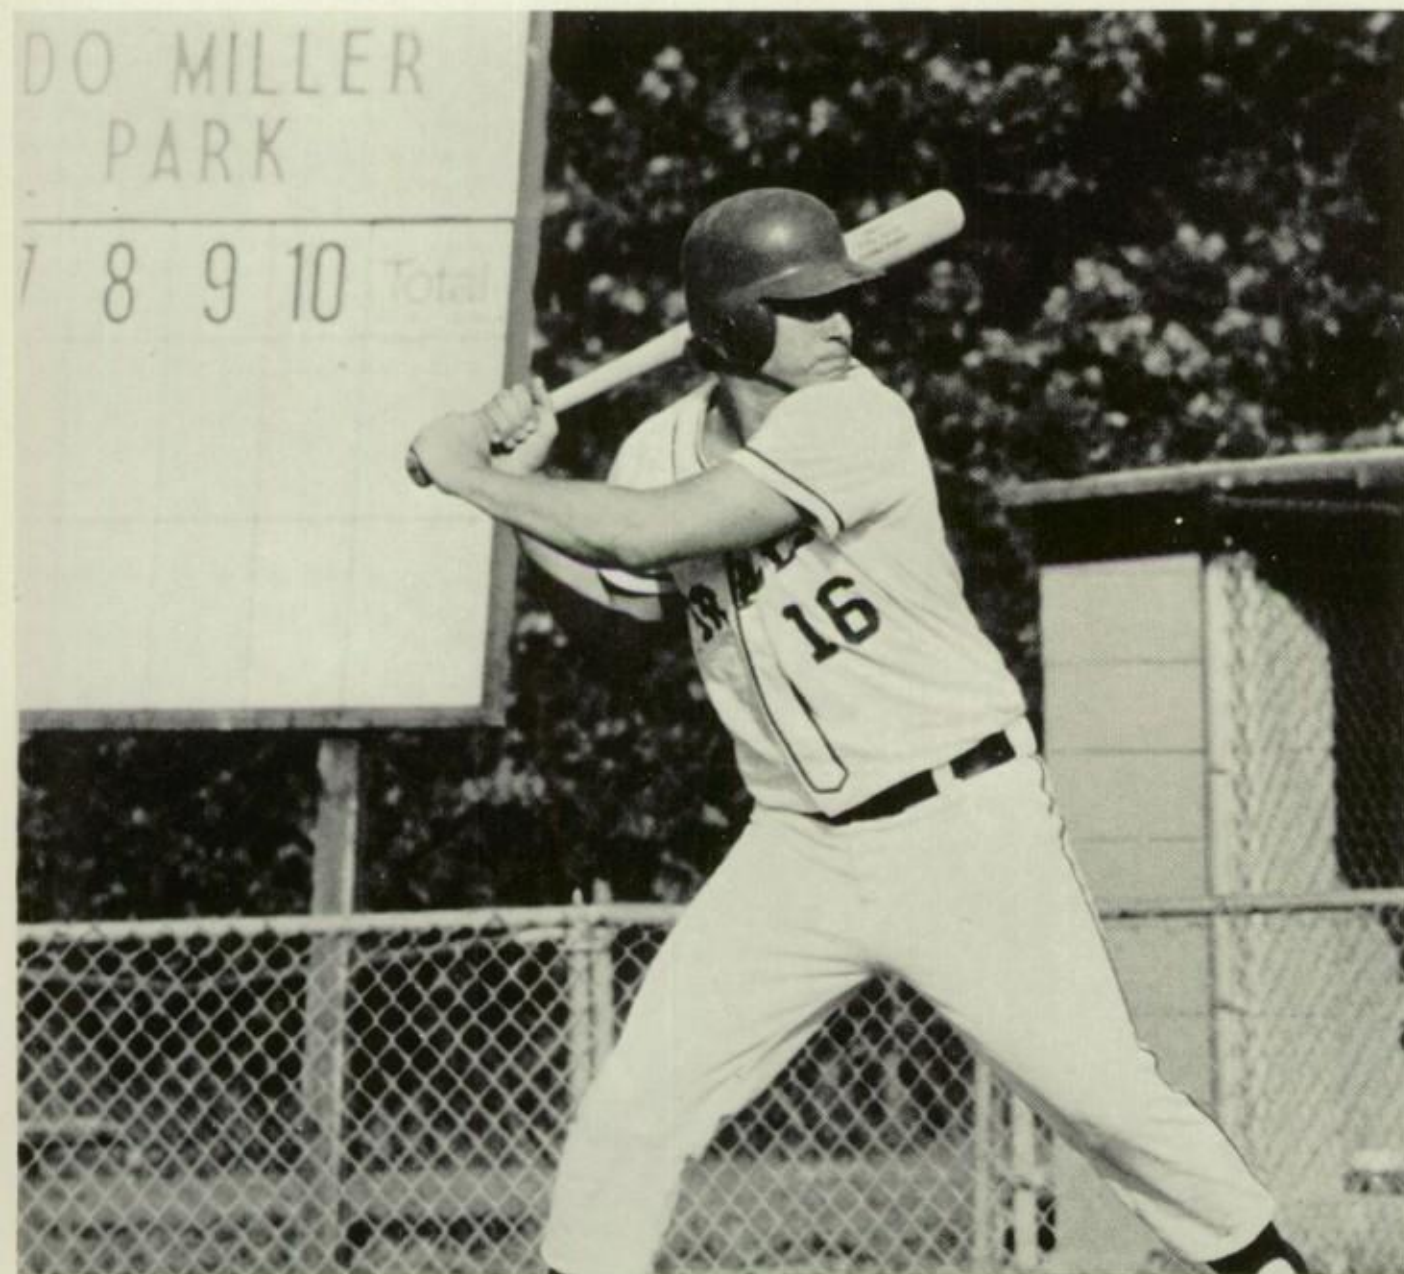

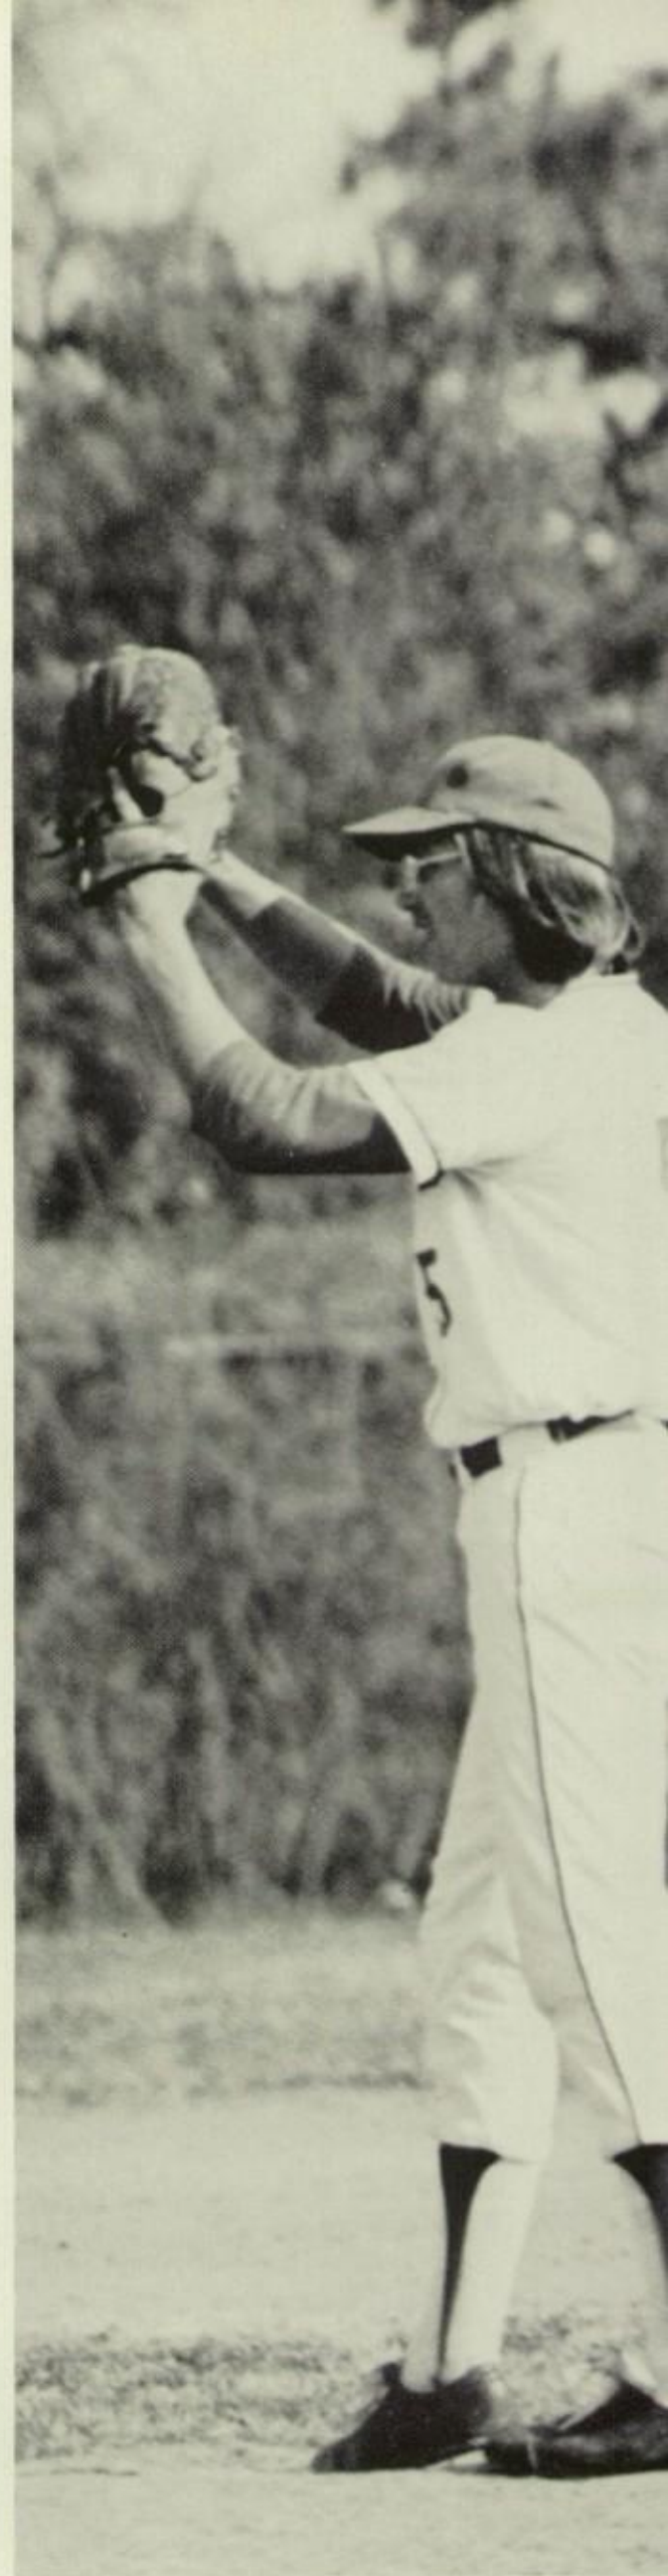

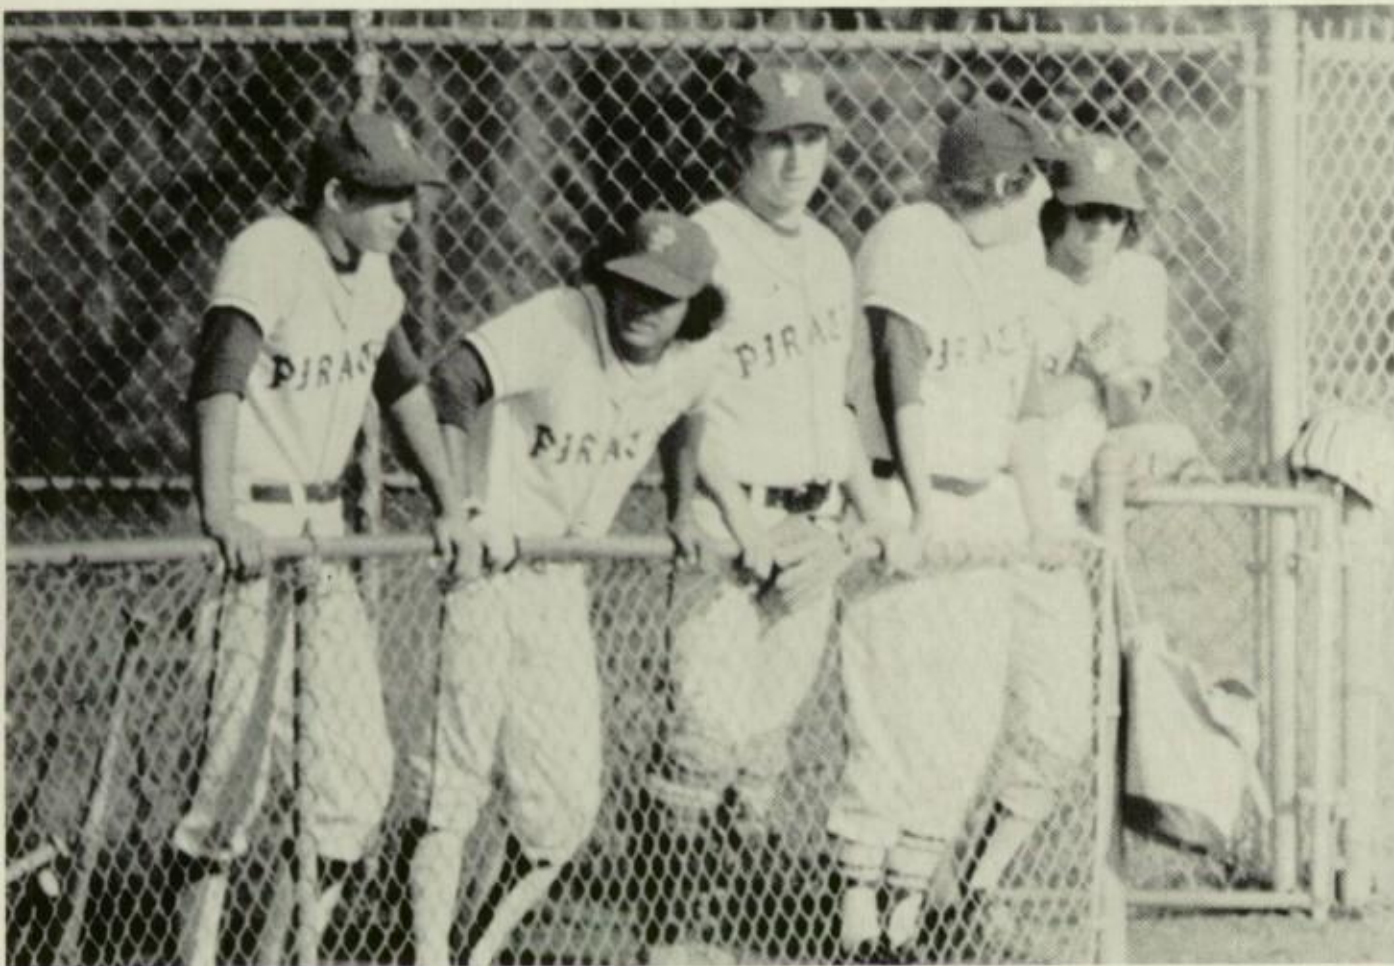

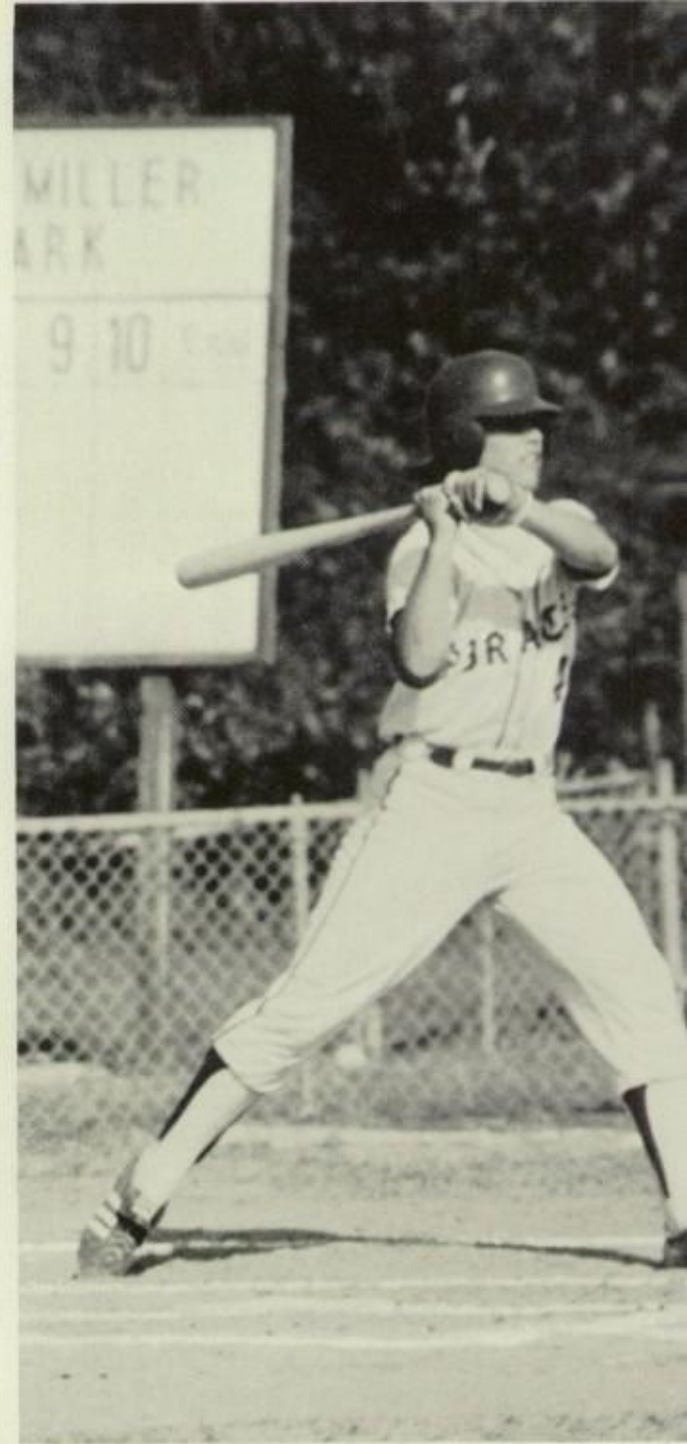

Baseball

Coach Elton Hinson's 1974 Pirate baseball team pulled a winning season from the efforts of many fine players. The season record was eight (8) wins to seven (7) losses, with five (5) wins to five (5) losses in region 3-AAA action. The pitching of Davey Sweat and Mike Couch proved decisive as Couch went twelve (12) innings to beat Johnson and had a three-hit shut-out over Jesup. Sweat notched the best record of the Pirate pitching staff with two (2) wins for two (2) games.

The Pirate squad also had its share of power hitters. Pat Pello had a .391 batting average with fine hitting performances by Tom Harrell, Davey Sweat, Kevin Campbell, and Bubba Franklin.

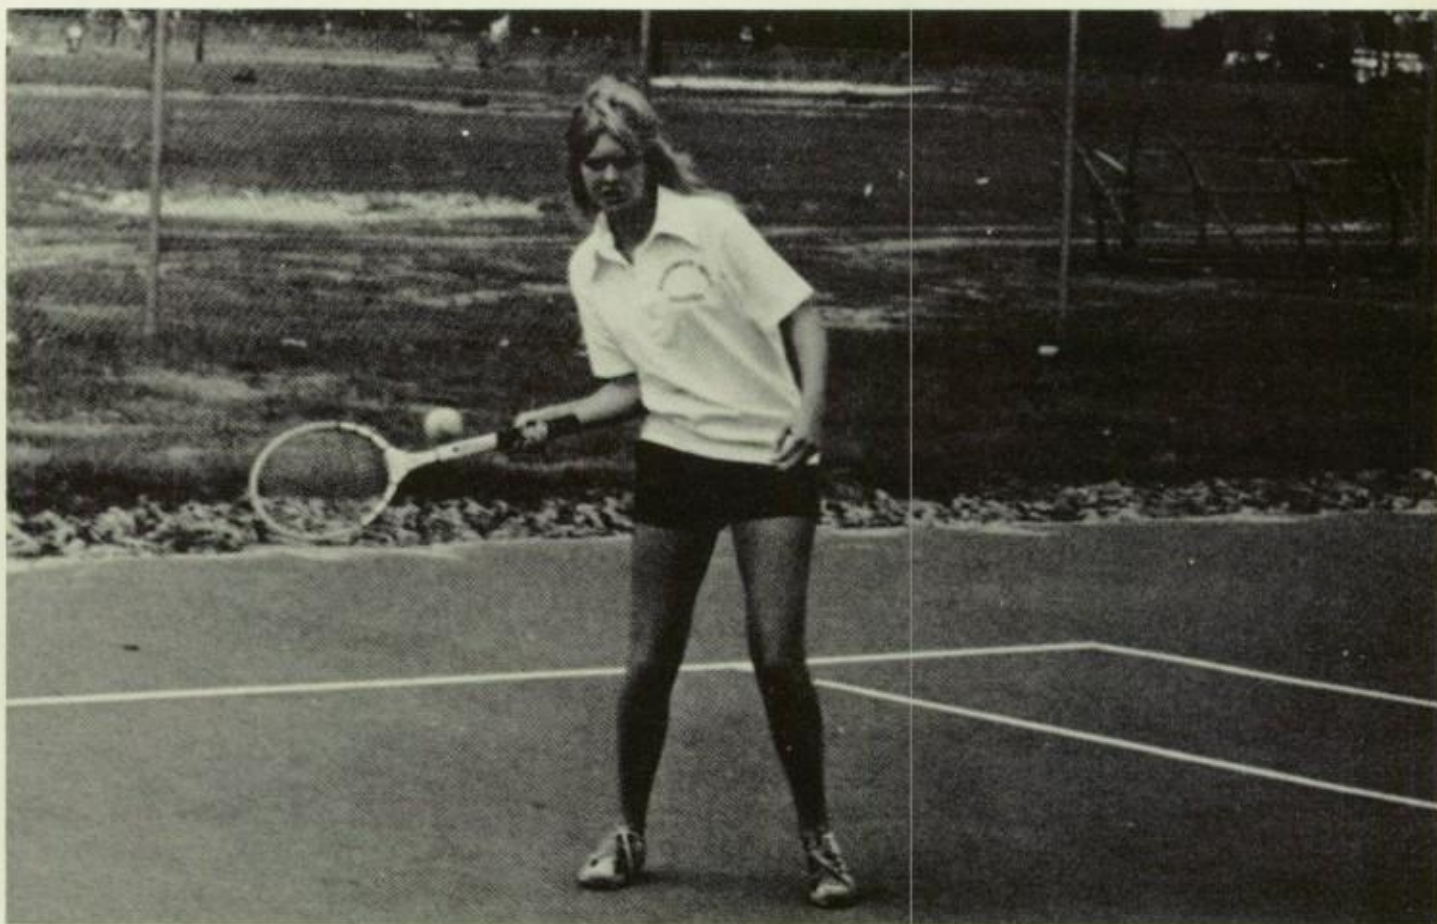

L to R: BOTTOM ROW, Lewie Mashburn, Bill Morris, Davey Sweat, Jeff Ledford, Andy Kistler, Mike Couch, Dale Antonio, Kevin Campbell. L to R: TOP ROW, Joe Train, David George, Rusty Ferrell, Tommy Harrell, Gary Pennington, Bubba Franklin, Pat Pello.

Tennis

The records of the 1974 Tennis teams did not fairly represent the outstanding ability which was in the Pirate squads. Important victories were over the teams of Waycross and Glynn Academy. The B.H.S. players went on to region play and there the girls' doubles team, consisting of Debbie Jennings and Colleen Campbell, took second place, while Susan Snyder and Barry Inman were representatives in the singles competition.

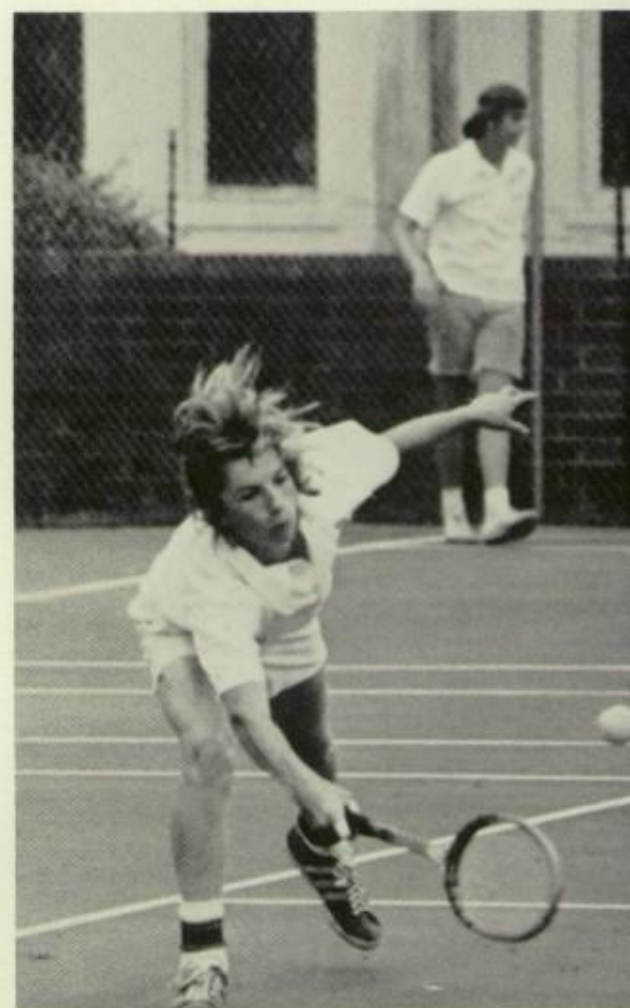

The returning members of last year's teams will be back to help boost the Pirates to another outstanding season.

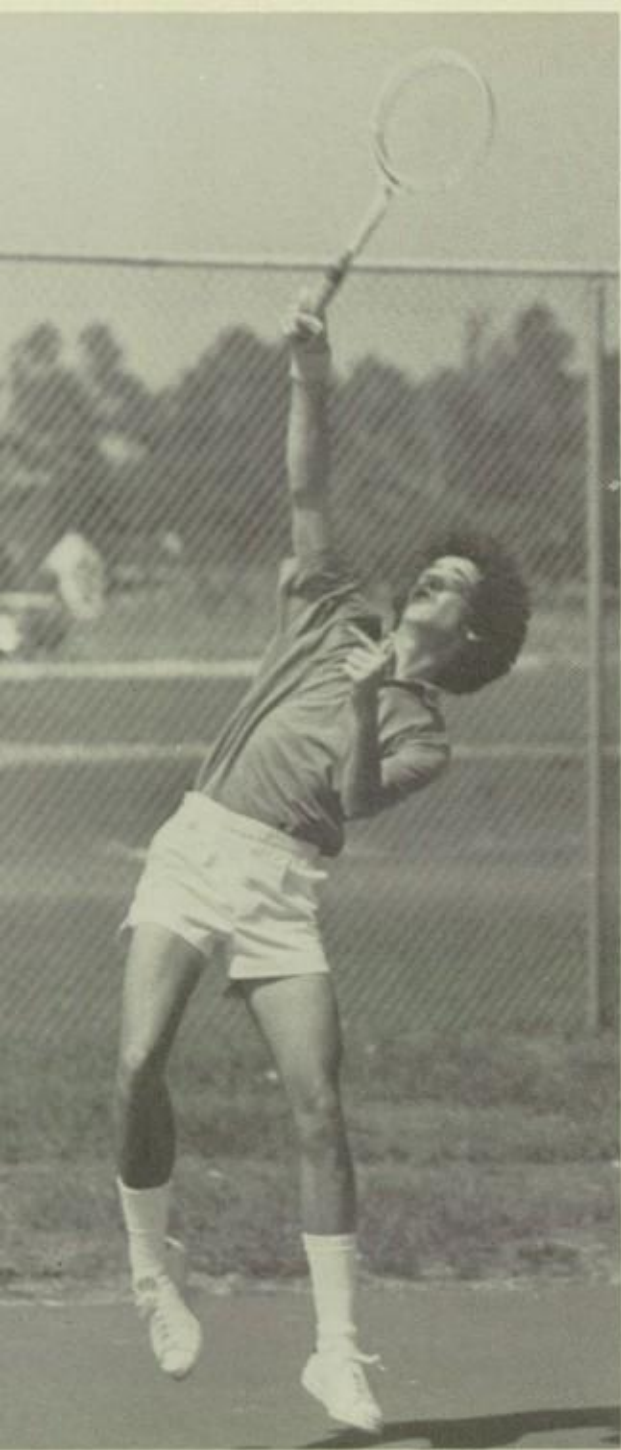

L to R: Don Corbitt, Mark Addison, Richard Deal, Barry Inman, Dave Jensen, Jimmy Deal, Bruce Ference.

L to R: FRONT ROW, Susan Snyder, Diane Smith, Cindy Hughes, Colleen Campbell. L to R: BACK ROW, Debbie Jennings, Miss Randolph — Advisor, Shan Tuttle, Terri Rice.

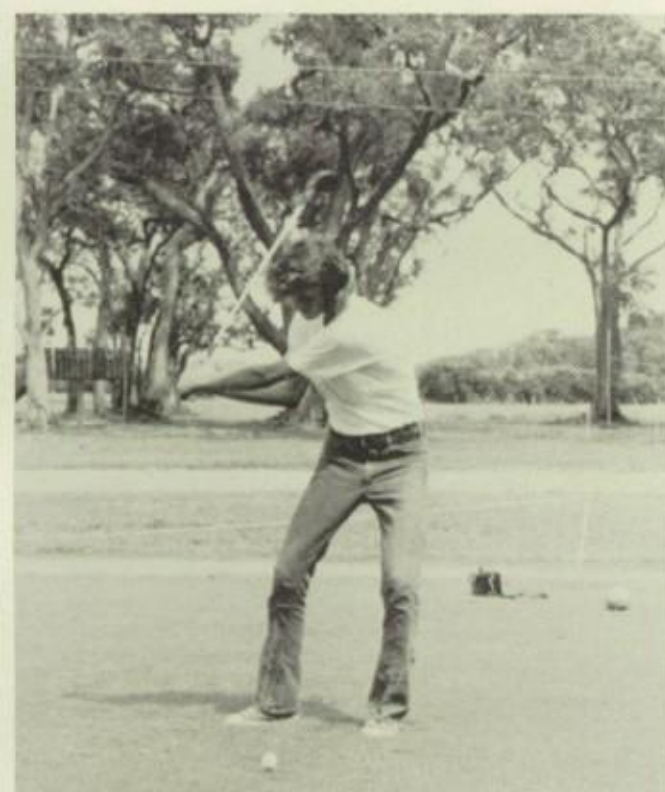

Golf

The golfers of Brunswick High School played a strong schedule and came up with another winning season. The outstanding performances of Skipper Torbett, John Casteel and Mark Allen proved too much for our cross town rivals. In region competition, Brunswick High finished second to Benedictine, with Skipper Torbett going on to state matches where he gave the school a good representation. This team was one of the best ever compiled by the Pirate Coaches.

L to R: BOTTOM, Jody Joiner, Mark Allen. L to R: TOP, Jeff Martin, Skipper Torbett, Patrick Newton.

Track

The 1974 Pirate track team suffered through an unsure season despite strong performances by many team members. Steve Lane showed a high degree of excellence in the one and two mile run, and fared as well in the 880. Clarence Long took honors throwing the discus and Eric Rowe made a fine showing in the pole vault. But weaknesses in other events led to a poor season record. Although the team did not reach region finals, many of the members are slated for excellent appearances again in the 1975 track season.

Varsity Cheerleaders

"We're the mighty Brunswick Pirates, We're the Blue and Gold . . ." Have you ever noticed twelve girls dancing and singing with all their hearts at Pirate games? Led by head cheerleader, Paula Owens, and co-captain, Liz Dills, these girls are the Brunswick High School Varsity Cheerleaders.

"S-O-U-L, With a little bit of soul you can do so well . . ." Where does cheerleading 1974-75 begin? With pulled muscles, nervous stomachs, cartwheel splits, and tryouts way back in May of '74. The twelve girls selected took it from there!

Two camps, NCA and ACA, were attended by the squad during the summer. Practices were held during the week at the unearthly hour of 7:00 a.m.!

Hey, Hey, Son of a gun — Brunswick High is No. 1 . . ." School started off with a bang and the cheerleaders had their hands full keeping spirit within the limits of the law! (Everyone was going crazy over the victorious Pirates.) Boosting spirit for a winning team was great. Everybody "boogied down" at the noisy pep rallies and "got down" at the games while twelve girls were screaming their heads off. With a new style of "doing your own thing," the crowds would scream, yell and go crazy just like the girls leading cheers on the field.

"Calling all Pirates to the floor . . ." The Varsity Squad is made up of juniors and seniors each adding their own dash of pizzazz to Brunswick High's spirit section. You'll find them at pep rallies, football games and basketball games doing the bump, clapping, laughing, yelling "Ya'll yell!" and various other cheers and chants.

Junior Varsity Cheerleaders

More Cheerleaders?! These are Brunswick High's Junior Varsity Cheerleaders led by Tish Holt, captain, and Sherrie Ivey, co-captain.

Most of the team attended ACA camp last summer and learned lots of cheers that have helped spur the Baby Pirates on to victory.

Clapping and hollering, these girls can be found at all of the Junior Varsity's football and basketball games, supporting the Baby Pirates. Homecoming 1974 found the Junior Varsity cheerleaders adding zest to the Pirates' game against Savannah High.

The girls' enthusiasm and cheerful smiles have increased spirit at every game.

ORGANIZATIONS

Pirate Band

Ninety-nine tired people march up Lanier Field trying to put the usual pep into "Intro," break into their formations that they feel they were born doing, and stagger through the week's halftime show. Suddenly, Denzil Sellers screams from his megaphone, "You dummies! Got! You people are on your own time!" Back to their original places, the BHS marching band is ready to begin again. These dedicated members stumble from their warm beds every morning at 7:00 only to repeat this tiresome task. They are easily distinguished, dragging into second period breathless and footweary.

Band, however, provides enjoyable experiences too, such as entertainment on the long ride home, Clinic, providing spirited music at pep rallies, Festival, and the all exciting sense of accomplishment when the last halftime show is over.

The band is so much a part of life at BHS contributing to her pride and honor through their superior performances throughout the year. Enthralling stunts such as marching backwards and "the guillotine" left onlookers dazzled at the last halftime performance. Traditional songs identified with Pirate spirit and enthusiasm, such as "The Horse," shall echo through the minds of many students as they recall their times spent at BHS.

Chorus

The hard work and dedication of transforming forty voices into one harmonious sound proved worthwhile once more as the BHS choral groups again performed with outstanding excellence. A performance at the Nursing Home joined the annual presentation of "The Messiah" and Christmas and Spring Concerts. Brunswick High again had fine representation at Eighth District Choral Festival in Waycross and the All-State Chorus.

Through much preparation and hard work, the Drama Club extended its creativity to the students by performing skits at every pep rally. They enlightened the students by such antics as "The Enlarger Machine," "Tompkins Hospital," and "A Camden Coke." School spirit was brought to a peak by their dauntless efforts. The Drama Club again took the first place Region one-act play title with their production of "Brotherhood." An end-of-the-year banquet and a float entry in the Homecoming parade were among numerous other activities.

Cast and Crew of "Brotherhood"

Student Council

The Student Council underwent a change at the helm as Miss Cheek replaced Mr. Hladik as advisor at the end of the first quarter. This, however, proved no problem as the council continued to function smoothly as the backbone of BHS. The Student Council inspired a giant Spirit drive that carried over the year and led to numerous victories in all athletics. The regular activities such as sponsoring the Homecoming dance and parade, participation in the Thanksgiving project, and school elections proved very successful this year because of increased participation by the students. Another first among the council was the termination of lunch duty.

ICC

The Interclub Council prepares a monthly calendar to avoid the possibility of having seven meetings to attend on the same afternoon. They organize and execute the Thanksgiving project, the Christmas party for the Easter Seals Children, and the annual candy drive. The presidents of all recognized clubs make up the members and work together to coordinate school and club functions. The vice-president of the Student Council serves as the president of the club.

JRJ

The well-known saying, "Roger won't be Jolly if you don't buy a Journal!" is part of the advertisement used in selling the popular JOLLY ROGER JOURNAL. Discussion of controversial subjects as well as the important BHS news are some of the highlights of the newspaper. A car in the Homecoming parade and an ad in the CUTLASS remain as other achievements of the year.

Rising Surf

Dedication in the true sense of the word can be found among the members of the RISING SURF, for the publication of the RISING SURF requires countless hours that these students spend on their own time. The purpose of this literary magazine is to provide students with an outlet for individual creative abilities. The magazine is comprised of poetry, short stories, sketches, and photographs. The RISING SURF was sold and distributed earlier this year because many seniors graduated early.

Ads, deadlines, division pages, copy, hassles — these are but a few of the problems encountered by the yearbook staff in an effort to present a kaleidoscope view of this year at BHS. We tried to capture this spectrum by enlarging the book to keep pace with the growing and changing times and present everyday occurrences in a new light. We hope that in years to come, you'll be able to look back at this yearbook and relive the part of your life spent at BHS, for you may never pass this way again . . .

The Cutlass Staff

French Club

The French Club produced another successful year through the participation in worthwhile projects. In addition to putting a car in the Homecoming parade, the club had their annual Christmas banquet at the King & Prince. A field trip and a picnic were enjoyed by the members in the spring of the year.

Spanish Club

Continuing as one of Brunswick High's more active clubs, the Spanish Club enjoyed another successful year. They took part in the candy drive, the Thanksgiving basket donation of canned goods, and provided "reindeer" for the ICC Christmas party for the Easter Seals children. Among other activities were a float entry in the Homecoming parade, an end-of-the-year banquet and a rewarding cultural excursion to St. Augustine.

Art Club

Papier maché hot dogs, ice cream cones, and Jolly Green Giant-sized feet are some of the zany accomplishments of the creative Art Club. Providing time and materials for an outlet in student expression is a prime objective of the club. On more serious levels, however, the Art Club sponsored an Art Exhibit in the spring, as well as participation in the annual BJC Art Exhibit. The members also enjoyed a field trip in the spring.

BACK ROW: Joel Myers, Mrs. Hall, Ronald Baker, Terry Eason, Johnny Bell. FRONT ROW: Deronia Mathis, Cindy Hughes, Shelia Blay, Diane Smith, Carol Moran, George Thaxton.

Möbius Strips

After several years of inactivity the Math Club, "Möbius Strips," was rechartered. With a relatively small enrollment, the club participated in the annual ICC Christmas Party, jointly sponsored a Thanksgiving basket with the IRC, and decorated the library showcase for Christmas. The sponsor this year was one of BHS's new math teachers, Miss McLin. Hopefully this reenactment of the Möbius Strips will further interest students in math.

BOTTOM ROW, L to R: Mark Boyles — Vice-President, Donna Cannady — Secretary-Treasurer, Miss McLin — Sponsor, Patti Nowakowski — President. TOP ROW, L to R: Brian Merck, Mike Roy, Paul Shillings.

Chess Club

This year proved to be the first truly active year for the Chess Club. With the groundwork being laid last year, club members settled down to carry out the objective of the club, to create an interest in chess by instructing interested persons in the game and providing an opportunity to play. The club sponsored a Thanksgiving basket and many club members joined chess-by-mail clubs. A few members also competed in contests. With such a successful second year, the next should be better.

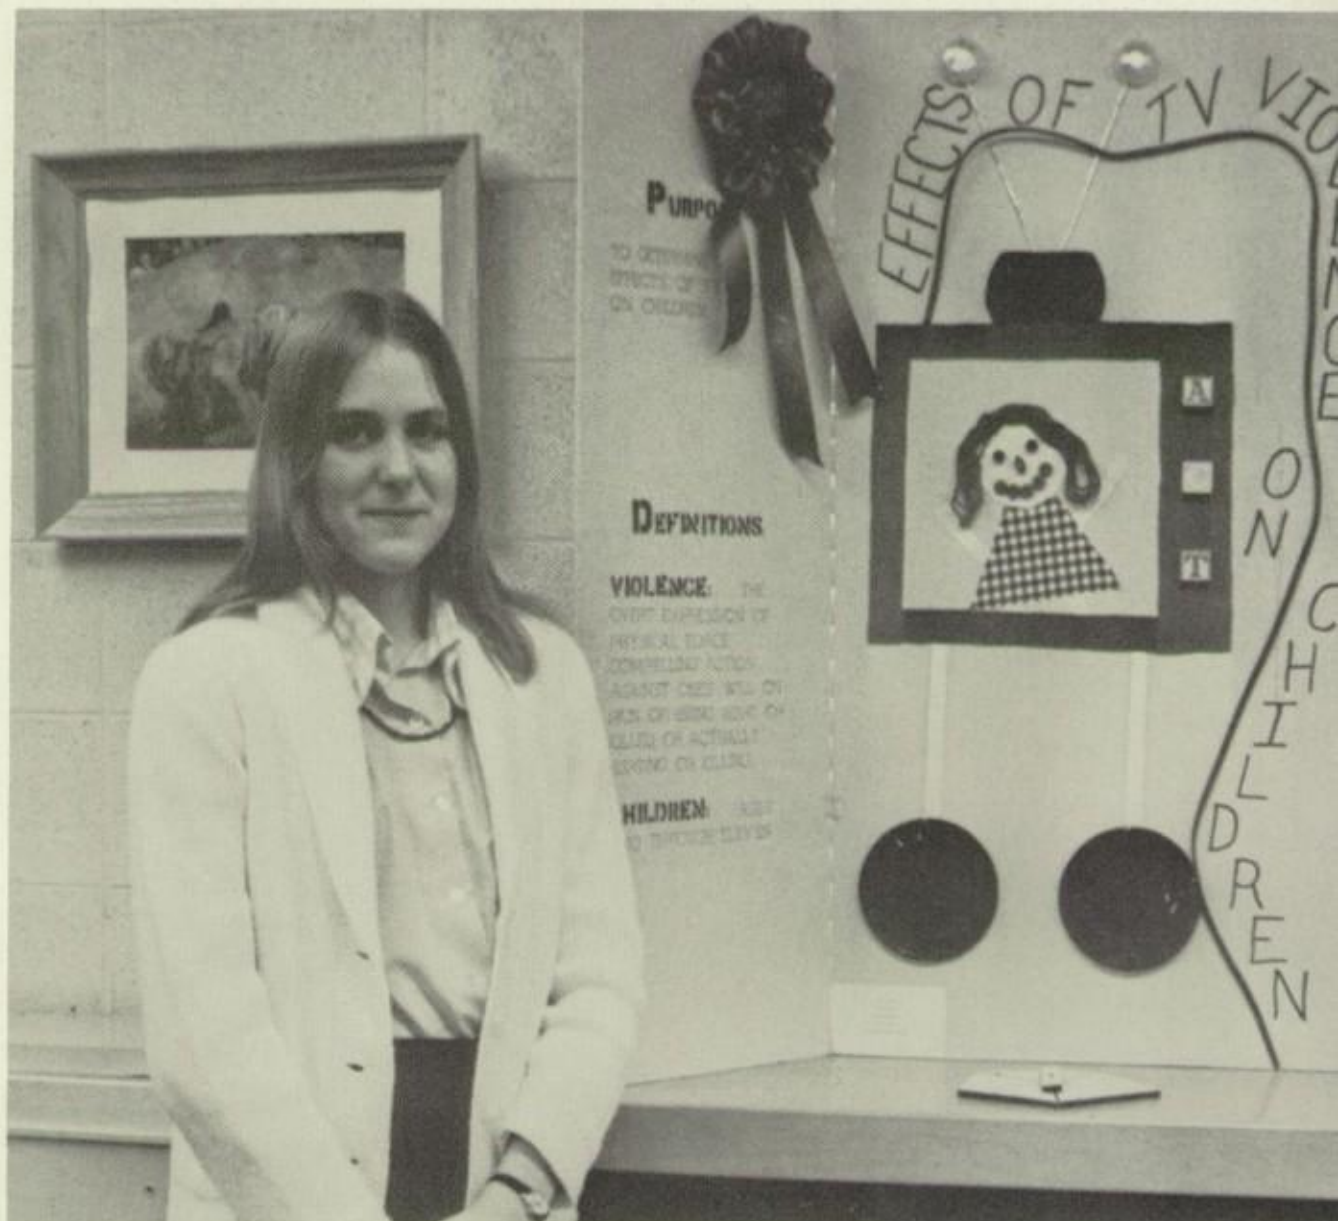

FRONT ROW, L to R: Paul Schillings, Cindy Hicks, Cindy Giles, Deannie Coburn, Charlie Bryant, Tony Smith, Kerrie Stokes, Brian Merck, Mike Floyd, Mark Broyles, Mike Roy, Cmdr. May.

ISSS

The purpose of the Independent Social Science Studies is to furnish individuals with time and assistance to research topics that appeal to them in the social science field. They become acquainted with research methods by engaging in independent study, and present their acquired knowledge in that topic by an entry in the local Social Science Fair. Mildred Warner captured the Grand Prize award this year with her entry entitled: "The Effects of TV Violence on Children," while Richard Scoville was awarded the first place ribbon on his entry, "Data Bank and Computerized Credit: A Threat to Privacy." These members then continued into Valdosta Regional competition, with the winners there going to state competition.

ISS

Providing select students with equipment, space, and amazing patience and help, the Independent Science Study attempts to solve some of the fascinating riddles of science. A few of the questions investigated this year were:

1. The effects of gamma radiation on amino acid synthesis and /or incorporation in *chlorella vulgaris*.
2. The effects of mercury on metabolism in unicellular algae.
3. Relationships between water salinity and local range of *Ostrea Virginicus*.
4. The relationship between Aboriginal population and density of shellfish population.
5. Behavioral studies of marine life.
6. Metabolism of mice under pressure.
7. Protein sources of Coastal Georgia Indians.

Science Club

Formerly known as the Biology Club, the Science Club revised the club constitution as well as the obvious change of name. The club enjoyed numerous interesting speakers and a field trip to Skidaway Oceanographic Institute in Savannah. A third place rating on their car entry in the Homecoming parade brought the Science club honorable mention.

IRC

The purpose of the International Relations Club is to promote understanding of national problems on a personal level. Apparent lack of interest among the students almost abolished the IRC at the beginning of the year. But the concern of students revived the club with a doubling of the membership. The donation of a Thanksgiving basket and participation in the ICC Christmas party were among their many activities.

Scabbard & Blade

BHS saw the emergence of a new club to serve as an extension of the NJROTC company. The purposes of the Scabbard & Blade Club are to coordinate all activities of the NJROTC unit, to instill a sense of pride in BHS and the NJROTC, and to improve the NJROTC image in the school and community.

Debate

This year's Debate Team had a tough path to follow with last year's team rating No. 1 in the state. Under the new advisor, Ms. Nichols, the debate team viewed a debate tournament in Valdosta and participated in a debate seminar in Athens. The team lost to Glynn Academy in Region competition. They also presented debates on the proposed 5-3-4 plan for the students' benefit to better inform them of all the points included in the program.

The Future Homemakers of America have outdone themselves again in the number of activities they engaged in this year. Ranging from permanent football banners (made of cloth) to electing the Most Courteous at BHS, the FHA became involved in school as well as community activities. The club sponsored three booths in the Exchange Club Fair with all three placing in competition. Terri Keen and Susan Fox won two first place awards for their booths, and the larger club booth won a seventh place award. Some of the activities of the year included the annual Mother-Daughter Banquet, a Christmas Tea for the teachers, sending patients at the Nursing Home Valentine cards, sponsoring an FHA week, a car entry in the parade, a Christmas dinner, and decorating the campus with brightly painted trash cans.

FFA

The Future Farmers of America encourages young men to think seriously about a career in farming. Participation in the Exchange Club Fair brought with it several benefits as many FFA'ers received prize money for their booths as well as a chance to show what they had learned. Numerous camping trips to the FFA camp on the Satilla River were made and many worthwhile events were sponsored during national FFA week.

VICA

Members of the Vocational Industrial Club of America are employed in industry or business capacities. They also learn skills, techniques, and procedures of their occupations enabling them to make a smooth transition from graduation to full-time employment if desired. A portion of the school day is spent academically with the remainder providing the VICA students with the first-hand experience of putting their skills to use at their job.

DECA

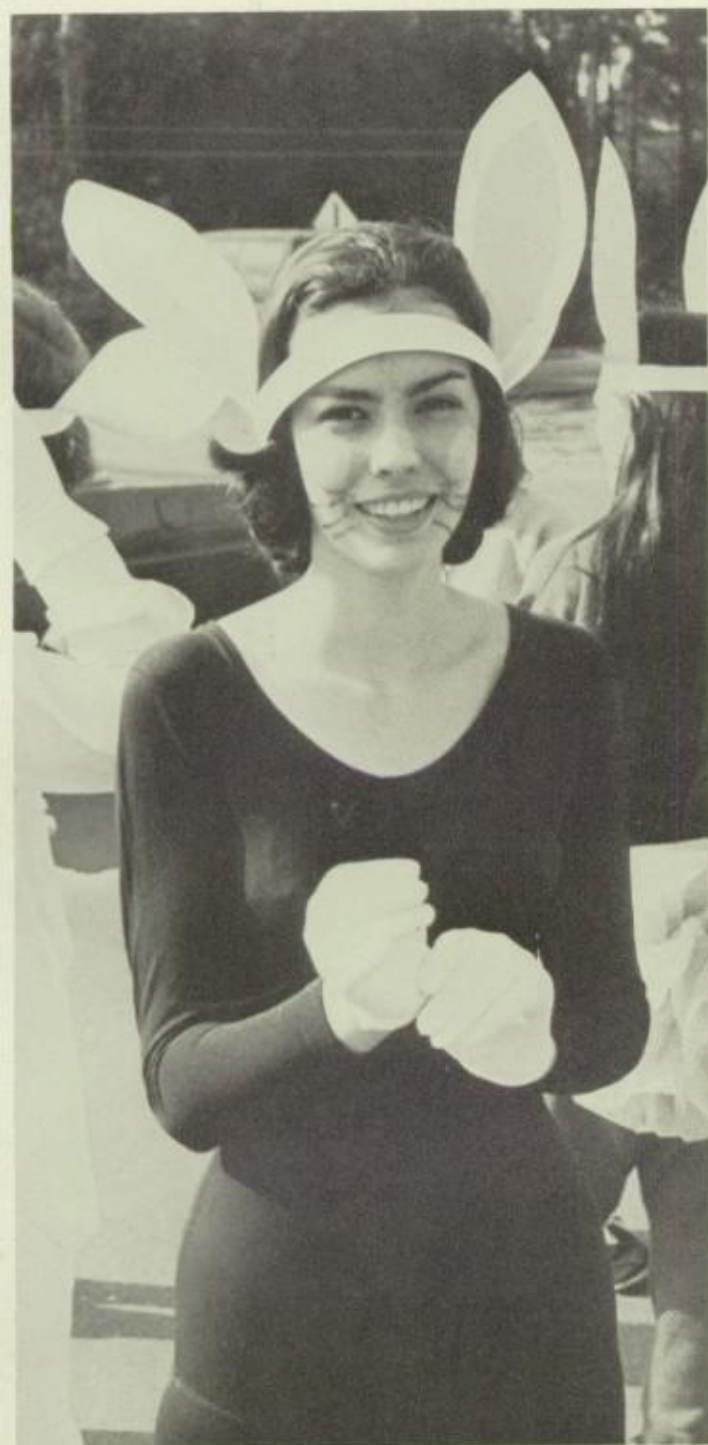

Diversified Educational Clubs of America members are made up of students interested in marketing and management. DECA stresses the practical side of education by combining academic classes with on-the-job training. Students are involved in leadership, community, and vocational development.

FRONT ROW, L to R: Susie White, Julie Duggar, Susan Crumbley. BACK ROW, L to R: Gail White, Theresa Adams, Cindy Pittman, Delores Polite, Charleen Pacquin, Cathy Livingston, Eddie Wildsmith.

FBLA

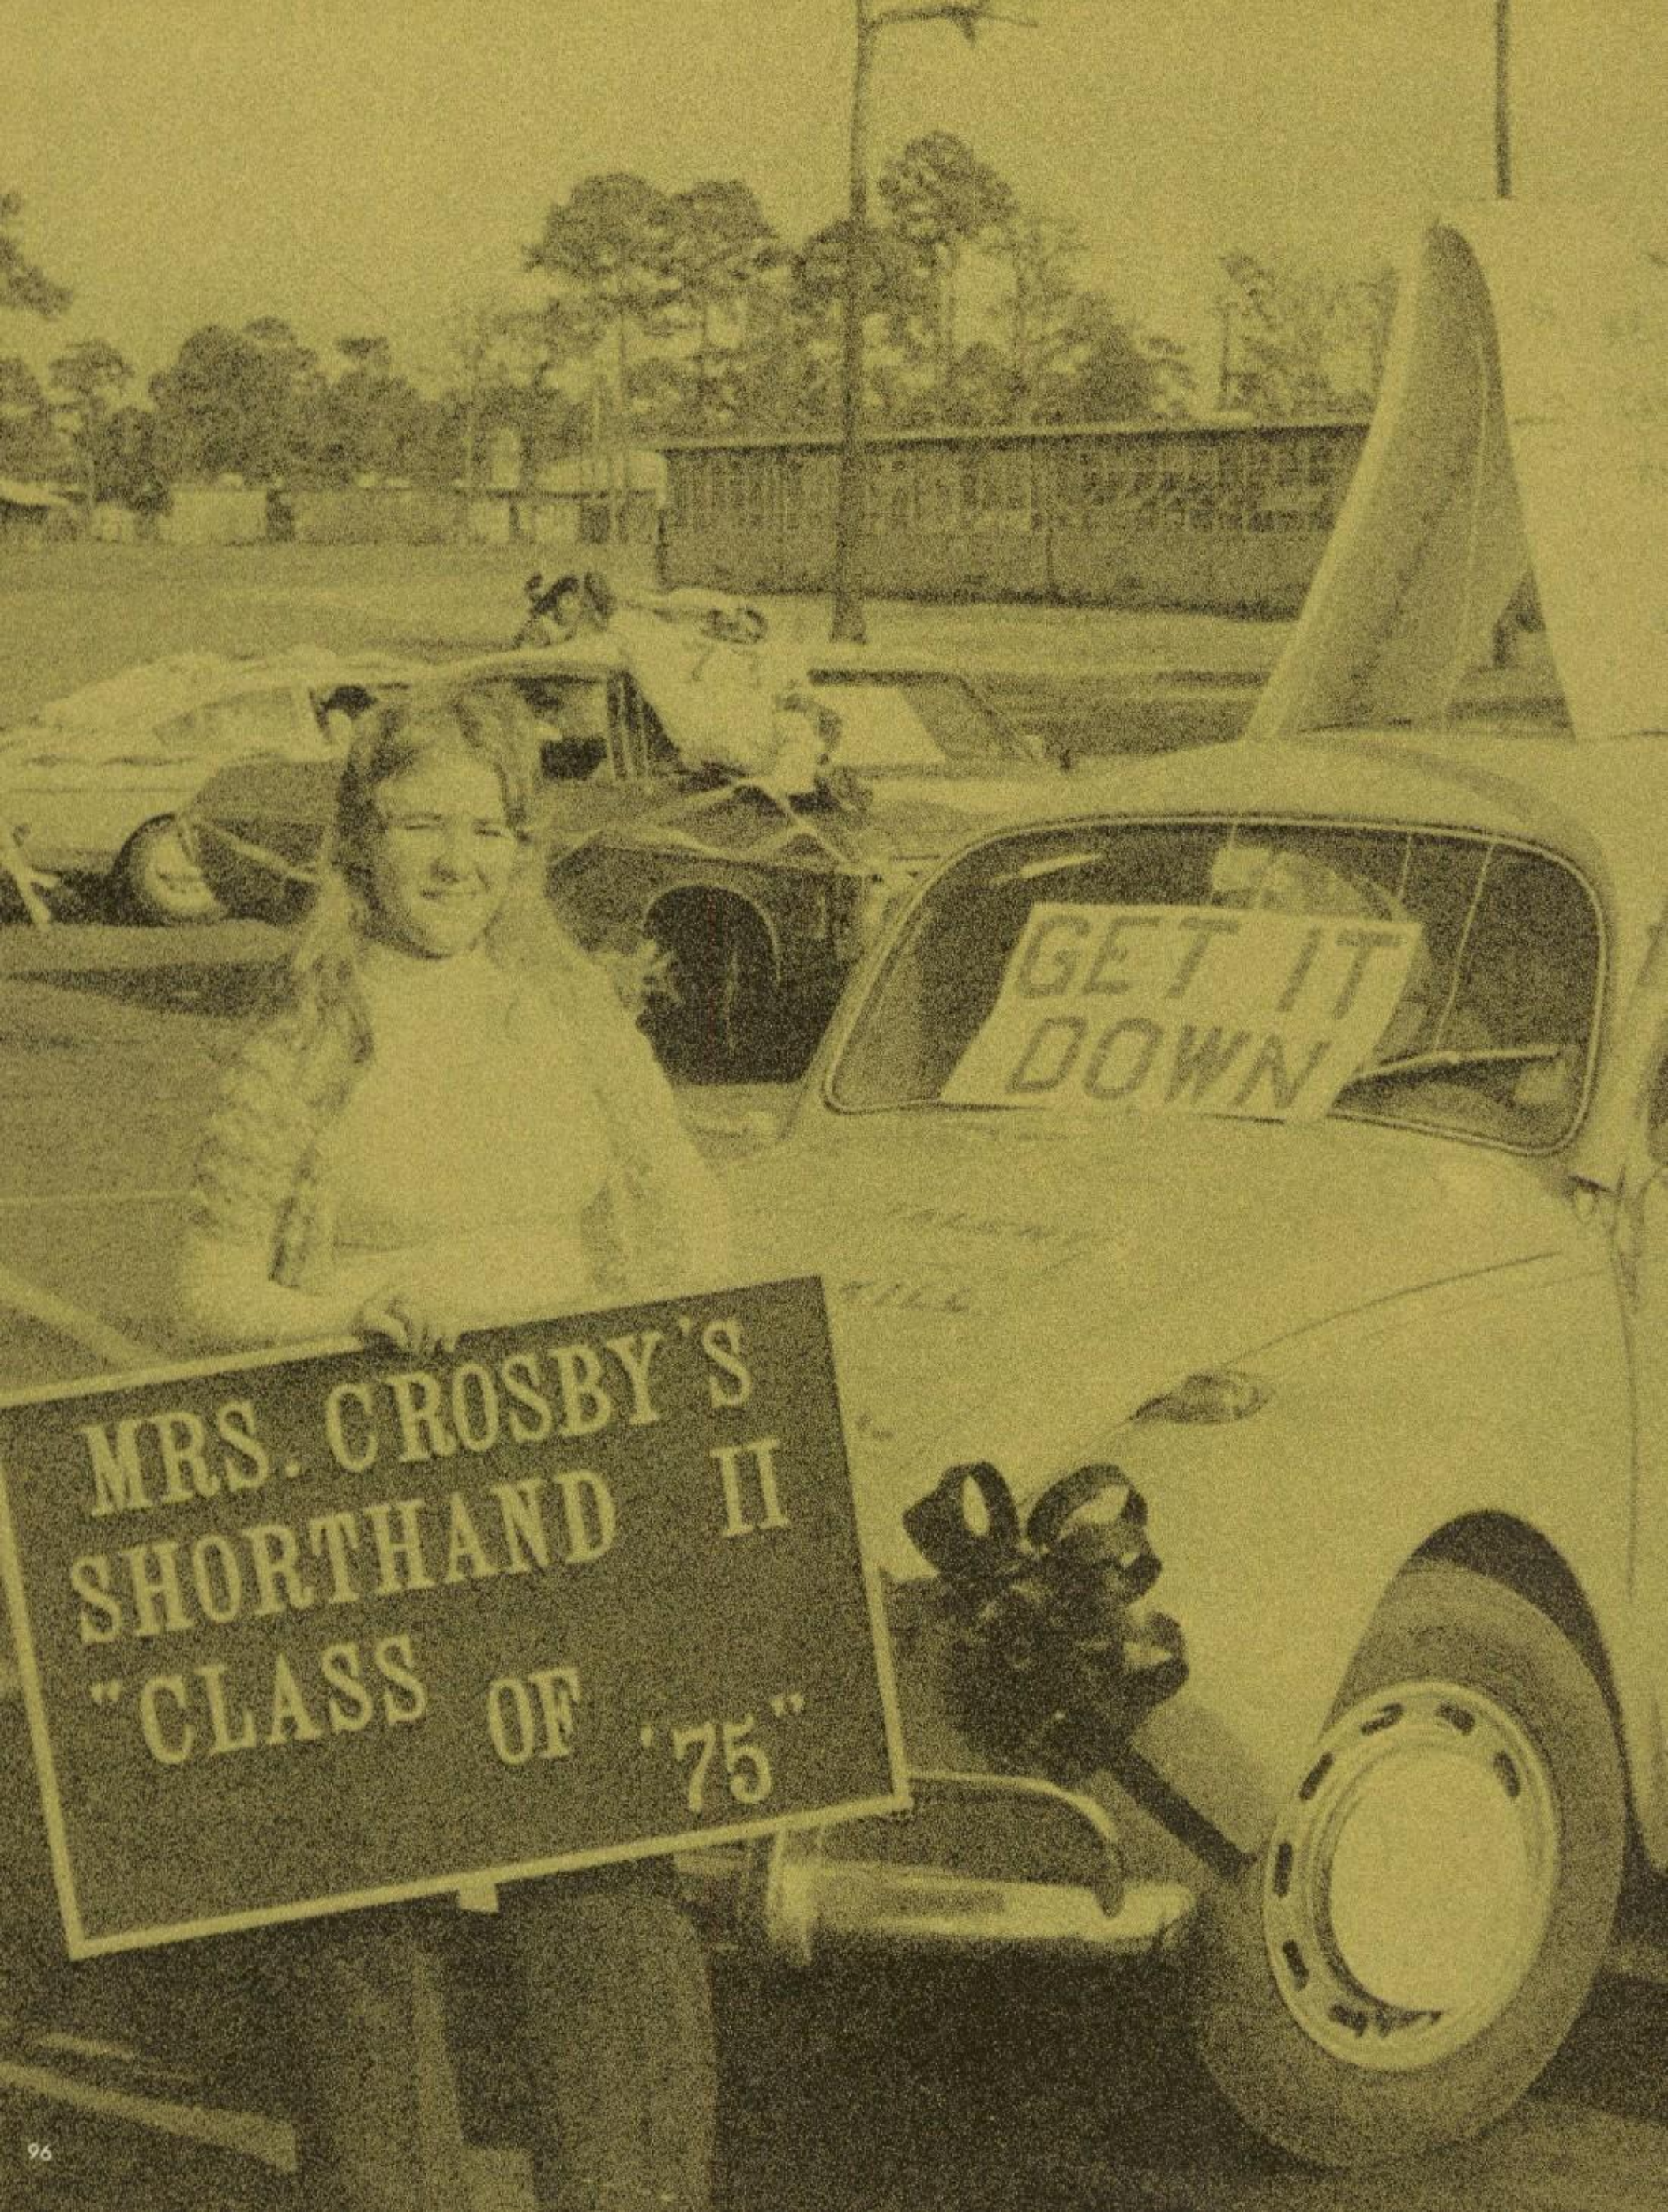

The Future Business Leaders of America has been one of the most active clubs at Brunswick High this year, participating in practically all extra-curricular activities such as Homecoming, where they won first place for their car entry; donating a Thanksgiving basket; and many annual activities such as mums and the student "Buzz Book." The enrollment has doubled this year constituting one of its most successful years. Developing competent and aggressive business leaders is their main objective but they also served as the No. 1 spirit booster, providing much of the spirit that led to our victories over Glynn Academy.

FIRST ROW, L to R: Melanie VanArtsdalen, Rhonda Morgan, Debbie Browning, Ellen Harry, Pat Holt, Darlene Hinson, Denise Westberry, Gina Davis, Gloria Chapman. A major part of the student's life consists of cooperation with other members of the school, whether working towards a community goal or personal ambition. Many students have shown their concerns and interests through participation in various club activities.

Some students who wished to become FHA members could have easily found themselves having second thoughts as they faced each new task in the annual initiation.

A popular sight around BHS is the profitable bake sale, one means by which clubs collect substantial funds.

Inspired by the overwhelming Pirate Victory, FBLA members sponsored a breakfast for the football team, in appreciation of their hard work.

The ICC gave its annual Christmas party for the children of the Easter Seals Center. Mass Media students initiated a weekly radio show entitled "Pirate Country." The show aired club and athletic news, as well as recognition of individual achievement.

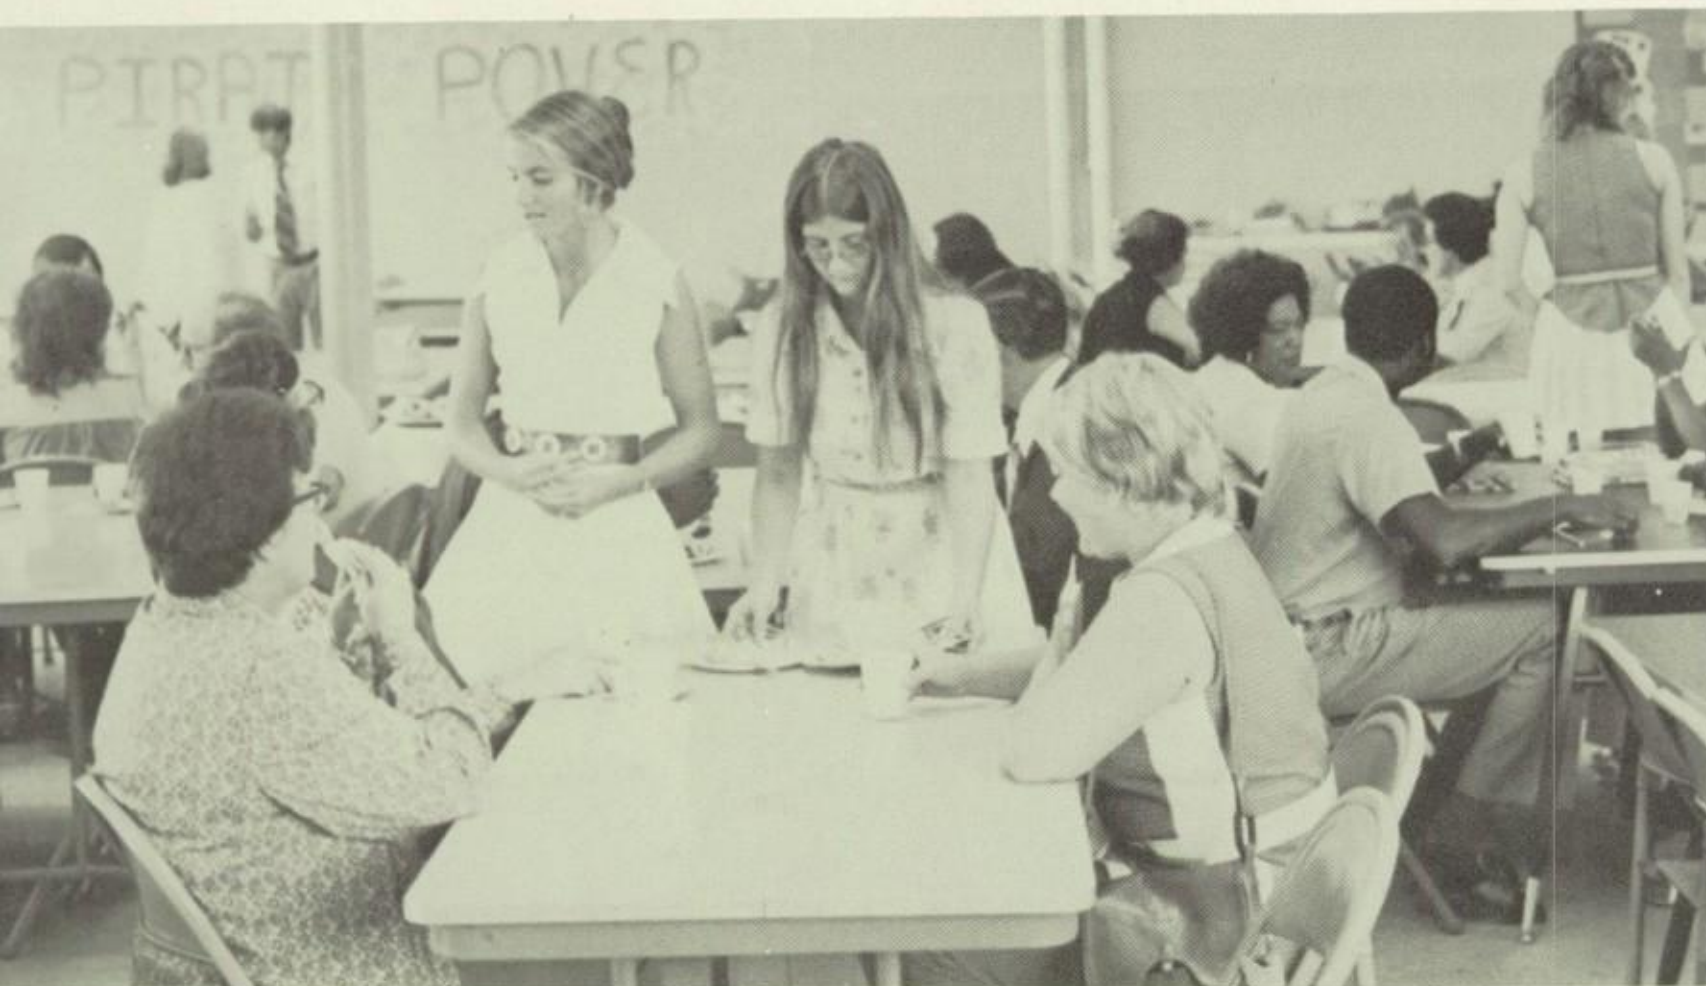

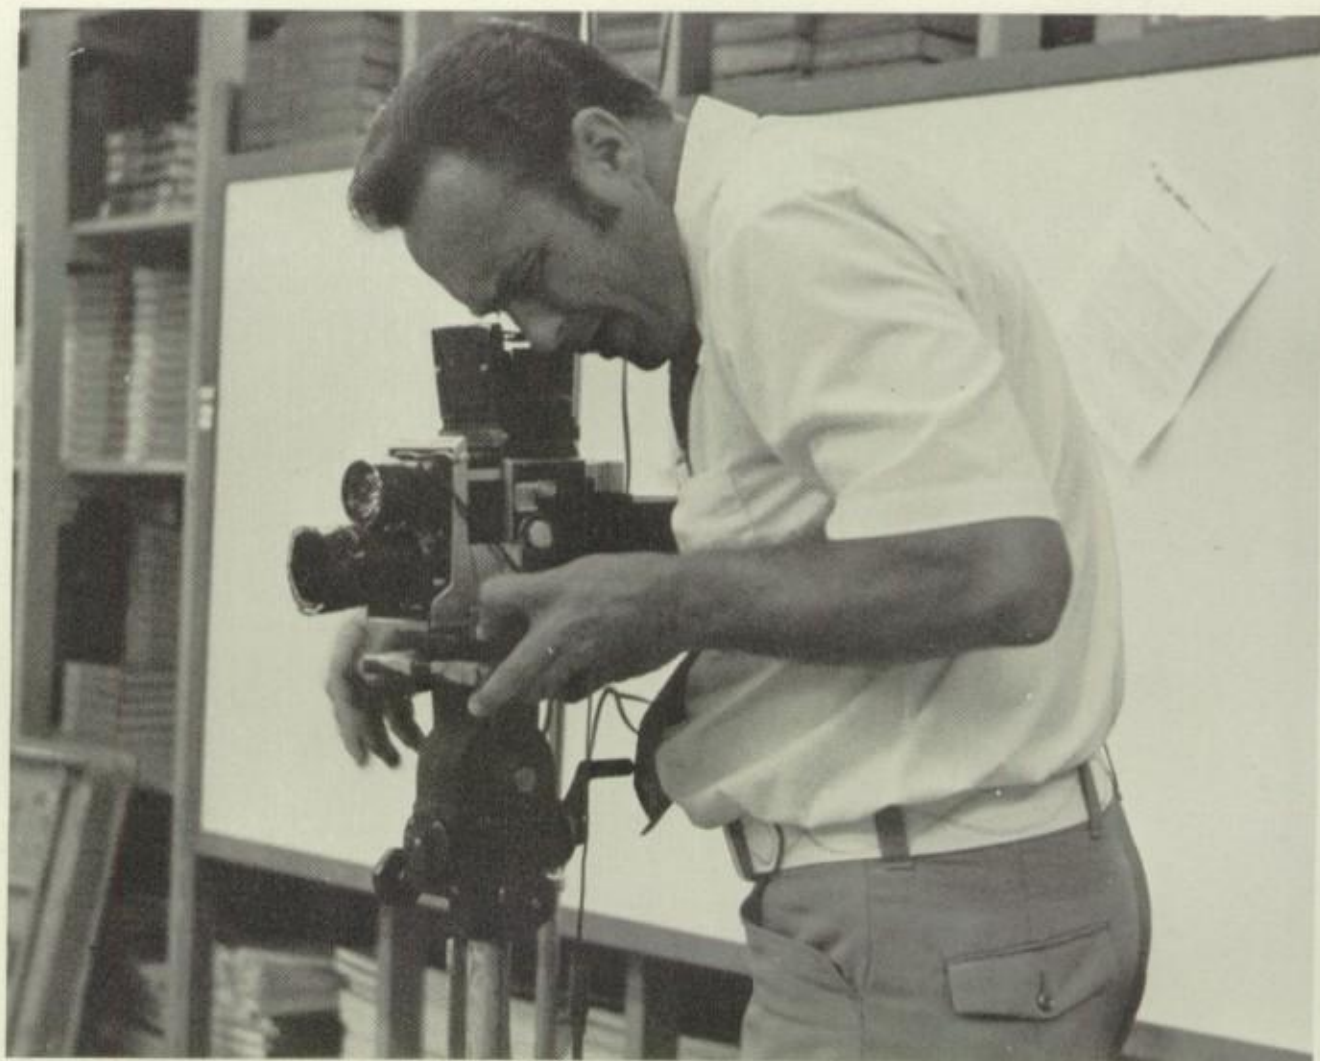

Weekly the Drama Club presented humorous skits for football pep rallies. A favorite was the "Dead Spirit" skit, which has come to be synonymous with "Spirit Week." The Faculty and Administration enjoyed the goodies prepared by FHA in their annual Christmas Tea.

The sparkle and excitement of the third annual NJROTC Ball climaxed with the announcement of Deannie Coburn as the 1974 NJROTC Queen.

With a tremendous turnout, the Faculty and Administration expressed their appreciation of the Student Council-sponsored Teacher's Breakfast.

Certain phases of student life never change: events such as ring ordering and picture day, interest in competitive sports, and concern for the welfare of the school.

The 1974 Homecoming parade got under way as last minute details were completed. The entries reflected many hours of hard work and dedication. Each exemplified the theme "We Can Make It Happen." Judged on originality, appearance and adherence to the theme, first-place float was Sophomore Class, second-place float was Senior Class, first-place car was FBLA, second-place car was Art Club.

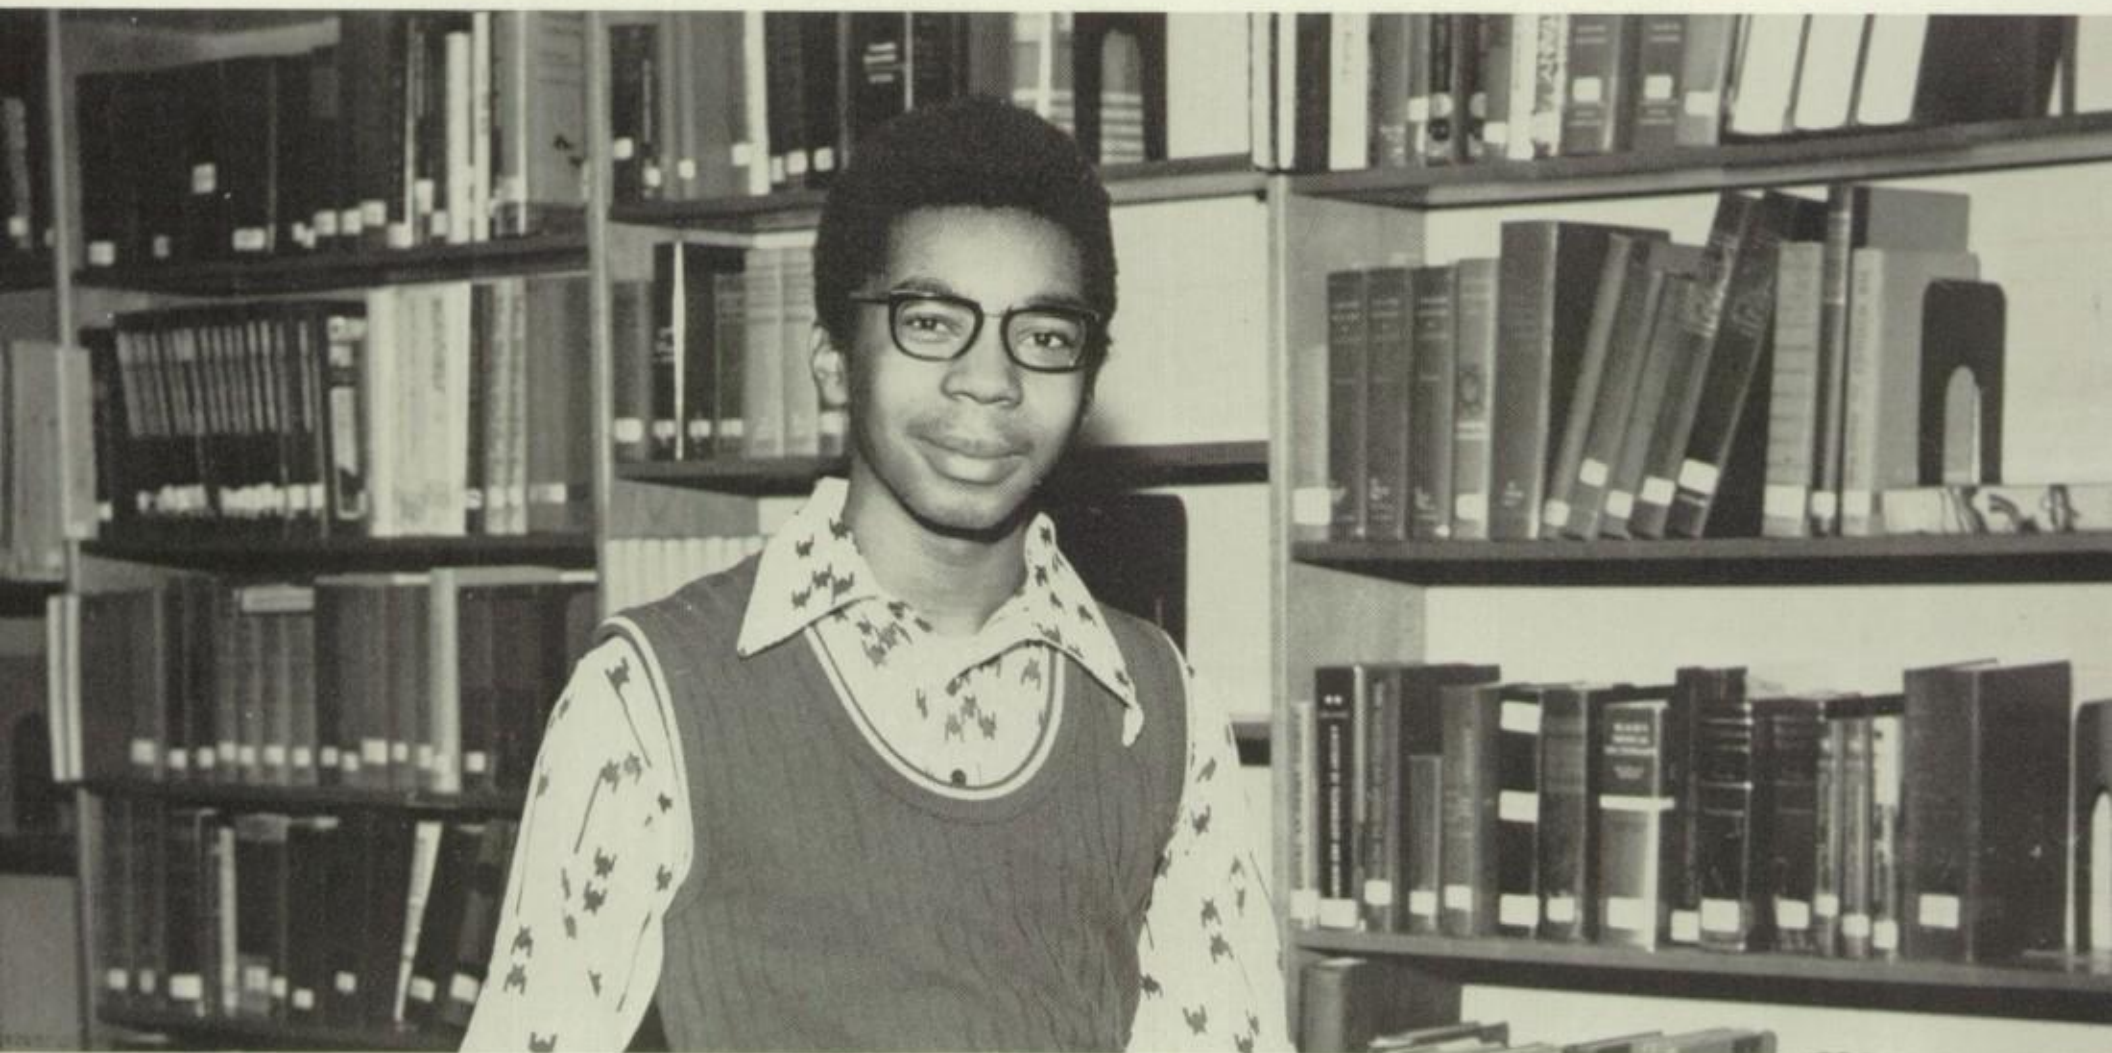

Evening activities were highlighted with the announcement of Liz Dills as the 1974 Homecoming Queen. Escorted by her brother, Johnny Dills, Liz was crowned by Cathy Knox, 1973 Homecoming Queen. The entire Homecoming Court included: Lelia Lewis, Patti Shupe, Sandi Warwick, Carol Stright, Liz Dills, Annette Tyson, Annette Miller, Louhazel Norris, Paula Owens, and Cathy Moody. After a close game to Savannah High, a dance featuring Toll Darkness concluded the evening.

National Achievement Finalist

Another program similar to National Merit is the Achievement Scholarship Program for Outstanding Negro Students. This is a nation-wide competition that offers college undergraduate scholarships and services to increase the educational opportunities of academically able black students. George Miller is this year's recipient of the National Achievement Award.

GEORGE MILLER

Star Student

One of the most coveted honors of high school seniors is the STAR Student award. Sponsored annually by the Georgia Chamber of Commerce, the program recognizes the top academic senior in each school. Selection is based on the Scholastic Aptitude Test and academic performance in the individual school. Brian Merck, 1975 BHS winner, will compete against Glynn Academy for the Glynn County award, and then hopefully district and state competition.

BRIAN MERCK

Football Awards

Dan Gardner, the Most Valuable Player for three weeks during the 1974 season, was designated Outstanding Rookie of the Year on defense. John Hightower was selected Rookie of the year for his outstanding blocking and durability. John, a sophomore, started in every game for the Pirates. Player of the week in the Jesup game was David George, Co-Captain of the Pirate team. In this game, he made several jarring tackles and caught a player from behind to save a touchdown. Another three-time winner of the week was Gary Shavers, a leading receiver for the Pirates. The trophy for the Most Valuable Offensive Player for 1974 was Kenneth Dawson. Rushing for 1,016 yards, Dawson established a new rushing record for the school and the city. James Tyler, playing the corner position for the Defensive Pirates, was awarded for the Most Valuable Player on Defense. Mike Couch, junior quarterback, received the player of the week for his passing against Jenkins. The Bud Couch Scholastic Award was given to Burnette Rooks, split end and president of FCA. This honor goes to the senior with the highest scholastic average. Davey Sweat's catching against the Yellow Jackets gave him the award of Player of the Week. His leadership and inspiration was a great asset to the team. Davey was senior co-captain for Pirates for 1974.

Six Brunswick High scholars attended the Governor's Honors Program held this summer in Macon at Wesleyan College. Brian Merck, Hal Pate, Mike Roy, Lynne Teele, Sharon Thornton, and Mildred Warner were chosen as six of the four-hundred in Georgia to attend. Majoring in various areas, these students attended seminars by speakers and students, concerts by the GHP band and chorus, they took field trips to areas of interest, and enjoyed a visit by Governor Carter. The presentation of the musical "Brigadoon" was a first at G.H.P. The students participated in the unique learning and social experience, met many new friends, and thoroughly enjoyed their summer.

National Merit Scholar

Every high school junior is familiar with the Preliminary Scholastic Aptitude Test National Merit Scholarship Qualifying Test. This exam, which is as bad as its name, identifies and honors academically talented young people and also increases scholarship opportunities. Semifinalists are announced in September of the senior year and finalists in the spring. Brunswick High's National Merit Scholar is Tom Watson.

TOM WATSON

Betty Crocker Homemaker Award

Susan Fox is Brunswick High's 1974-75 Betty Crocker Homemaker. Susan scored the highest mark ever made at Brunswick High on the written knowledge and aptitude examination. She is now eligible for state and national honors. Susan was the president of the BHS chapter of Future Homemakers of America in her senior year and was active in the organization throughout high school.

Annually the Optimist Club sponsors "Youth in Government Day," during which elected students participate in offices of our city government. This year, after a brief description of the respective offices, and a tour of the city's new improvements, the day was concluded with a banquet held at the Exchange Club.

D.A.R. Citizenship Awards

Each year the Brunswick and Frederica Chapters of the Daughters of the American Revolution recognize outstanding Senior girls by honoring them with citizenship awards. Debbie Jennings and Patti Shupe, recipients of the awards this year, were chosen by faculty members on the basis of dependability, leadership, patriotism, and service. Winning this award, the girls are eligible for higher honors from the DAR.

FBLA State Winner

Cindy Eades, 1973-74 president of the Future Business Leaders of America, attended the National Leadership Conference in San Francisco last summer. She had earlier earned the honor to compete in the accounting contest by winning first place at the State Leadership Conference in Atlanta. She represented her school, club, and state well by scoring fifth highest, competing against other accounting students across the nation.

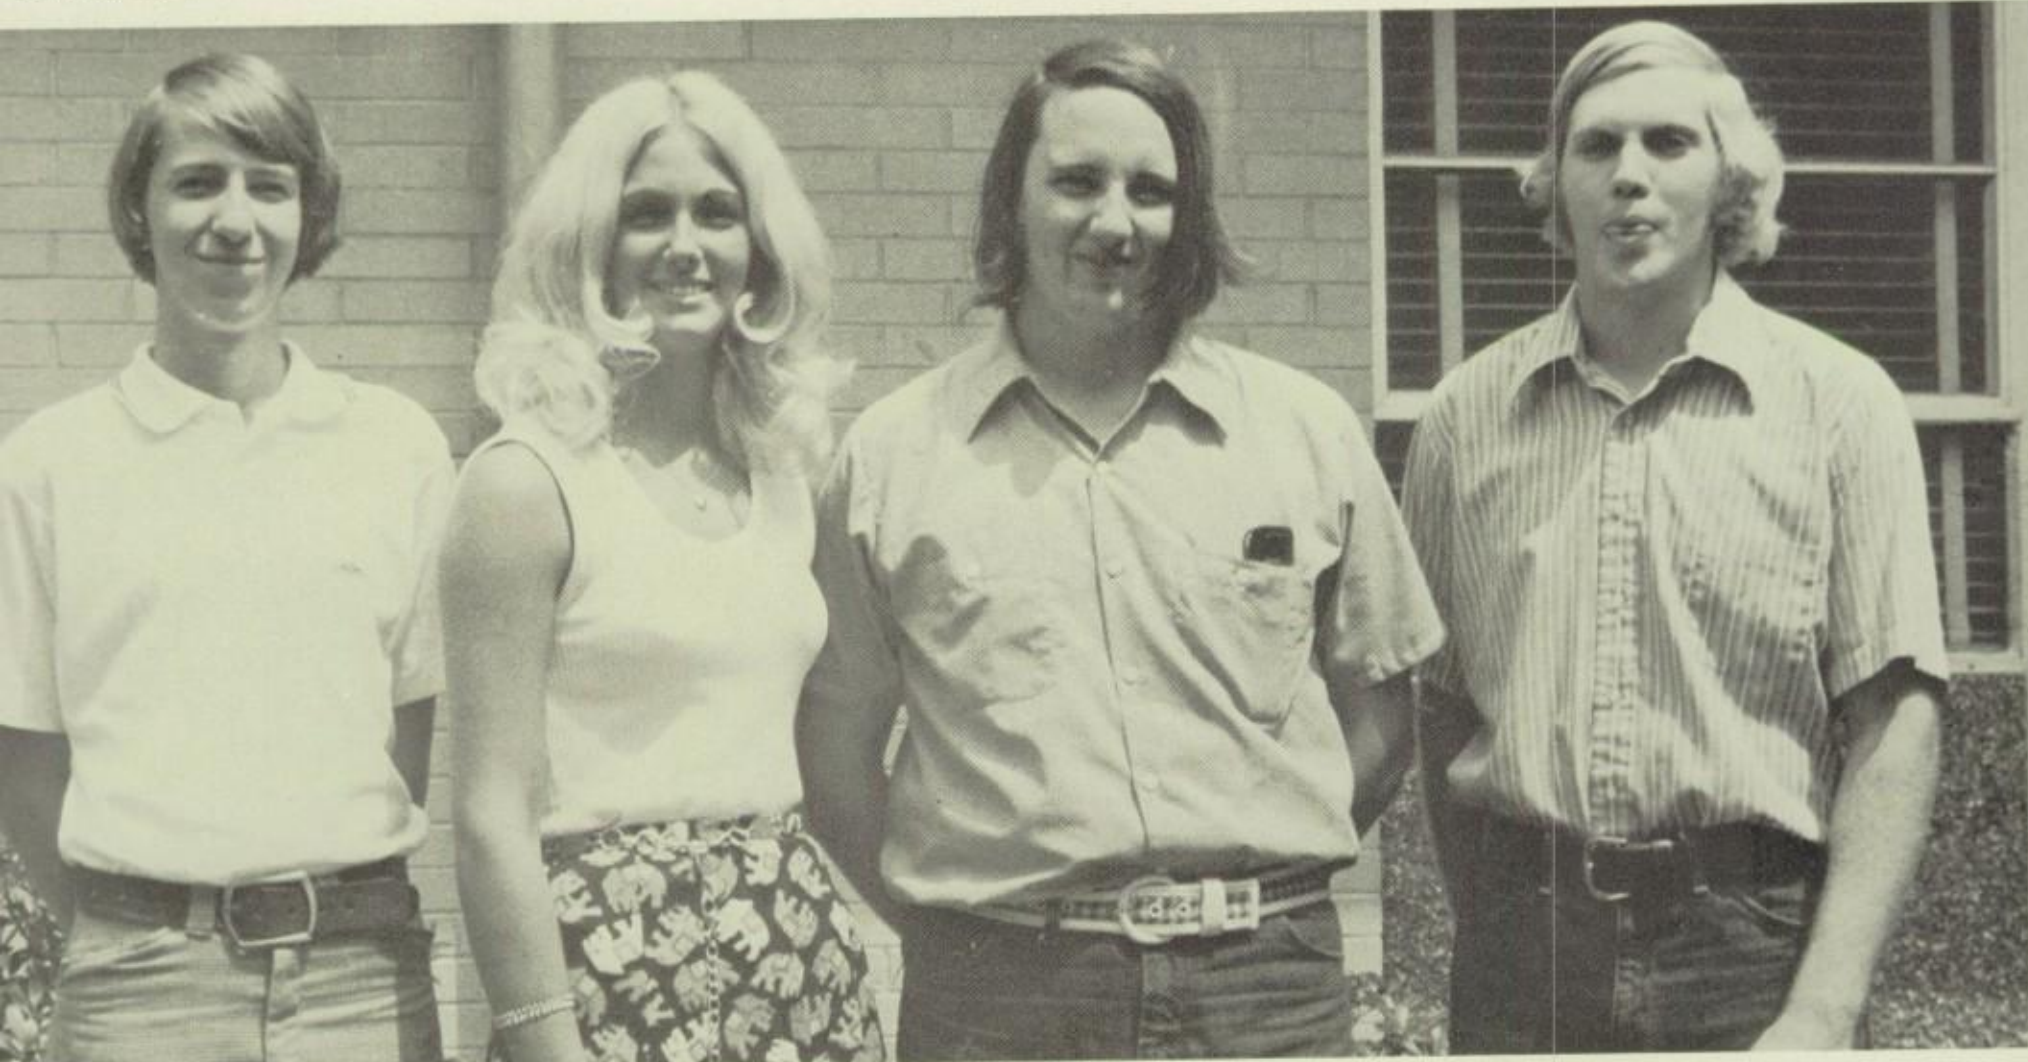

CINDY EADES

Math Team

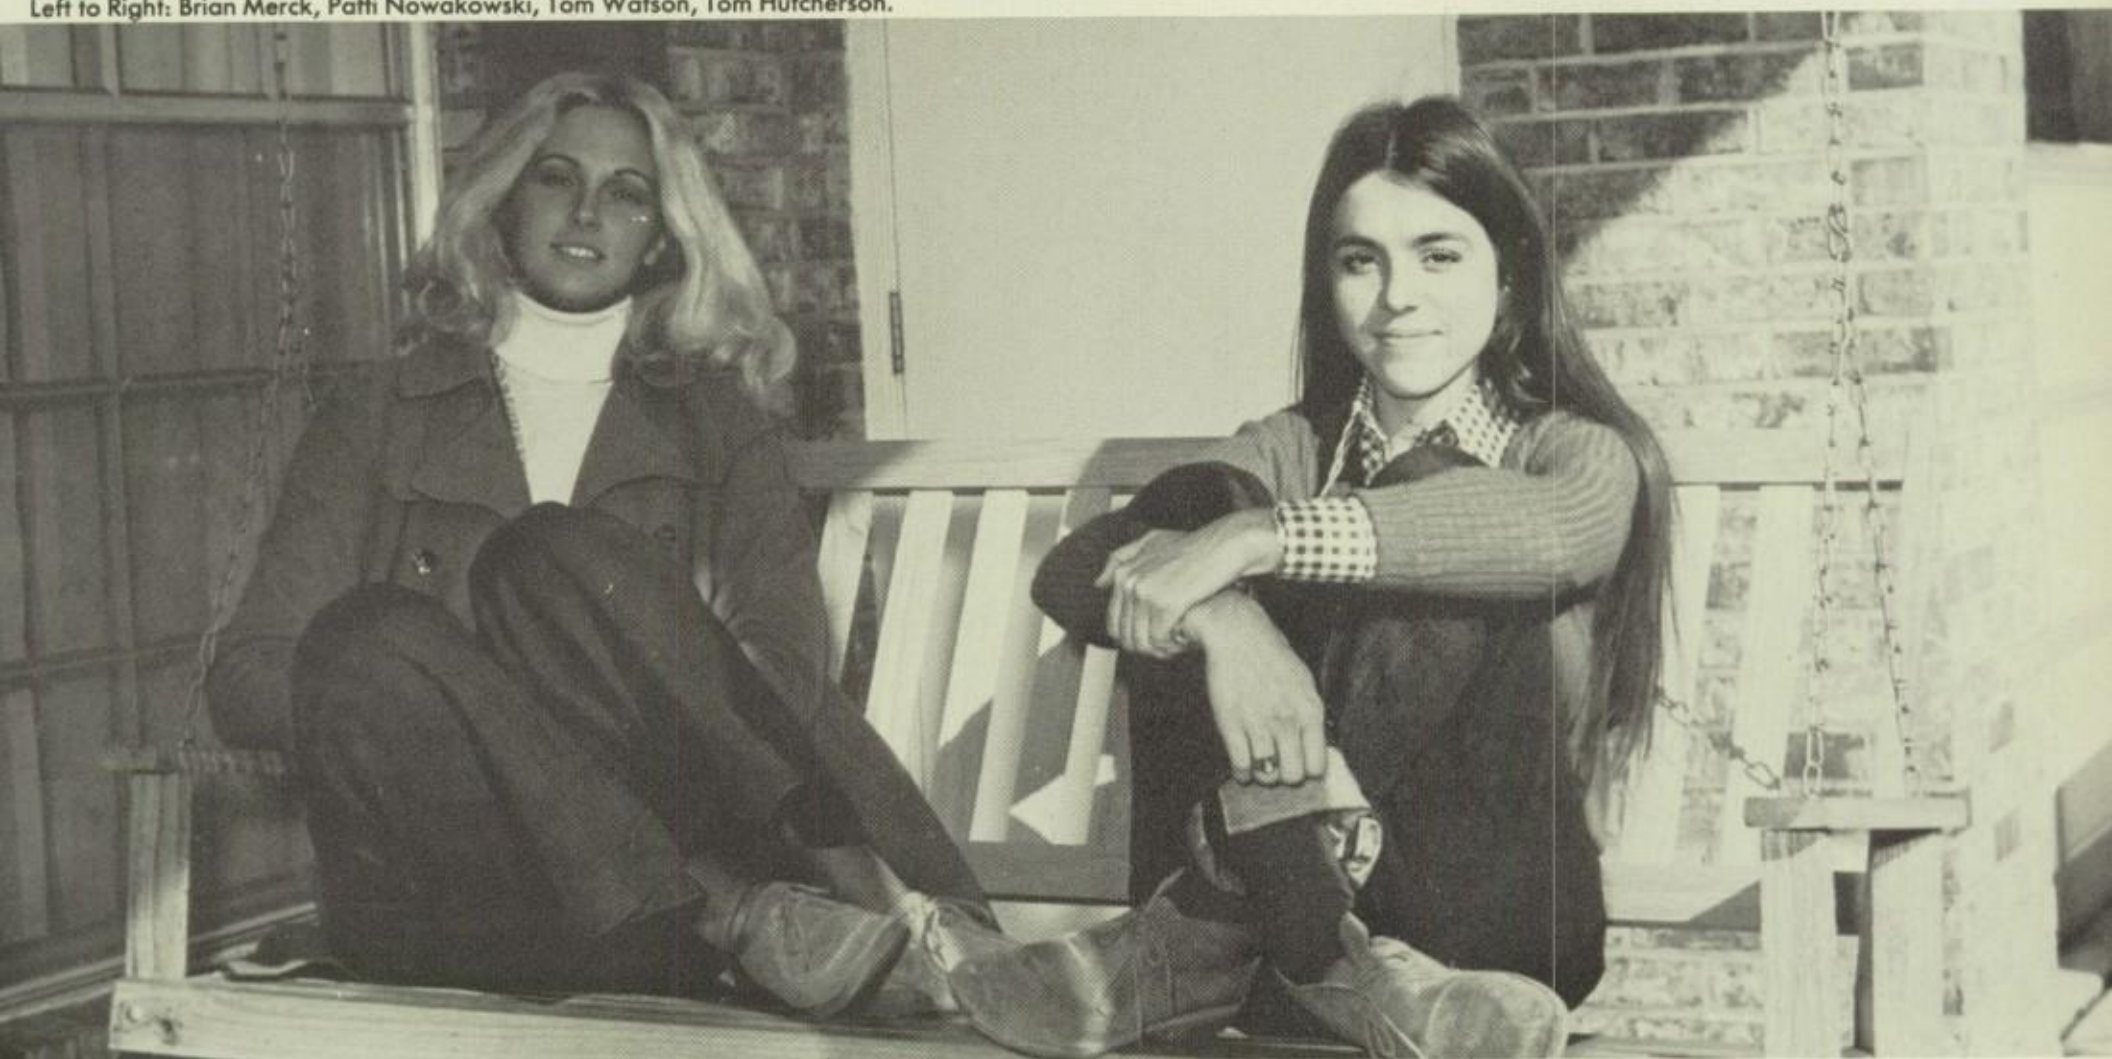

Last spring Brunswick High's Math Team participated in a tri-county contest. Counties participating were Glynn, Wayne and Camden. The contest consisted of an individual test, a group oral and written quiz, and an individual oral quiz. Brunswick High placed first in school competition, while Joe Brinson, captain of the team, placed first in individual competition.

NCTE Writers Award

Brunswick High School was fortunate again this year to have two NCTE Award recipients, Patti Nowakowski and Patti Shupe. Every year the National Council of Teachers of English recognizes outstanding students for their writing ability. Each participant must submit an autobiography, an impromptu theme, and that piece of writing he deems his best. On this basis these two students were chosen out of many in the State of Georgia.

ACADEMICS

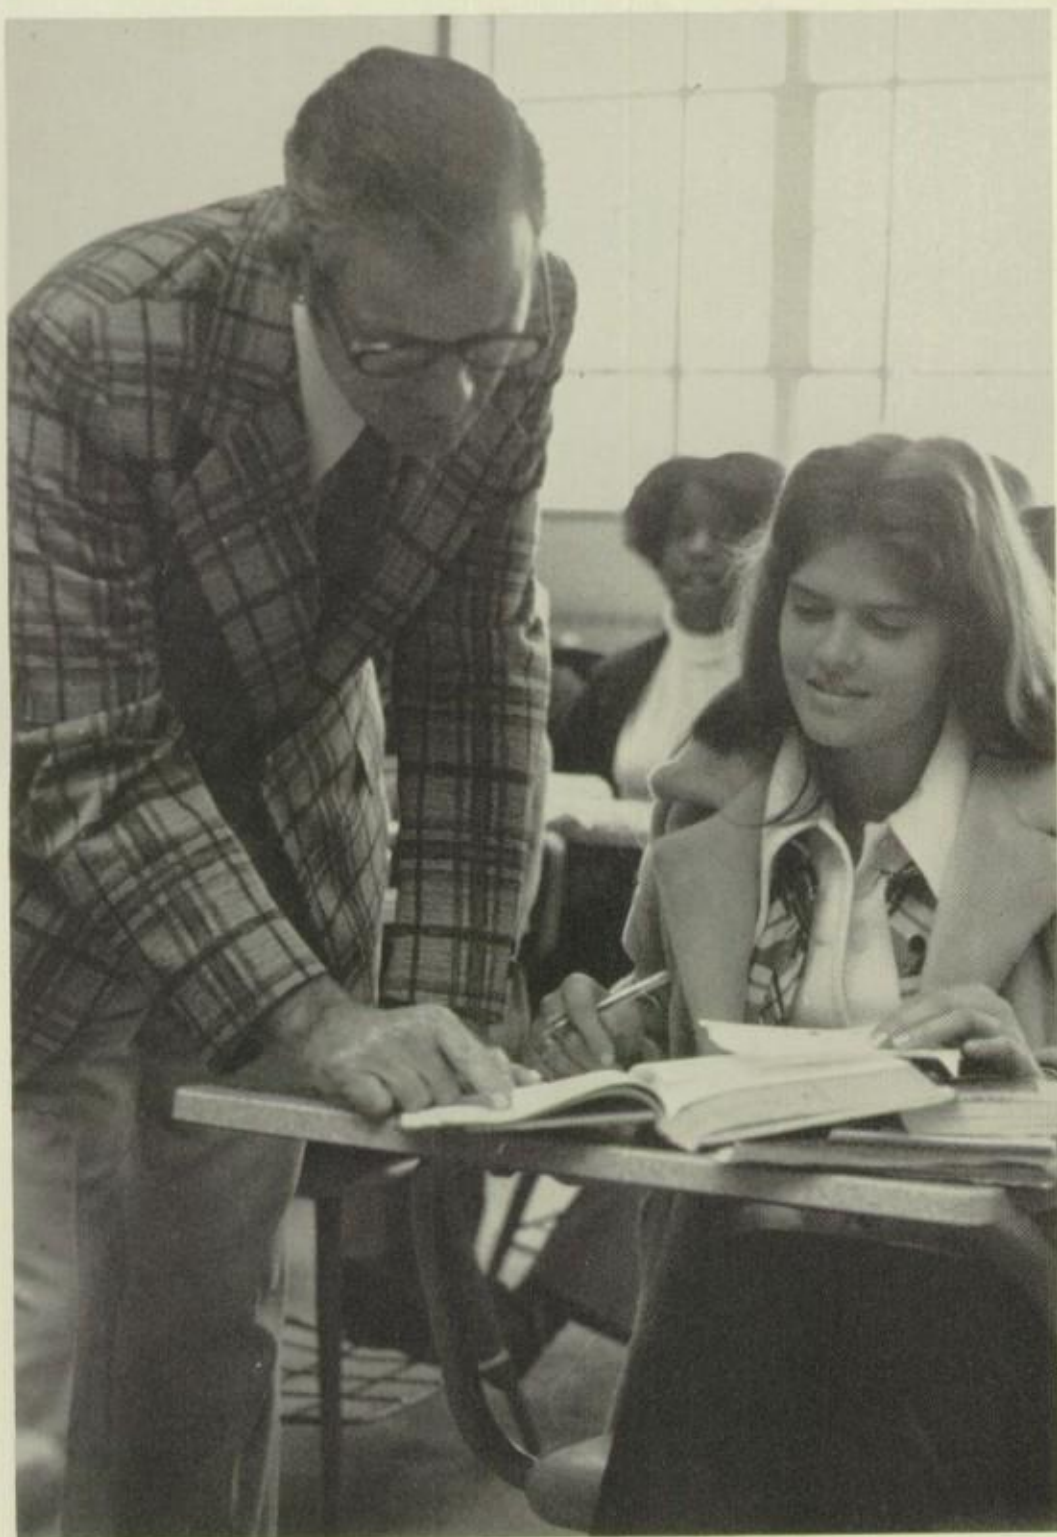

Administration

Not many people would trust the school to a principal who turns cart wheels on the football field, but we at Brunswick High are a little different, and he is no exception, being the perfect epitome of Pirate Spirit. As an administrator his devotion cannot be measured, but is reflected in the unique pride he takes in every aspect of Brunswick High School. He is our one and only Mr. Couch.

Faced with a less appealing facet of the administrative duties are Mr. Stapleton and Mr. Carter. It falls their lot to keep the students at BHS in line. Their efforts are rarely appreciated and even less often commended. Their acrobatics are not as polished as Mr. Couch's, but their enthusiasm for BHS is felt nonetheless.

Guidance

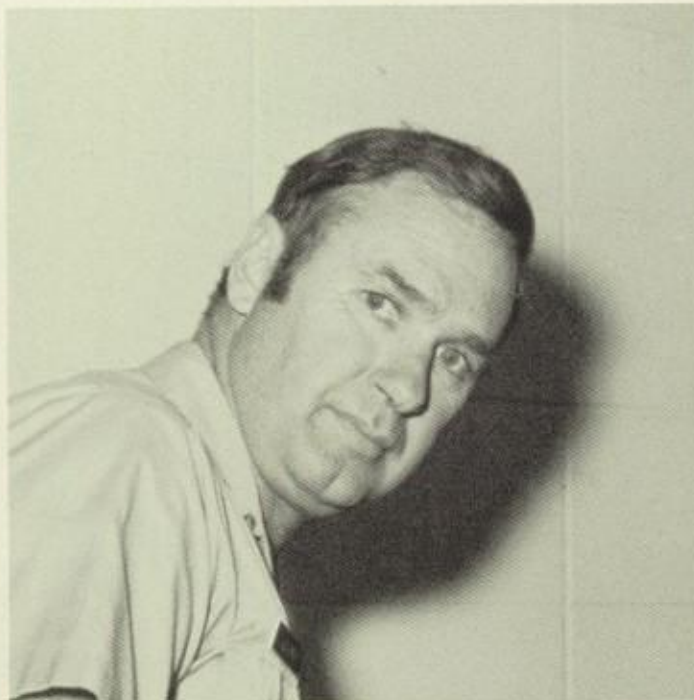

The Guidance Department came through with flying colors after orientating bewildered administration, faculty and students in the fundamentals of the quarter system. As a result of many hours thus spent, certain members of the Guidance Staff have developed intimate relationships with a computer in Sioux City, Iowa. Coupled with the monstrous task of orientation are the routine responsibilities of academic and private counseling.

NJROTC

The Women's Liberation Movement has taken its toll in the NJROTC department at BHS. This year, girls were admitted to the excellent program of transforming high school students into informed leaders with a strong sense of self-reliance, a knowledge of responsibilities of citizenship in a democratic society, and an appreciation for the Navy's role in national defense.

Library

The library offers a vast array of academic and pleasure aides. In addition to numerous reference books, magazines, and factual documents, the library offers novels, record players, and a microfilm reader. The expanded area allows more students to utilize the facilities, and benefit themselves and their surrounding. Mrs. Brumit and Mrs. Stevens are ever ready to help students in any way, yet at the same time they can successfully enforce library rules.

English

The quarter system has brought change and improvement to the already excellent English Department at Brunswick High. The student may now choose from a variety of grammar and composition courses as well as a wide range of literature, acting, debating, and reading courses. With these broadened opportunities each may explore and excel in his chosen niche.

Mathematics

Somewhere amidst all the other required courses, mathematics makes its appearance. Daily, students are faced with "brain teasers," x , y , z , coordinate planes, countless geometry theorems, "the humblers," and most dreaded of all, "the word problems." Frustration and seemingly worthless work make the going rough, but the usage of hind sight illuminates the fact that reasoning, above all, was indeed being taught and learned.

Science

Students participating in the science field at BHS this year, as always, were able to research, experiment, and find answers for everyday phenomena. Certain courses are still required, but many new classes have been offered to allow research and experimentation in a greater spectrum of science. After surveying student's interest, classes in astronomy, oceanography and zoology were taught for the first time.

Social Studies

Giving special insight and an understanding of the social aspects of life are the prime objectives of the Social Studies Department. This year, under the quarter system, the department was able to include such courses as Ethnic Studies, Courts and You, and World Events. Alistair Cook films and Miss Smoak's puzzles — designed with the four-year old in mind — continue as some of the highlights of other courses.

Foreign Language

Foreign Language has always proven to be a rewarding experience. First year students are taught basic grammar, elementary words, numbers and social amenities. Second year enco passes complex grammar patterns, compositions, and lengthy translations, as well as literature and cultural experiences. A favorite among students and teachers alike is the "cultural day" where each has the opportunity to taste gourmet cooking prepared by fellow classmates and instructors.

Mr. Jerry Harrison

Mr. Denzil Sellers

Fine Arts

The Messiah, TSOP, and life-sized papier-mache paople are some of the outstanding contributions of the Fine Arts Department. The Art Classes keep us ever on guard, for we never know quite what to expect from a peek in the Art room. The Band adds to the spirit and enthusiasm found at the BHS football games, and how Mr. Harrison manages to transform some forty odd babbling mouths into one melody will remain a mystery to us all.

Miss Barbara Hall

Commercial Department

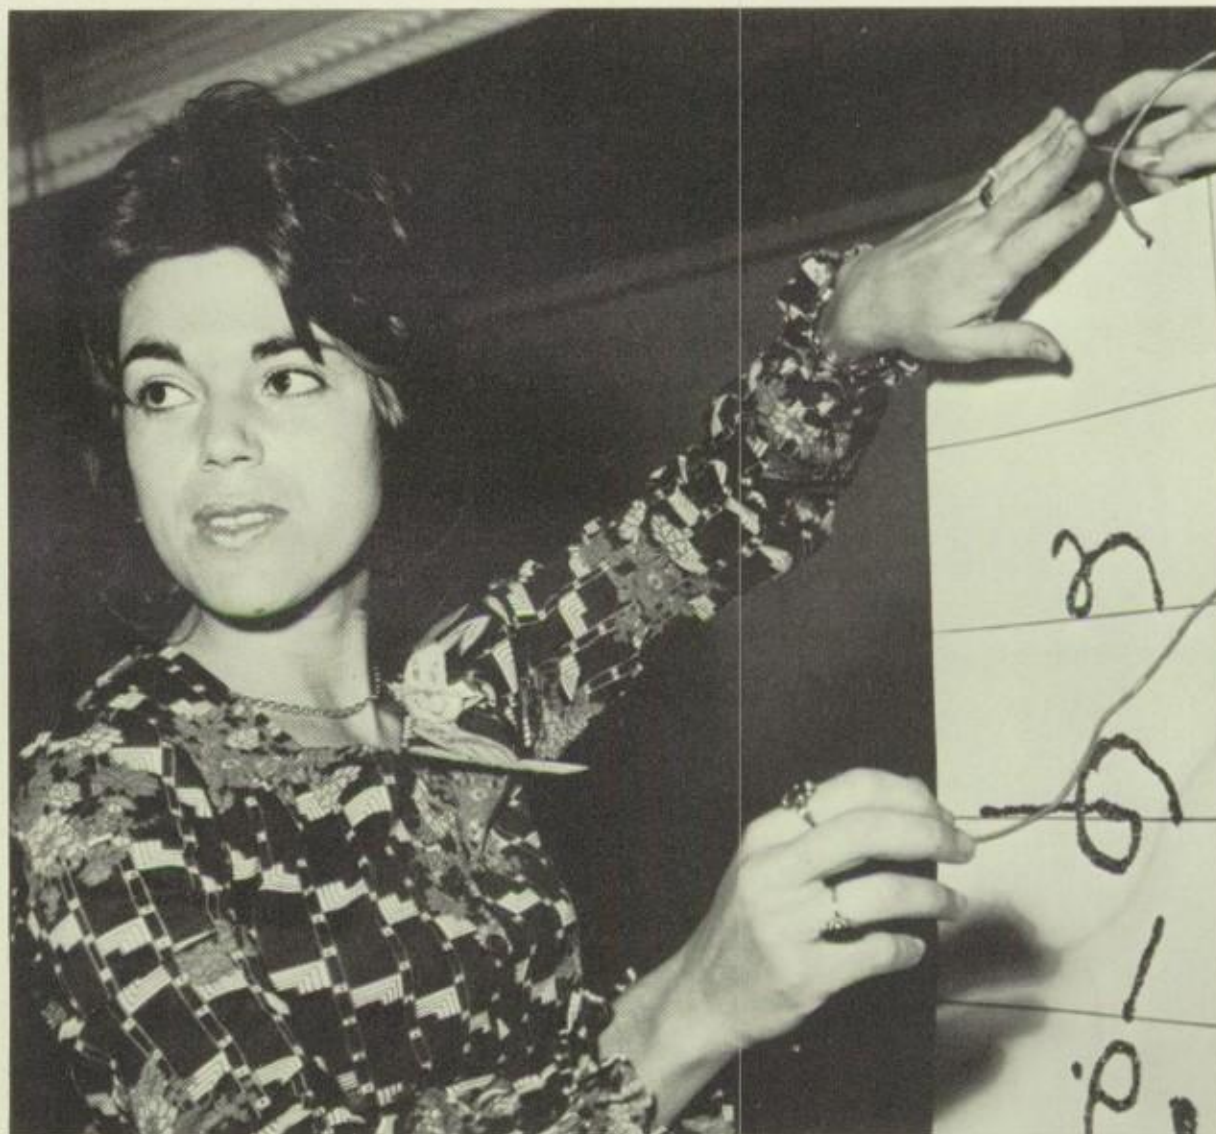

Changing with the times has been the trend in the Commercial Department this year with the addition of the new courses Data Processing. Pending completion of the Vocational-Technical wing, computers will be added so the full benefits of the course may be authorized. Because the use of computers is so widespread in our society today, this course will be a valuable asset for any student. The other courses such as Shorthand, Office Machines, and Accounting make use of up-to-date equipment and help place students in the business world with confidence.

Physical Education

The Physical Education department being no exception to the rule, also has its share of new courses that appeal to students. In years past, P.E. was often dreaded and many students tried to get out of the class; whereas now with courses as golf, tennis, slimnastics, archery and paddle tennis, the P.E. enrollment has reached an all time high. Students once again will have the pleasant memories of the scorching sun, the icy wind, the crowded locker rooms and the cluttered lockers that were all a part of P.E. in 75.

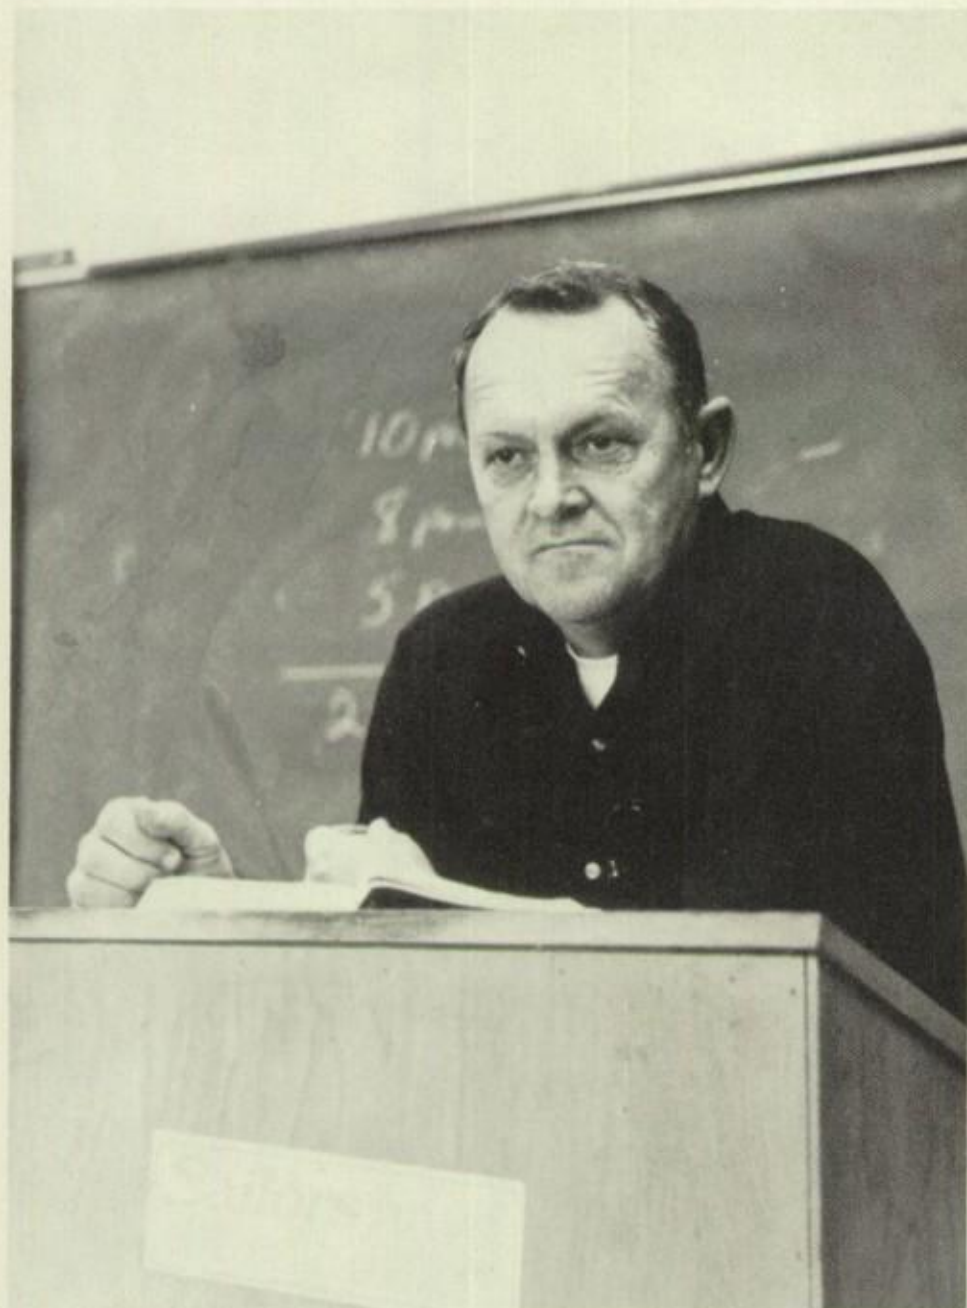

Mr. Jonathan Williams

Miss Essie Sheffield

Driver's Education

Forward and backward come first, then on to parallel parking and the figure-8. Amid confusion of finding the air conditioner in December and the heater in May, the student manages to honk his horn, when the radio commands, "number 4, let me hear your horn!" The driving range is relatively safe; it is the road test that is feared. It seems odd that the right lane has suddenly become narrower with more dips and holes (each one successfully hit) and the speed limit has significantly dropped. The final response is, "All in all you did well except for . . ."

Mr. Paul L. Marshall

Mr. David Barber

Mrs. Maxie Harvey

Technical Department

The Technical Department had another year under the competent leadership of Mr. Roach. Supervising the details of the new Vocational-Technical wing required much time and patience, but the outcome looks very promising indeed. The Technical Department comprises a large portion of the curriculum and is constantly planning for new and better things.

Mr. William M. Roach

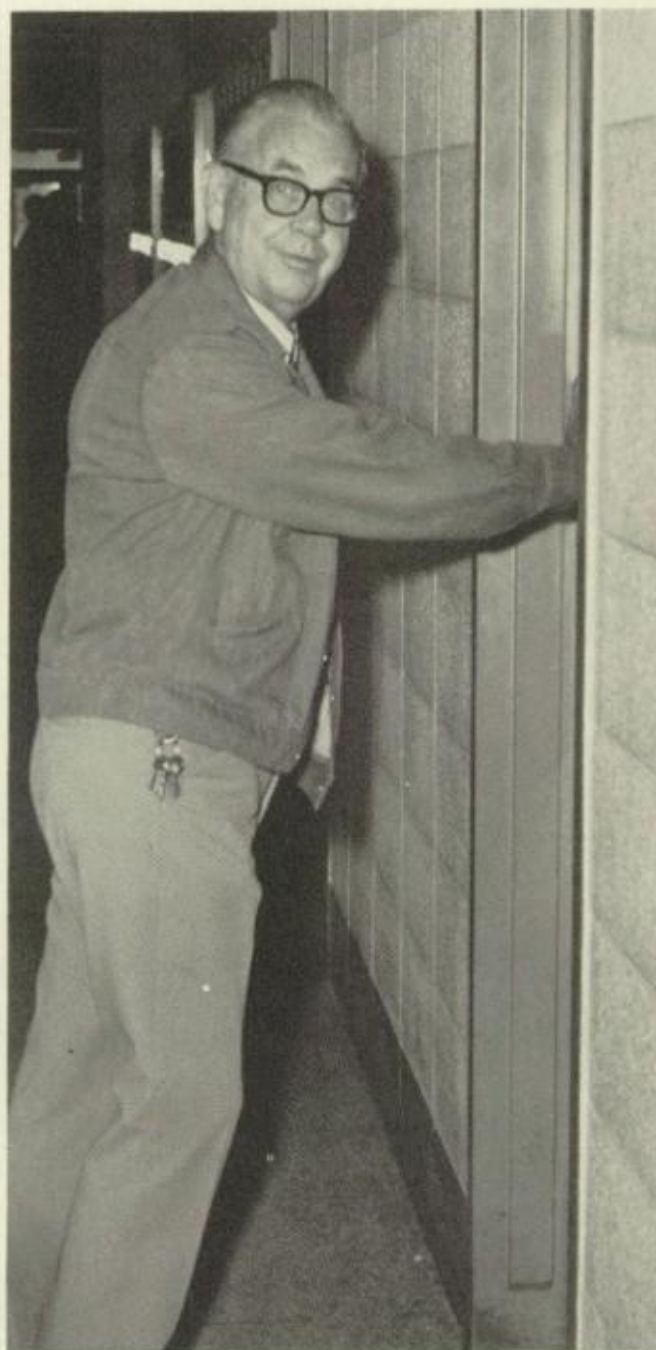

Vocational

The Vocational Department looks to the near future with high hopes. Upon completion of the new Vocational-Technical Wing, the department will double in size. As of now, the majority of the courses are designed for males. Females, however, will be given the chance to reap the benefits of the Vocational classes when the new wing is completed. The curriculum of the department is determined by surveys in our area; the occupations taught are the ones most needed in our community.

The annual home-building project proved a big success this year as the craftsmanship far excelled that of past years. The actual building of a house allows the student an opportunity for experience on a full scale project.

Agriculture

The Agriculture courses give students the chance to "get back to nature," a trend that is being engaged in nationally. The condition of agriculture in the world today will give these students the chance to employ the benefits from the agriculture courses many times over. The rising cost of food is forcing people to look for new and better ideas, some of which the students at BHS may hold the answer to.

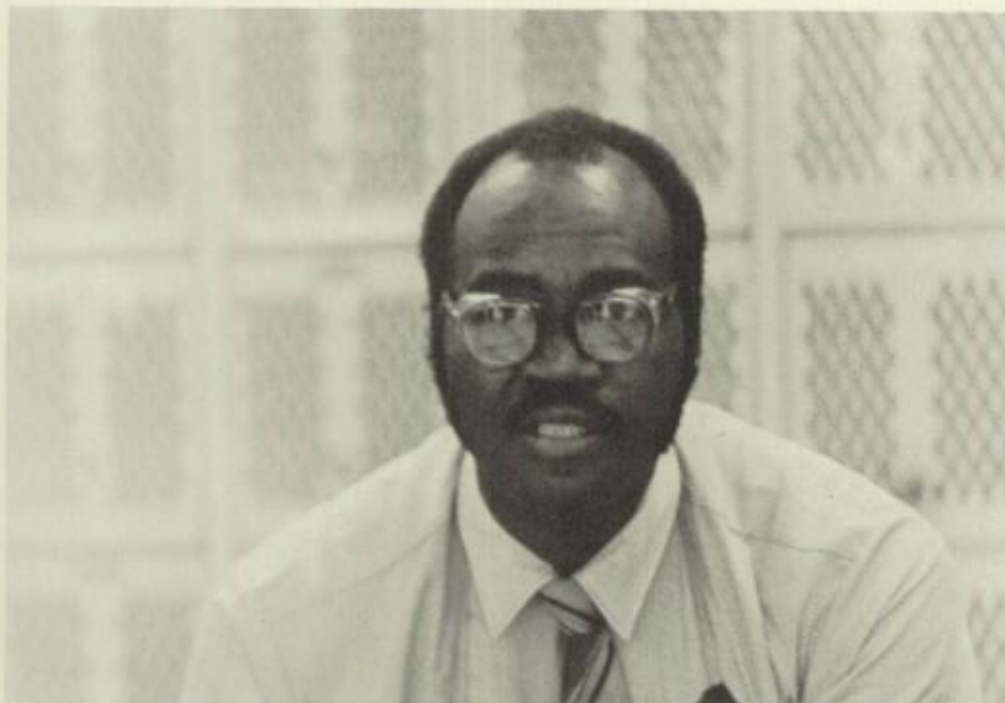

Mr. Don Grinstead

Mr. Linward McDowell

Industrial Arts

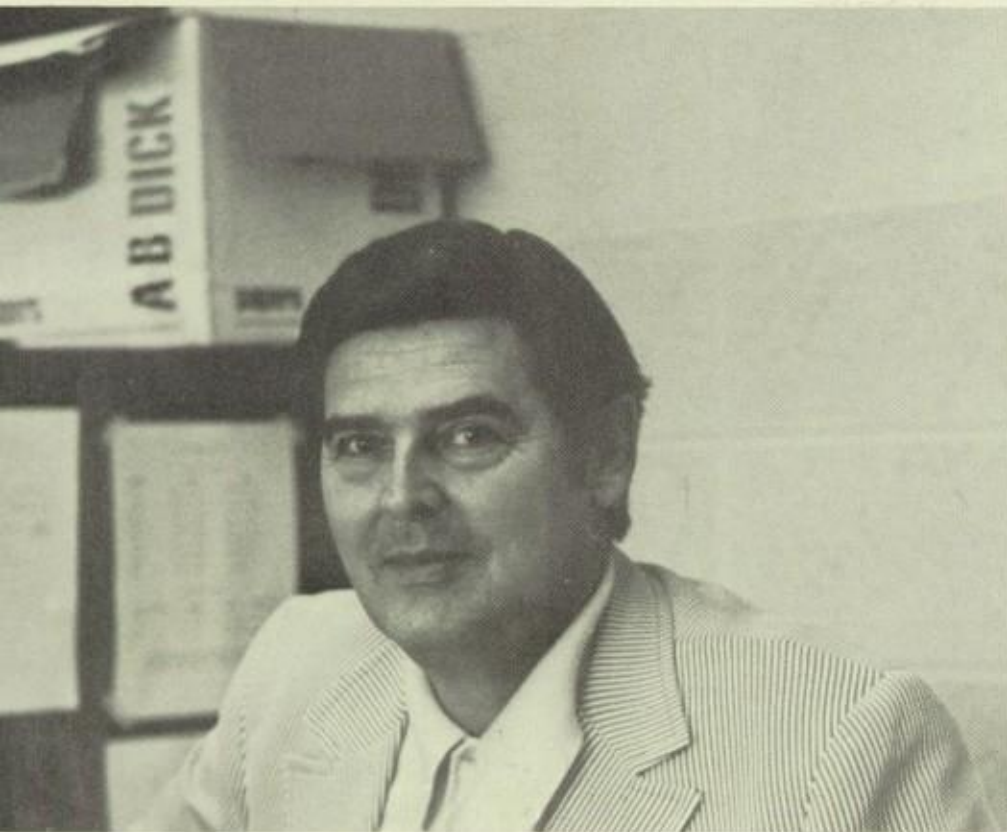

Students work on their own to understand and put to use the tasks of the trade in the Industrial Arts Department. A student is allowed to perform at his own pace and with his Own Skill, giving him a sense of fulfillment when the project is finished. He can look at it and realize that it is something he created and take pride in his endeavors!

Home Economics

The regular sewing and cooking classes offered by the Home Ec. department have been changed by the quarter system. A little spice has been added with cooking becoming "Gourmet Foods," "Bake Shoppe" and other enticing names. Sewing has been divided into "Creative Stitchery," "Let's Sew" and other courses in which students have opportunities to make various articles from bathing suits to evening gowns. "Child Psychology" and "When Should I Marry" give students an insight into their futures and the boys have their own "Bachelor Know-How" class. With these unlimited opportunities the BHS Home Ec students should have a good start in their life to come.

Cafeteria and Custodian

When students pop the question, "What's for lunch?", the answers range from Italian Pizza to down-home fried chicken. The lunchroom ladies spend much time each week preparing menus to suit the student's taste and fulfill the nutrition requirements. The cafeteria staff is rarely appreciated, so we take this time to say thank you; ladies take a bow.

Another group that we should take our hats off to is the custodians. Cleaning up after 1300 students is not an easy job, but their efficiency is astounding. They keep our number one school in tip-top shape.

"We're the SOPHOMORES, we're the best." . . . The first year as a high school student is much the same for everybody . . . driver's education, lost data books, all those clubs to choose from . . . yet the sophomore year holds different memories for each person, different experiences, that once they've slipped by they're gone, to be held by each person and looked back on with laughs . . . "do we really dissect frogs for real?" . . . and smiles . . . "this is only my second week and I've already been lost 16 times." . . . and tears . . .

"Calling all JUNIORS to the floor" . . . between your first day at BHS and your graduation night is a time of peace and enjoyment; it's called your junior year . . . at last, we now have someone to pick on . . . "do you know how much yellow-gold costs?" . . . "it seems like I've heard the name Christopher Columbus before" . . . it's a time for meeting sophomores and growing close to seniors. A junior looks back on his second year in high school and remembers how at ease he was, thinking he had nothing to learn about BHS, only to find there were still so many experiences he had yet to know . . . all the memories he'd have to hold . . . "those sophomore girls sure look better now than they did when they were eighth graders . . ."

Seniors, SENIORS, seniors . . . at last, a senior feels so close to the future, excitement mounts with caps and gowns to be fitted and announcements to be ordered. After two long years at BHS, a senior enters his third year with anticipation of things to come . . . "it's not as much fun going out to lunch when it's not illegal" . . . A senior may look back thinking he has so much behind him, only to look forward and realize he has so much ahead . . . "I've got to make a speech at graduation, what if I cry?" . . . "I've never really listened to our alma mater, it's pretty, huh?" . . . "3 years, 3 years and we finally won, all I can say is it was worth the wait" . . .

The substance in the molecular structure above has been around for millions of years. To almost everyone else it's coal. To Babcock & Wilcox chemists and engineers, there's much more here than meets the eye. Contained within this particular molecular structure of bituminous coal are other fuels for various purposes.

Also, the equation: $\text{Coal} + \text{O}_2 \rightarrow \text{CO} + \text{H}_2$, has been around for the better part of this century. It is the process by which coal is converted to a clean-burning synthetic gas. For homes, for industry. But never has this equation come to mean so much.

We have an abundant source of coal in the U.S. We don't have an over-abundant supply of gas and oil. That leaves us dependent on others for our supply. And that's not good.

Yet the coal gasification process outlined here

is just the tip of the iceberg. For example, at B&W we are exploring the feasibility of developing commercial systems to convert coal to liquid fuels.

Our job is to harness and utilize these processes to the greatest benefit of mankind. And that's where you come in. If you're a high school graduate who leans toward engineering and chemistry, we encourage you to continue your education in these fields. Times will continue to change, and so will the technology needed to meet challenges like energy self sufficiency.

This noble purpose takes dedicated and educated people. We would like to encourage you to become part of our dedicated team some day. And we hope we have encouraged you to that end by telling you a little about our commitment to an excellent goal.

"Design — Build Contractors"

The Investment That Paid Off

Georgia's original purpose was to fulfill Oglethorpe's ideal of a colony of dispossessed people—oppressed religious and economically downtrodden but sincere and hard-working folk. It was an experiment that worked. Many in England predicted disaster: the climate, the Indians, and the Spanish would wipe out Oglethorpe's dream in a year or two at the most. Far from it, coastal Georgia's naval stores, fish, and indigo

made many London merchants rich. The *total investment* by the British Parliament in Georgia, from 1732 to 1752, was £ 136,608, about \$25,000 per year. If that was a "welfare" program, somebody should find out exactly how it worked.

This is another look at the history of Brunswick and the Golden Isles by the bank that's proud of our past and sure of our future . . .

Don't you feel a change a comin'
From another side of time.
Breakin' down the walls of silence,
Liftin' shadows from your mind.
Placing back the missing mirrors
That before you couldn't find,
Filling mysteries of emptiness
That yesterday left behind . . .

And we all know it's better,
Yesterday has past.
Now let's all start livin'
For the one that's going to last.

This old world it needs a paintin'
These old walls are gettin' thin.
There's a lot that needs a fixin'
You can help us all begin.

We'll remove the rust and tarnish
From the hearts of everyone.
Hand in hand we'll stand together
Take a look at what we've done.

We May Never
Pass This Way Again . . .
